Notice of Intent To Prepare an Environmental Assessment and Resource Management Plan Amendment, for the Yerington Anaconda Mine Site Disposal, Lyon County, Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended (FLPMA), the United States Department of the Interior, Bureau of Land Management (BLM) Sierra Front Field Office, Carson City, Nevada, intends to prepare an Environmental Assessment (EA) and Land Use Plan Amendment (LUPA) to the current 2001 Carson City Resource Management Plan (CRMP) to analyze the potential impacts of approving the direct sale of surface and mineral estates of 2,062 acres of public lands to Atlantic Richfield Corporation (ARC) in Lyon County, Nevada. This notice announces the beginning of the scoping process to solicit public comments and identify issues to be considered in the EA.

DATES: This notice initiates the public scoping process for the EA. Comments on issues to be considered in the EA may be submitted in writing until January 11, 2021. Comments must be received prior to the close of the scoping period for the BLM to include them in the EA. The BLM will provide

additional opportunities for public participation upon publication of the EA.

ADDRESSES: You may submit comments related to the ARC project by any of the following methods:

- *Email:* gbuma@blm.gov; include “Anaconda Disposal Project EA Comments” in the subject line.

- *Mail:* BLM, Sierra Front Field Office, attn. Gerrit Buma, 5665 Morgan Mill Road, Carson City, Nevada 89701.

FOR FURTHER INFORMATION CONTACT: For questions about the proposed ARC project, contact Mr. Gerrit Buma, Planning and Environmental Coordinator at: 775–885–6004, 5665 Morgan Mill Road, Carson City, Nevada 89701, or by email to: gbuma@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The BLM intends to prepare an EA and LUPA to the CRMP to analyze the potential impacts of approving the direct sale of 2,062 acres of public lands to ARC in Lyon County, Nevada. The BLM anticipates publishing an EA for the Yerington Anaconda Mine Site Disposal in early 2021. This document would be available for a 30-day public comment period.

The EA will evaluate a request from ARC for a direct sale of public lands associated with the Anaconda Mine site near the town of Yerington in Lyon County, Nevada, as provided for in Section 203(f) of FLPMA. ARC’s purpose for this request is to consolidate land ownership, both the surface and mineral estate, to facilitate better management of the Anaconda Mine site remediation. The BLM must amend the 2001 CRMP to ensure all lands within the designated 2,062 acres are suitable for disposal to the private sector. By this notice, the BLM is complying with the requirements in 43 CFR 1610.2(c) to notify the public of potential amendments to the 2001 CRMP. The BLM will integrate the land use planning process with the NEPA analysis process for this project. A Notice of Realty Action will be prepared for publication upon the publication of this notice. The project website can be found at <https://go.usa.gov/xdVfj>.

The lands to be identified as suitable for disposal under this Notice are legally described as follows:

Notice of Realty Action: Recreation and Public Purposes Act Classification and Conveyance of Public Land in Sevier County, Utah

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Notice of Realty Action (NORA) announces the Bureau of Land Management (BLM) proposes to patent 154.694 acres of public land in Sevier County, Utah, to Sevier County for the expansion of the Sevier County landfill.

DATES: Interested parties may submit comments regarding this classification and conveyance of public land on or before January 25, 2021.

ADDRESSES: Comments may be submitted by mail to the Richfield Field Office, 150 East 900 North, Richfield, Utah, 84701 or by email to BLM_UT_RF_Comments@blm.gov, with a subject line of "Sevier County NORA comment." See "Classification Comments" and "Application Comments" portions of this notice for specifics regarding subjects open to comments. Project information is available for review at <https://go.usa.gov/xvjmr> or by contacting the Richfield Field Office at the above address or at (435) 896-1500.

FOR FURTHER INFORMATION CONTACT: Michael Utlej, Realty Specialist, at mutley@blm.gov or (435) 896-1515. Persons who use a telecommunications device for the deaf may call the Federal Relay Service (FRS) at 1-800-877-8339 to leave a message or question for the above individual. The FRS is available 24 hours a day, 7 days a week. Replies are provided during normal business hours.

SUPPLEMENTARY INFORMATION: In accordance with Section 7 of the Taylor Grazing Act and Executive Order No. 6910, as amended, the BLM examined certain public lands in Sevier County, Utah, and found them suitable for classification for conveyance to Sevier County under the provisions of the Recreation and Public Purposes (R&PP) Act, as amended., 43 U.S.C. 869 *et seq.*; Sec. 7 of the Taylor Grazing Act, 43 U.S.C. 315(f).

