**SUPPLEMENTARY INFORMATION:**

**I. Discussion**

The NRC staff issued a license to Powertech for the construction and operation of its Dewey-Burdock ISR facility in Custer and Fall River Counties, in South Dakota in April 2014. Along with the issuance of the license, the NRC staff published a ROD in April 2014 that supported its decision to approve Powertech’s license

application for the Dewey-Burdock ISR facility.

During the NRC staff’s licensing review, the NRC’s ASLBP, an independent, trial-level adjudicatory body, granted a hearing request from the Oglala Sioux Tribe and Consolidated Intervenor (consisting of a group of individuals and organizations). The ASLBP held an evidentiary hearing in Rapid City, South Dakota, from August 19–21, 2014, on seven admitted contentions. On April 30, 2015, the ASLBP issued a Partial Initial Decision (LBP–15–16) resolving all but two of the admitted contentions in favor of the NRC staff: Contentions 1A and 1B, regarding historic and cultural resources, were resolved in favor of the Oglala Sioux Tribe and Consolidated Intervenor. Subsequently, on October 19, 2017, the ASLBP granted the NRC staff’s motion for summary disposition of Contention 1B and determined that the NRC staff’s efforts satisfied the National Historic Preservation Act (NHPA) requirement that the NRC staff consult with the Oglala Sioux Tribe. On April 29, 2019, the ASLBP granted the NRC staff’s motion to set a schedule for an evidentiary hearing. The hearing was held on August 28 and 29, 2019, in Rapid City, South Dakota. On December 12, 2019, the ASLBP issued the Final Initial Decision (LBP–19–10) finding that the staff satisfied its National Environmental Policy Act (NEPA)

obligation to take a reasonable hard look at potential impacts to cultural resources. The ASLBP also found that, consistent with the Council on Environmental Quality regulations at section 1502.22 of the title 40 of the *Code of Federal Regulations*, the information necessary to complete the NEPA review is effectively unavailable and that no further supplemental environmental impact statement is necessary in this case. The ASLBP also included a new condition to Powertech’s license. It provides that, prior to appointing a Tribal Monitor pursuant to Stipulation 13(c) of the NHPA Programmatic Agreement, Powertech shall notify the NRC of the identity of the Monitor, and the NRC will in turn distribute that information to the signatories and consulting Tribes to the Programmatic Agreement for a 30-day review and comment period. On October 8, 2020, the Commission denied a petition for review (CLI–20–09) of the ASLBP’s final initial decision in LBP–19–10 and two interlocutory ASLBP orders, which terminated the adjudicatory proceeding. The updated ROD accounts for the ASLBP’s decisions and the Commission’s ruling.

December 7, 2020.

**I. Introduction**

On August 19, 2020, NYSE American LLC ("NYSE American" or the "Exchange") filed with the Securities

and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to modify Rules 971.1NY and 971.2NY regarding the Exchange's Customer Best Execution auction ("CUBE Auction" or "Auction") to provide optional all-or-none ("AON") functionality for larger-sized orders. The proposed rule change was published for comment in the **Federal Register** on September 8, 2020.<sup>3</sup> On October 14, 2020, pursuant to Section 19(b)(2) of the Act,<sup>4</sup> the Commission extended the time period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change, to December 7, 2020.<sup>5</sup> The Commission has received no comments on the proposed rule change. On November 24, 2020, the Exchange filed Amendment No. 1 to the proposed rule change, which replaced and superseded the proposed rule change in its entirety.<sup>6</sup> The Commission is publishing this notice to solicit comments on the proposed rule change, as modified by Amendment No. 1, from interested persons, and is approving the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

See *infra* notes 15-18 and accompanying text for a description of these outcomes under the proposal as amended. See also Exhibit 4 of Amendment No. 1 showing the changes made by the amendment to the text of Commentary .05 to Rule 971.1NY as originally proposed. In Amendment No. 1 the Exchange also deleted proposed new Commentary .04 to Rule 971.2NY, which would have provided for optional functionality for larger-sized orders in the Exchange's CUBE Auction for Complex Orders paralleling the similar functionality for Single-Leg CUBE Auctions proposed in new Commentary .05 to Rule 971.1NY, and made other, clarifying revisions in its discussion of the purpose of the proposal.
