

assigned the petition Docket Number FRA–2020–0092.

Specifically, SEPTA requests relief from 49 CFR 238.131, *Exterior side door safety systems—new passenger cars and locomotives used in passenger service*, and 49 CFR 238.133, *Exterior side door safety systems—all passenger cars and locomotives used in a passenger service*, as they pertain to the exterior side door safety system interface with the Siemens ACS–64 “Sprinter” electric locomotives. SEPTA notes the ACS–64 “Sprinter” locomotive uses similar operating controls and software to the SC–44 “Charger” diesel-electric locomotives, for which FRA granted relief in Docket Number FRA–2018–0029.

SEPTA proposes installing similar software in the ACS–64 locomotives, as that developed for the SC–44, to allow such locomotives to be operated in “Yard Mode.” When “Yard Mode” is activated, it allows low speed operation of the locomotive without activating the door by-pass device. The “Yard Mode” software monitors the door summary circuit trainline, along with other trainlines and locomotive operating parameters, determining whether the locomotive is operating in a lite consist (locomotives only) or a passenger car consist. This solution involves multi-step software verification along with multiple deliberate acts and confirmations by an operator to enable “Yard Mode.” When “Yard Mode” is active, the locomotive may not be operated above 10 miles per hour.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Website:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202–493–2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation (DOT), 1200 New Jersey Ave., SE, W12–140, Washington, DC 20590.

- *Hand Delivery:* 1200 New Jersey Ave. SE, Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by January 25, 2021 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA–2020–0091]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System

Under part 235 of title 49 Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that on November 19, 2020, the National Railroad Passenger Corporation (Amtrak) petitioned the Federal Railroad Administration (FRA) seeking approval to discontinue or modify a signal system. FRA assigned the petition Docket Number FRA–2020–0091.

Applicant: National Railroad Passenger Corporation, Nicholas J. Croce III, PE, Deputy Chief Engineer, C&S, 2995 Market Street, Philadelphia, PA 19104

Specifically, Amtrak requests permission to convert approximately 6 miles of its cab signal and fixed automatic block signal system to a signal system having cab signals without fixed automatic block signals,

operated under NORAC Rule 562, on Amtrak’s Mid-Atlantic Division, Main Line Philadelphia to Washington, Northeast Corridor, between Landover interlocking located at milepost (MP) 128.8, Landover, Maryland, and CP Avenue located at MP 134.6, Washington, DC. Amtrak is the owner and operator of this line. Maryland Area Regional Commuter Train Service, Norfolk Southern Railway, and CSX Transportation operate on portions of this line as tenants with trackage rights. All tenants have concurred with the application.

The changes proposed are to remove the wayside signals on Tracks No. 2 and No. 3 at automatic block points 1298, 1307, 1323/1324, and 1338/1339. All locations will remain in service as a block point without wayside signals.

The reason for removal of the signals is to eliminate maintenance and operation of unnecessary hardware and to reduce delays to trains caused by failures of the signals.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Website:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202–493–2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation (DOT), 1200 New Jersey Ave. SE, W12–140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Ave. SE, Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by January 25, 2021 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable. Anyone can search the electronic form of any written communications and comments received into any of our dockets by the

name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2020-0090]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System

Under part 235 of title 49 Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that on November 19, 2020, the National Railroad Passenger Corporation (Amtrak) petitioned the Federal Railroad Administration (FRA) seeking approval to discontinue or modify a signal system. FRA assigned the petition Docket Number FRA-2020-0090.

Applicant: National Railroad Passenger Corporation, Nicholas J. Croce III, PE, Deputy Chief Engineer, C&S, 2995 Market Street, Philadelphia, PA 19104.

Specifically, Amtrak requests permission to convert approximately 3 miles of its cab signal and fixed automatic block signal system to a signal system having cab signals without fixed automatic block signals, operated under NORAC Rule 562, on Amtrak's Mid-Atlantic Division, Main Line Philadelphia to Washington, Northeast Corridor, between Bush interlocking located at milepost (MP) 71.6, in Perryman, Maryland, and Wood interlocking located at MP 75.3, in Edgewood, Maryland. Amtrak is the owner and operator of this line. Maryland Area Regional Commuter Train Service and Norfolk Southern Railway operate on portions of this line as tenants with trackage rights. Both have concurred with the application.

The changes proposed are to remove the wayside signals on Tracks No. 2 and No. 3 at automatic block points 733 and 744. Both locations will remain in service as a block point without wayside signals.

The reason for removal of the signals is to eliminate maintenance and operation of unnecessary hardware and to reduce delays to trains caused by failures of the signals.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2020-0091; Notice 1]

Mercedes-Benz USA, LLC, Receipt of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: Mercedes-Benz AG (“MBAG”) and Mercedes-Benz USA, LLC, (“MBUSA”) (collectively, “Mercedes-Benz”) have determined that certain model year (MY) 2019–2021 Mercedes-Benz motor vehicles do not fully comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 135, *Light Vehicle Brake Systems*. Mercedes-Benz filed a noncompliance report dated August 14, 2020. Mercedes-Benz subsequently petitioned NHTSA on September 4, 2020, for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety. This notice announces receipt of Mercedes-Benz’s petition.

DATES: Send comments on or before January 11, 2021.

ADDRESSES: Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket and notice number cited in the title of this notice and submitted by any of the following methods:

- *Mail:* Send comments by mail addressed to the U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.
- *Hand Delivery:* Deliver comments by hand to the U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except for Federal holidays.
