[Investigation No. 332–581]

Monitoring of Fresh or Chilled Strawberries

AGENCY: International Trade Commission.

ACTION: Notice of investigation and scheduling of a public hearing.

SUMMARY: Following receipt on November 4, 2020, of a request from the U.S. Trade Representative (USTR), the Commission instituted Investigation No. 332–581, Monitoring of Fresh or Chilled Strawberries, under the Tariff Act of 1930 for the purpose collecting and analyzing information that would expedite an investigation under the Trade Act of 1974 (the U.S. global safeguard law). For purposes of this investigation, the fresh or chilled strawberries are those provided for in subheading 0810.10 of the Harmonized Tariff Schedule of the United States (HTS).

DATES: December 7, 2020; Commencement of monitoring.

ADDRESSES: All Commission offices, including the Commission’s hearing rooms, are located in the U.S. International Trade Commission Building, 500 E Street SW, Washington, DC. All written submissions should be submitted electronically and addressed to the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. The public record for this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: On October 6, 2020, the Florida Fruit and Vegetable Association, the Florida Strawberry Growers Association, and the Florida Farm Bureau requested that U.S. imports of strawberries be monitored under the perishable agricultural product provisions of section 202(d)(1) of the Trade Act (19 U.S.C. 2252(d)(1)). In response to that request, the USTR determined that imports of strawberries satisfy the requirements of section 202(d)(1)(A) of the Trade Act.

Accordingly, in accordance with section 202(d)(1)(B) of the Trade Act, the USTR requested, under section 332(g) of the Tariff Act of 1930, that the Commission monitor and investigate imports of fresh or chilled strawberries, provided for in subheading 0810.10 of the HTS. He further requested that the monitoring and investigation include the collection and analysis of information that would expedite an investigation under section 202(b) of the Trade Act. He further stated that the product in question consists of all imports that fall within the product

description under the above HTS subheading.

Section 202(d)(1)(C) of the Trade Act provides procedures under which domestic producers of a perishable agricultural product may, in a petition filed under section 202(a) of the Trade Act, request provisional relief. Under those procedures, if the Commission has monitored imports of the article for at least 90 days, the domestic industry may, in such a petition, request a preliminary determination and provisional relief pending completion of a full Commission investigation. Should that occur, the Commission would have 21 days, from the day on which the request was received, to make a preliminary injury determination, and if in the affirmative, to recommend provisional relief to the President.

Public Hearing: No public hearing is planned at this time in connection with this investigation. However, should a public hearing or conference be scheduled, the Commission will publish a notice in the **Federal Register** and post information about the hearing on the Commission's website at (https://usitc.gov/research_and_analysis/what_we_are_working_on.htm).
