

Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Agricultural Statistics Service

Title: Fruits, Nut, and Specialty Crops.

OMB Control Number: 0535–0039.

Summary of Collection: The primary function of the National Agricultural Statistics Service (NASS) is to prepare and issue current official state and national estimates of crop and livestock production. Estimates of fruit, tree nuts, and specialty crops are an integral part of this program. These estimates support the NASS strategic plan to cover all agricultural cash receipts. The authority to collect these data activities is granted under U.S. Code title 7, Section 2204(a). Information is collected on a voluntary basis from growers, processors, and handlers through surveys.

Need and Use of the Information: Data reported on fruit, nut, and specialty crops are used by NASS to estimate crop acreage, yield, production, utilization, price, and value in States with significant commercial production. These estimates are essential to farmers, processors, importers and exporters, shipping companies, cold storage facilities and handlers in making production and marketing decisions. Estimates from these inquiries are used by market order administrators in their determination of expected crop supplies under federal and State market orders.

Description of Respondents: Farms; Business or other for-profit.

Number of Respondents: 74,410.

Frequency of Responses: Reporting: On occasion; Annually; Semi-annually; Quarterly; Monthly; Weekly.

Total Burden Hours: 31,603.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

December 1, 2020.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency’s estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by January 4, 2021 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: Salmonella Initiative Program.

OMB Control Number: 0583–0154.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*). These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome, unadulterated, and

properly labeled and packaged. The Salmonella Initiative Program (SIP) offers incentives to meat and poultry slaughter establishments to control Salmonella in their operations. SIP benefits public health because it encourages establishments to test for microbial pathogens, which is a key feature of effective process control.

Need and Use of the Information: Under SIP, establishments will share their data with the Food Safety and Inspection Service (FSIS); this will help the Agency in formulating its policy. Establishments that want to enter SIP must send a protocol to FSIS informing the Agency about their plans for implementing SIP in their establishment, including data collection, objectives and methods of evaluating the new technology for which they are receiving the regulator waiver.

Description of Respondents: Business or other for-profit.

Number of Respondents: 79.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 17,628.

Forest Service

Coconino and Tonto National Forests; Arizona; Fossil Creek Wild and Scenic River Comprehensive River Management Plan

AGENCY: Forest Service, USDA.

ACTION: Notice of opportunity to object to the Fossil Creek Wild and Scenic River Comprehensive River Management Plan, Forest Plan Amendments, Final Environmental Impact Statement and Draft Record of Decision.

SUMMARY: The Coconino and Tonto National Forests, located in Arizona, have prepared a Comprehensive River Management Plan (CRMP) for the Fossil Creek Wild and Scenic River. Significant programmatic forest plan amendments to the Coconino and Tonto National Forests land management plans, to incorporate management direction from the CRMP have also been prepared for the Fossil Creek Wild and Scenic River. Because the project includes two separate decisions, this notice initiates two separate but concurrent pre-decisional objection
