#### Certain Oil Country Tubular Goods From the People’s Republic of China: Continuation of the Antidumping and Countervailing Duty Orders

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) and the International Trade Commission (ITC) have determined that revocation of the antidumping duty (AD) and the countervailing duty (CVD) orders on certain oil country tubular goods (OCTG) from the People’s Republic of China (China) would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States. Therefore, Commerce is publishing a notice of continuation of the AD and CVD orders.

**DATES:** Applicable December 3, 2020.

**FOR FURTHER INFORMATION CONTACT:** Moses Song or Natasia Harrison (AD Order), AD/CVD Operations, Office VI, or Dusten Hom or Mary Kolberg (CVD Order), AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–7885, (202) 482–1240, (202) 482–5075, or (202) 482–1785, respectively.

year (sunset) reviews of the AD and CVD orders on OCTG from China,<sup>3</sup> pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* on OCTG from China would likely lead to continuation or recurrence of dumping and countervailable subsidies. Therefore, Commerce notified the ITC of the magnitude of the margins of dumping and the subsidy rates likely to prevail should the *Orders* be revoked, pursuant to sections 751(c)(1) and 752(b) and (c) of the Act.<sup>4</sup>

On November 27, 2020, the ITC published its determination that revocation of the *Orders* on OCTG from China would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, pursuant to section 751(c) of the Act.<sup>5</sup>

#### Scope of the Orders

The scope of these orders consists of certain OCTG, which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (*e.g.*, whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished (including limited service OCTG products) or unfinished (including green tubes and limited service OCTG products), whether or not thread protectors are attached. The scope of these orders also covers OCTG coupling stock. Excluded from the scope of these orders are casing or tubing containing 10.5 percent or more by weight of chromium; drill pipe; unattached couplings; and unattached thread protectors.
