[Docket No. FAA-2020-1072; **Airspace Docket No. 20-ACE-23**]

RIN 2120-AA66

Proposed Establishment of Class E Airspace; Leoti, KS

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to establish Class E airspace extending upward from 700 feet above the surface at Mark Hoard Memorial Airport, Leoti, KS. The establishment of Class E airspace facilitates the airport's transition from visual flight rules (VFR) to instrument flight rules (IFR) operations. This action would ensure the safety and management of IFR operations at the airport.

DATES: Comments must be received on or before January 29, 2021.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590-0001; telephone: 1(800) 647-5527, or (202) 366-9826. You must identify FAA Docket No. FAA-2020-1072; Airspace Docket No. 20-ACE-23, at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>.

FAA Order 7400.11E, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is

also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11E at NARA, email fedreg.legal@nara.gov or go to https://www.archives.gov/federal-register/cfr/ibr_locations.html.

FOR FURTHER INFORMATION CONTACT:

Matthew Van Der Wal, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198; telephone (206) 231-3695.

SUPPLEMENTARY INFORMATION:**Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would establish Class E airspace to support the airport's transition from VFR to IFR operations at Mark Hoard Memorial Airport, Leoti, KS.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Persons wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2020-1072; Airspace Docket No. 20-ACE-23". The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments

will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours, except federal holidays, at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace extending upward from 700 feet above the surface at the Mark Hoard Memorial Airport, Leoti, KS. The establishment of Class E airspace facilitates the airport's transition from VFR to IFR operations. The airspace is designed to contain IFR departures to 1,200 feet above the surface and IFR arrivals descending below 1,500 feet above the surface. The area would be described as follows: That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Mark Hoard Memorial Airport.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial, and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020, is amended as follows:

Paragraph 6005. Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ACE KS E5 Leoti, KS [New]

Mark Hoard Memorial Airport, KS
(Lat. 38°27'27" N, long. 101°21'03" W)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Mark Hoard Memorial Airport.

Issued in Seattle, Washington, on December 7, 2020.

B.G. Chew,

Acting Group Manager, Operations Support Group, Western Service Center.

National Oceanic and Atmospheric Administration

50 CFR Part 229

[Docket No. 201123–0312]

RIN 0648–BF90

Taking of Marine Mammals Incidental to Commercial Fishing Operations; Amendment to the Atlantic Pelagic Longline Take Reduction Plan

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes to amend the regulations implementing the Atlantic Pelagic Longline Take Reduction Plan (hereinafter called the PLTRP or the Plan) to reduce mortalities and serious injuries of short-finned pilot whales incidental to the Atlantic pelagic longline fishery to meet the long-term goal of the Plan as required by the Marine Mammal Protection Act (MMPA). The PLTRP currently contains both regulatory and non-regulatory management measures to reduce mortality and serious injury of pilot whales (*Globicephala* spp.) and Risso’s dolphins (*Grampus griseus*), in the Atlantic portion of the Category I Atlantic Ocean, Caribbean, Gulf of Mexico large pelagics longline fishery (hereinafter called Atlantic pelagic

longline fishery). The proposed amendments to the PLTRP are based on consensus recommendations submitted by the Atlantic Pelagic Longline Take Reduction Team (hereinafter called the PLTRT or the Team) and include: Removing the Cape Hatteras Special Research Area and the associated special observer and research participation requirements for fishermen operating in that area, modifying the mainline length restrictions for pelagic longline sets in the U.S. exclusive economic zone (EEZ) portion of the Mid-Atlantic Bight, and implementing required hook and gangion modifications in the EEZ portion of the Florida East Coast, South Atlantic Bight, Mid-Atlantic Bight and Northeast Coastal fishing areas. Furthermore, NMFS is removing Risso’s dolphins and long-finned pilot whales from the Plan’s scope.

DATES: Written comments on the proposed rule must be received no later than 5 p.m. eastern time on February 16, 2021.

ADDRESSES: You may submit comments on this proposed rule, identified by 0648–BF90, by any of the following methods:

- *Federal eRulemaking Portal:* Go to www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2016-0105, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

- *Mail:* Erin Fougères, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.
Instructions: NMFS may not consider comments if they are sent by any other method, to any other address or individual, or received after the comment period ends. All comments received are a part of the public record and NMFS will generally post for public viewing on to www.regulations.gov without change. All personal identifying information (for example, name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender is publicly accessible. NMFS will accept anonymous comments (enter N/A in the required fields, if you wish to remain anonymous). You may submit attachments to electronic comments in Microsoft Word, Excel, WordPerfect, or Adobe PDF file formats only.

The draft Environmental Assessment, Regulatory Impact Review, Regulatory Flexibility Act Analysis, and references for the Proposed rule, can be found in the Federal eRulemaking Portal as supplementary document. Background documents for the PLTRP can be downloaded from the Take Reduction
