

customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with CBP’s programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between CBP and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Final Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: Flood hazard determinations, which may include additions or modifications of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or regulatory floodways on the Flood Insurance Rate Maps (FIRMs) and where applicable, in the supporting Flood Insurance Study (FIS) reports have been made final for the communities listed in the table below. The FIRM and FIS report are the basis of the floodplain management measures that a community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the Federal Emergency Management Agency’s (FEMA’s) National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report are used by insurance agents and others to calculate appropriate flood insurance premium rates for buildings and the contents of those buildings.

DATES: The date of April 7, 2021 has been established for the FIRM and, where applicable, the supporting FIS report showing the new or modified flood hazard information for each community.

ADDRESSES: The FIRM, and if applicable, the FIS report containing the final flood hazard information for each community is available for inspection at the respective Community Map Repository address listed in the tables below and will be available online through the FEMA Map Service Center

at <https://msc.fema.gov> by the date indicated above.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the new or modified flood hazard information for each community listed. Notification of these changes has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

This final notice is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the new or revised FIRM and FIS report available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.

The flood hazard determinations are made final in the watersheds and/or communities listed in the table below.

Federal Emergency Management Agency

[Docket ID: FEMA-2020-0014; OMB No. 1660-0132]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Consolidated FEMA-National Training and Education Division (NTED) Level 3 Training Evaluation Forms

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: 30 Day notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on a reinstatement, with change, of a previously approved information collection for which approval has expired. The reinstatement includes minor changes to survey questions in order for the agency to better assess changes to students' behaviors on the job. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the use of the three separate Kirkpatrick Training Program Evaluation Level 3 instruments by three geographically separated National Training and Education (NTED) Training Organizations: The Training Partners Program Branch (TPP) located at FEMA Headquarters, Washington, DC, the Center for Domestic Preparedness (CDP) located in

Anniston, AL, and the Emergency Management Institute (EMI) located in Emmitsburg, MD.

DATES: Comments must be submitted on or before December 28, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: For any questions, please contact Dalia Abdelmeguid at FEMA-NTES@fema.dhs.gov or via phone 202-431-7739. You may contact the Information Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION:

While these three instruments contain five common questions or data sets, other questions are required due to unique occupational and operational needs of their respective customers and the different course/program content or subject material that is designed to develop interoperable National Preparedness Core Capabilities, Community Lifelines, and/or Recovery Sector capabilities across and among various responder communities. Level 3 data is used to measure and monitor transfer or retention of knowledge, skills and abilities obtained during training to the students' work environment and/or organizational work environment. Data collected is utilized to continuously improve course material, delivery and to inform key stakeholders on course/program performance in accordance with the Government Performance and

Results Act (GPRRA) Modernization Act of 2010 (GPRAMA).

FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of respondents, the estimated burden (*i.e.*, the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

In support of Presidential Policy Directive (PPD-8) National Preparedness, the National Preparedness Goal (NPG) and National Preparedness System (NPS) FEMA's NTED provides program oversight of three geographically separated training organizations: TPP in Washington DC, CDP in Anniston, AL, and EMI in Emmitsburg, MD. These organizations with the National Domestic Preparedness Consortium (NDPC) and the Continuing Training Grant (CTG) members comprise the National Training and Education System (NTES) and are organized to optimize the 6 U.S.C. 748 required National Training Program on behalf of the FEMA Administrator in collaboration with other Federal agencies. Working collectively as a NTES, the training capabilities and capacity of the Nation increase the planning, capability and capacity to design, develop, deliver and evaluate training and education solutions to build sustainable and interoperable National Core Capabilities, Community Lifelines, and Recovery Sectors that prevent, protect, mitigate, respond and recover the Nation from acts of terrorism and natural disasters.