Sevier County submitted a statement in compliance with the regulations at 43 CFR 2741.4(b), and proposes to use the lands for expansion of the existing Sevier County landfill. The lands consist of 154.694 acres, must conform to the official plat of survey, and are legally described below. Sevier County has not applied for more than the 6,400-acre limitation for recreation uses in a year (or 640 acres if a nonprofit corporation or association), nor more than 640 acres for each of the programs involving public resources other than recreation. The lands examined and identified as suitable for lease or conveyance under the R&PP Act are legally described as:

Salt Lake Meridian, Utah

T. 22 S., R. 1 W.,

Sec. 34, SW $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$ and W $\frac{1}{2}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$.

T. 23 S., R. 1 W.,

Sec. 4, S $\frac{1}{2}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$;

Sec. 9, lots 16 and 19, NW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$ NE $\frac{1}{4}$, and SW $\frac{1}{4}$ SW $\frac{1}{4}$ NE $\frac{1}{4}$.

The areas described aggregate 154.694 acres.

The lands are not needed for any Federal purposes.

Lease or conveyance of the lands for recreational or public purposes use is in conformance with the BLM Richfield Field Office Resource Management Plan, approved in October 2008, and would be in the public's interest. The BLM analyzed the parcel in a site-specific environmental assessment (EA) numbered DOI-BLM-UT-C020-2018-0039-EA. The EA has been published on the project's ePlanning site at <https://go.usa.gov/xvjmr>.

The conveyance of these parcels will not result in the loss of recreational access to adjacent lands in accordance with Secretary's Order 3373, Evaluating Public Access in Bureau of Land Management Public Land Disposals and Exchanges. There are no anticipated impacts to recreational access to adjacent lands from the conveyance because the existing roads will either be retained in place or rerouted by Sevier County. Because of this, access will continue to be provided to the public lands both north and south of the two conveyance parcels.

All interested parties will receive a copy of this notice once it is published in the **Federal Register**. A copy of the **Federal Register** notice with information about this proposed realty action will publish in a newspaper of local circulation once a week for three consecutive weeks. The regulations at 43 CFR subpart 2741 addressing requirements and procedures for conveyances under the R&PP Act do not require a public meeting. Upon publication of this notice in the **Federal Register**, the lands will be segregated from all other forms of appropriation under the public land laws, including locations under the mining laws, except for lease or conveyance under the R&PP Act and leasing under the mineral leasing laws.

The lease or conveyance of the land, when issued, will be subject to the following terms, conditions, and reservations:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945).

2. Provisions of the R&PP Act and to all applicable regulations of the Secretary of the Interior.

3. All mineral deposits in the land so patented, and the right to prospect for, mine, and remove such deposits from the same under applicable law and regulations as established by the Secretary of the Interior are reserved to the United States, together with all necessary access and exit rights.

4. Lease or conveyance of the parcel is subject to valid existing rights of record.

5. An appropriate indemnification clause protecting the United States from claims arising out of the lessee's/patentee's use, occupancy, or occupations on the leased/patented lands.

6. A limited reversionary provision stating the title shall revert to the United States upon a finding, after notice and opportunity for a hearing, that the patentee has not substantially developed the lands in accordance with the approved plan of development on or before the date five years after the date of conveyance. No portion of the land shall under any circumstance revert to the United States if any such portion has been used for solid waste disposal, or for any other purpose, which may result in the disposal, placement, or release of any hazardous substance.

7. The lessee/patentee shall comply with all Federal and State laws applicable to the disposal, placement, or release of hazardous substances.

8. Any other reservations the authorized officer determines appropriate to ensure public access and proper management of Federal lands and interests therein.

Classification Comments: Interested persons may submit comments involving the classification and suitability of the land for expansion and development of the existing landfill. Additionally, interested persons may submit comments regarding the specific use proposed in the application and plan of development and management, and whether the BLM followed proper administrative procedures in considering the decision to lease and convey under the R&PP Act.

Application Comments: Interested persons may submit comments regarding the specific use proposed in the application and plan of development and management, and whether the BLM followed proper administrative procedures in considering the decision to lease and convey under the R&PP Act.

Any adverse comments will be reviewed by the BLM Utah State Director or other authorized official of

the Department of the Interior, who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, the classification will become effective on February 9, 2021. The lands will not be offered for lease or conveyance until after the classification becomes effective.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee we will be able to do so.

Notice of Temporary Closure and Temporary Restrictions of Selected Public Lands in La Paz County, AZ

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of temporary closure and restrictions.

SUMMARY: As authorized under the provisions of the Federal Land Policy and Management Act of 1976, as amended, notice is hereby given that temporary closures and temporary restrictions of activities will be in effect on public lands administered by the Lake Havasu Field Office, Bureau of Land Management (BLM), to minimize the risk of potential collisions with spectators and racers during the annual Best In The Desert (BITD) off-highway vehicle (OHV) race events, Parker 250 and Parker 425, authorized under a Special Recreation Permit (SRP).

