

specific *ad valorem* or per-unit assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* or per-unit assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to AD duties.¹¹ We intend to instruct CBP to take into account the "provisional measures deposit cap," in accordance with 19 CFR 351.212(d).

Pursuant to Commerce's practice, for entries that were not reported in the U.S. sales data submitted by Chengen during this review, Commerce will instruct CBP to liquidate such entries at the rate for the China-wide entity.¹²

For the respondents that were not selected for individual examination in this administrative review and that qualified for a separate rate, the assessment rate will be equal to the weighted-average dumping margin determined for Chengen in these final results of review, identified above. We will also instruct CBP to take into account the "provisional measures deposit cap" in accordance with 19 CFR 351.212(d).

For the seven exporters found not to qualify for separate rates that are being treated as part of the China-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 183.36 percent, the current rate established for the China-wide entity, to all entries of subject merchandise during the POR which were exported by those companies.

Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review in the **Federal Register**.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Chengen and other exporters that have been found eligible for a separate rate in this review will be equal to the dumping margin established for Chengen in these final results of review; (2) for previously

investigated or reviewed Chinese and non-Chinese exporters not listed above that have received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate published for the completed segment of the most recent period; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will continue to be 183.36 percent, the China-wide rate determined in the less-than-fair-value investigation; (4) for all non-Chinese exporters of subject merchandise that have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the term of an APO is a violation subject sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: November 23, 2020.

SUMMARY: The Department of Commerce (Commerce) determines that producers and/or exporters subject to this administrative review made sales of subject merchandise at less than fair value (LTFV) during the period of review (POR), December 1, 2017 through November 30, 2018.

DATES: Applicable December 1, 2020.

Background

This review covers 20 producers and exporters of the subject merchandise. Commerce selected two mandatory respondents for individual examination: Conares Metal Supply Ltd. (Conares) and Universal Tube and Plastic Industries, Ltd./THL Tube and Pipe Industries LLC/KHK Scaffolding and Framework LLC (collectively, Universal). The producers and or exporters not selected for individual examination are listed in the “Final Results of the Review” section of this notice.

On February 7, 2020, Commerce published the *Preliminary Results*.¹ In April and June 2020, the petitioners,² Nucor Tubular Products Inc., Conares, and Universal, submitted case and rebuttal briefs. On April 23, 2020, we postponed the final results until June 8, 2020.³ On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days.⁴ On July 21, 2020, Commerce tolled all preliminary and final deadlines in administrative reviews by an additional 60 days, thereby extending the deadline for these results until November 23, 2020.⁵

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is welded carbon-quality steel pipes and tube, of circular cross-section, with an outside diameter not more than nominal 16 inches (406.4 mm), regardless of wall thickness, surface finish, end finish, or industry specification, and generally known as standard pipe, fence pipe and tube, sprinkler pipe, or structural pipe (although subject product may also be referred to as mechanical tubing). The products subject to this order are currently classifiable in Harmonized Tariff Schedule of the United States (HTSUS) statistical reporting numbers 7306.19.1010, 7306.19.1050, 7306.19.5110, 7306.19.5150, 7306.30.1000, 7306.30.5015, 7306.30.5020, 7306.30.5025, 7306.30.5032, 7306.30.5040, 7306.30.5055, 7306.30.5085, 7306.30.5090, 7306.50.1000, 7306.50.5030, 7306.50.5050, and 7306.50.5070. Although the HTSUS numbers are provided for convenience and for customs purposes, the written product description remains dispositive.⁶

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are listed in the Appendix to this notice and addressed in the Issues and Decision

Memorandum. Interested parties can find a complete discussion of these issues and the corresponding recommendations in this public memorandum, which is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made certain changes to the preliminary weighted-average margin calculations for Universal and for those companies not selected for individual review.⁷

Final Results of the Review

We are assigning the following weighted-average dumping margins to the firms listed below for the period December 1, 2017 through November 30, 2018:

Exporter/producer	Weighted-average dumping margin (percent)

⁸ This rate is based on the simple average of the margins calculated for those companies selected for individual review. Because we cannot apply our normal methodology of calculating a weighted-average margin due to requests to protect business proprietary information, we find this rate to be the best proxy of the actual weighted-average margin determined for the mandatory respondents. We intend to disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), where Conares and Universal reported the entered value of their U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the companies which were not selected for individual review, we will assign an assessment rate based on the average¹⁰ of the cash deposit rates calculated for Conares and Universal. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results

⁹ We collapsed Ajmal Steel Tubes and Pipes Ind. L.L.C. and Noble Steel Industries L.L.C. together in the final results of the 2016–2017 administrative review. See *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Final Results of Antidumping Duty Administrative Review; 2016–2017*, 84 FR 44845 (August 27, 2019).

