[Docket No. FR-6191-N-03]

Section 8 Housing Choice Vouchers: Implementation of the Housing Choice Voucher Mobility Demonstration, Extension of Application Due Date

AGENCY: Office of the Assistant Secretary for Public and Indian Housing (PIH), Department of Housing and Urban Development (HUD).

ACTION: Notice of extension of application due date.

SUMMARY: On July 15, 2020, HUD published a notice ("Notice") implementing the Housing Choice Voucher (HCV) mobility demonstration ("demonstration") authorized by the Consolidated Appropriations Act, 2019. Through this Notice, HUD is making available up to \$50,000,000 to participating Public Housing Authorities (PHAs) throughout the country to implement housing mobility programs by offering mobility-related services to increase the number of voucher families with children living in opportunity areas. The Notice established October 13, 2020, as the deadline date for submission of PHA applications and a second **Federal Register** notice extended the submission deadline to December 14, 2020. Today's **Federal Register** publication further extends the deadline date for the submission of applications to February 1, 2021.

DATES: The new application deadline date for the HCV Mobility Demonstration Program is February 1, 2021.

FOR FURTHER INFORMATION CONTACT: Rebecca Primeaux, Director, Housing Voucher Management and Operations Division, Department of Housing and Urban Development, 451 Seventh Street SW, Room 4214, Washington, DC 20410, telephone number (202) 708-1112. (This is not a toll-free number.) Individuals with hearing or speech impediments may access this number via TTY by calling the Federal Relay during working hours at 800-877-8339. (This is a toll-free number). HUD encourages submission of questions about the demonstration be sent to *HCVmobilitydemonstration@hud.gov*.

SUPPLEMENTARY INFORMATION: On July 15, 2020 (85 FR 42890), HUD published its Notice implementing the HCV Mobility Demonstration, and established October 13, 2020, as the deadline date for the submission of applications. Through the Notice, HUD is making available approximately \$50,000,000 for grants to Public Housing Authorities (PHAs) under a demonstration program authorized by statute. On October 8, 2020 (85 FR 63569), HUD published a **Federal Register** notice extending the application deadline to December 14, 2020.

Today's **Federal Register** publication further extends the deadline date for the submission of applications for the HCV Mobility Demonstration program to February 1, 2021. HUD is extending the submission deadline date while HUD considers, in response to questions HUD has received from PHAs, whether and to

what extent PHAs may participate in both the Mobility Demonstration program and the Moving to Work (MTW) expansion program. HUD anticipates publishing another **Federal Register** notice to address this question.

Deadline for Applications

The lead agency shall be responsible for submitting the application to HUD, no later than February 1, 2021. Applications that are submitted after midnight on February 1, 2021, or which fail to include the required elements, will be ineligible for consideration by HUD.

HUD may extend the application deadline for any program if *HUD.gov* systems are offline or not available to applicants for at least 24 hours immediately prior to the deadline date, or if the system is down for 24 hours or longer and that impacts the ability of applicants to cure a submission deficiency within the grace period. HUD may also extend the application deadline upon request if there is a presidentially-declared disaster in the applicant's area. If these events occur, HUD will post a notice on its website establishing the new, extended deadline for the affected applicants.

R. Hunter Kurtz,

Assistant Secretary for Public and Indian Housing.

SUPPLEMENTARY INFORMATION:

Background

The Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), prohibits certain activities with endangered and threatened species unless authorized by a Federal permit. The ESA and our implementing regulations in part 17 of title 50 of the Code of Federal Regulations (CFR) provide for the issuance of such permits and require that we invite public

comment before issuing permits for activities involving endangered species.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

SUPPLEMENTARY INFORMATION:

Introduction

On April 20, 2010, the mobile offshore drilling unit *Deepwater Horizon*, which was being used to drill a well for BP Exploration and

Production, Inc. (BP), in the Macondo prospect (Mississippi Canyon 252–MC252), experienced a significant explosion, fire, and subsequent sinking in the Gulf of Mexico, resulting in an unprecedented volume of oil and other discharges from the rig and from the wellhead on the seabed. The DWH oil spill is the largest offshore oil spill in U.S. history, discharging millions of barrels of oil over a period of 87 days. In addition, well over 1 million gallons

of dispersants were applied to the waters of the spill area in an attempt to disperse the spilled oil. An undetermined amount of natural gas was also released into the environment as a result of the spill.

The Trustees conducted the natural resource damage assessment (NRDA) for the DWH oil spill under the Oil Pollution Act of 1990 (OPA; 33 U.S.C. 2701 *et seq.*). Pursuant to OPA, Federal and State agencies act as trustees on