DATES: This notice is effective upon publication. The temporary restrictions for the Parker 425 take effect at noon, January 13, 2021, through 11:59 p.m., January 16, 2021. The temporary closure for the Parker 425 takes effect at 7 a.m., January 15, 2021, through 11:59 p.m., January 16, 2021.

The temporary restrictions for the Parker 250 take effect at noon, February 17, 2021, through 11:59 p.m., February 20, 2021. The temporary closure for the

Parker 250 takes effect at 8 a.m., February 19, 2021, through 11:59 p.m., February 20, 2021. All times are listed in local time.

FOR FURTHER INFORMATION CONTACT:

Jason West, Field Manager, BLM Lake Havasu Field Office, 1785 Kiowa Avenue, Lake Havasu City, Arizona 86403, 928-505-1200. Also see the Lake Havasu Field Office website: <https://www.blm.gov/office/lake-havasu-field-office>. Persons who use a telecommunications device for hearing impaired (TDD) may call the Federal Relay Service (FRS) at 800-877-8339 to contact the above individual during normal business hours. FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: On January 6, 2015, the Decision Record authorizing the BITD Parker Races SRP was signed. This permit authorizes the BITD to utilize the Parker 400 course for the Parker 425 race event on January 13 through 16, 2021, and for the Parker 250 race event on February 18 through 20, 2021. The permit is authorized from 2015 through 2024. The Environmental Assessment analyzing these routes (EA #DOI-BLM-AZ-C030-2014-0040) concluded that allowing permitted motorized racers exclusive use of the Lake Havasu Field Office Record of Decision/Approved Resource Management Plan (2007) designated Parker 400 course would mitigate safety concerns. These routes receive the most intense and concentrated high-speed use during the two annual permitted events.

These temporary closures and restrictions affect public lands in and around the Parker 400 course near the communities of Parker and Bouse in La Paz County, Arizona. The temporary restriction areas are shown on the maps entitled “Parker 425 Map” and “Parker 250 Map” found at <http://go.usa.gov/xjF8u>.

The temporary closures and restrictions are necessary because of the high-speed nature of the race event and the added safety concerns due to limited visibility when there is no daylight. Roads leading into the public lands under the temporary closure and restrictions will be posted with copies of the temporary closure, temporary restrictions, and associated maps to notify the public. The temporary closure and restriction orders will be posted in the Lake Havasu Field Office and online at <https://www.blm.gov/office/lake-havasu-field-office>. Maps of the affected area and other documents associated with this temporary closure are

available at the Lake Havasu Field Office, 1785 Kiowa Avenue, Lake Havasu City, Arizona.

The closures and restrictions are issued under the authority of 43 CFR 8364.1, which allows the BLM to establish closures for the protection of persons, property, and public lands and resources. The closure and restrictions listed below are exactly the same as those published last year found at 84 FR 71458. Violation of any of the terms, conditions, or restrictions contained within this closure order may subject the violator to citation or arrest with a penalty or fine or imprisonment or both as specified by law.

Temporary Closure and Restrictions and Existing Regulations

1. Environmental Resource Management and Protection

a. No person may deface, disturb, remove, or destroy any natural object.

b. Fireworks: The use, sale, or possession of personal fireworks is prohibited.

c. Cutting or collecting firewood of any kind, including dead and downed wood or other vegetative material is prohibited.

d. Grey Water Discharge: The discharge and dumping of grey water onto the ground surface is prohibited. Grey water is defined as water that has been used for cooking, washing, dishwashing, or bathing and/or contains soap, detergent, food scraps, or food residue, regardless of whether such products are biodegradable or have been filtered or disinfected.

e. Black Water Discharge: The discharge and dumping of black water onto the ground surface is prohibited. Black water is defined as wastewater containing feces, urine, and/or flush water.

f. Human Waste: The depositing of human waste (liquid and/or solid) on the ground surface is prohibited.

g. Trash: The discharge of any and all trash/litter onto the ground surface is prohibited. All event participants must pack out or properly dispose of all trash at an appropriate disposal facility.

h. Hazardous Materials: The dumping or discharge of vehicle oil, petroleum products, or other hazardous household, commercial, or industrial refuse or waste onto the ground surface is prohibited. This applies to all recreational vehicles, trailers, motorhomes, port-a-potties, generators, and other camp infrastructure.

2. Alcohol/Prohibited Substance

a. Possession of an open container of an alcoholic beverage by the driver or