¹⁰ This rate was calculated as discussed in footnote 8.

of this review and for future deposits of estimated duties, where applicable.¹¹

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this administrative review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for each specific company listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated companies not subject to this review, the cash deposit will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is,

¹¹ See section 751(a)(2)(C) of the Act.

then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 3.14 percent, the all-others rate established in the LTFV investigation.¹² These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations

and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Wooden Cabinets and Vanities and Components Thereof From the People's Republic of China: Initiation of Antidumping Duty New Shipper Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) has determined that a request for a new shipper review (NSR) of the antidumping duty order on wooden cabinets and vanities and components thereof (wooden cabinets and vanities) from the People's Republic of China (China) meets the statutory and regulatory requirements for initiation. The period of review (POR) for the NSR is April 1, 2020 through September 30, 2020.

DATES: Effective December 1, 2020.

FOR FURTHER INFORMATION CONTACT: Jacob Keller, AD/CVD Operations Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401

Constitution Avenue NW, Washington, DC 20230; Telephone: (202) 482-4849.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the *Order* on wooden cabinets and vanities on April 21, 2020.¹ On October 30, 2020, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(c), Commerce received a timely NSR request from Dalin Hualing Wood Co., Ltd. (Hualing).²

In its submission, Hualing certified that it is the exporter of the subject merchandise subject to this NSR request.³ Pursuant to section 751(a)(2)(B)(i)(I) of the Act and 19 CFR 351.214(b)(2)(ii)(A), Hualing certified that it did not export wooden cabinets and vanities to the United States during the period of investigation (POI).⁴ Additionally, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), Hualing certified that, since the initiation of the investigation, it has not been affiliated with any producer or exporter that exported wooden cabinets and vanities to the United States during the POI, including those not individually examined during the investigation.⁵ As required by 19 CFR 351.214(b)(2)(iii)(B), Hualing also certified that its export activities are not controlled by the central government of China.⁶ Further, Hualing stated that it has not made subsequent shipments of subject merchandise during the POR.⁷

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(iv), Hualing submitted documentation establishing the following: (1) The date on which it first shipped subject merchandise for export to the United States; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.⁸

Commerce conducted a query of U.S. Customs and Border Protection (CBP) data and confirmed that Hualing's subject merchandise entered the United

States for consumption and that liquidation of such entries had been properly suspended for antidumping duties. The CBP data that Commerce examined are consistent with information provided by Hualing in its NSR request. In particular, the CBP data confirm the price and quantity reported by Hualing for the sale that forms the basis of its NSR request.⁹

Period of Review

In accordance with 19 CFR 351.214(g)(1)(i)(B), the POR for an NSR initiated in the month immediately following the semiannual anniversary month will be the six-month period immediately preceding the semiannual anniversary month. Therefore, the POR for this NSR is April 1, 2020, through September 30, 2020.

Initiation of NSR

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(b), and based on the information on the record, we find that Hualing's NSR request meets the threshold requirements for initiation of an NSR of its shipment(s) of wooden cabinets and vanities to the United States.¹⁰ However, if the information supplied by Hualing is later found to be incorrect or insufficient during the course of this NSR, Commerce may rescind the review or apply adverse facts available, pursuant to section 776 of the Act, as appropriate. Pursuant to 19 CFR 351.221(c)(1)(i), Commerce will publish the notice of initiation of an NSR no later than the last day of the month following the anniversary or semiannual anniversary month of the order. Commerce intends to issue the preliminary results of this review no later than 180 days from the date of initiation, and the final results of this review no later than 90 days after the date the preliminary results are issued.¹¹

It is Commerce's practice in cases involving non-market economies to require that a company seeking to establish eligibility for an antidumping duty rate separate from the country-wide rate (*i.e.*, separate rate) provide evidence of *de jure* and *de facto* absence of government control over the company's export activities.¹²
