I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the market dominant or the competitive product list, or the modification of an existing product currently appearing on the market dominant or the competitive product list.

Section II identifies the docket number(s) associated with each Postal Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern market dominant product(s),

applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39 U.S.C. 3642, 39 CFR part 3030, and 39 CFR part 3040, subpart B. For request(s) that the Postal Service states concern competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3040, subpart B. Comment deadline(s) for each request appear in section II.

POSTAL SERVICE

Modified System of Records

AGENCY: Postal Service.

ACTION: Notice of a modified system of records.

SUMMARY: The United States Postal Service® (Postal Service) is proposing to modify a Customer Privacy Act System of Records (SOR) to enhance an ongoing initiative to identify, prevent and mitigate potentially fraudulent activity within the Change-of-Address and Hold Mail processes.

DATES: These revisions will become effective without further notice on January 14, 2021, unless, in response to comments received on or before that date result in a contrary determination.

ADDRESSES: Comments may be submitted via email to the Privacy and Records Management Office, United States Postal Service Headquarters (privacy@usps.gov). To facilitate public inspection, arrangements to view copies of any written comments received will be made upon request.

FOR FURTHER INFORMATION CONTACT: Janine Castorina, Chief Privacy and Records Management Officer, Privacy and Records Management Office, 202-268-3069 or privacy@usps.gov.

SUPPLEMENTARY INFORMATION: This notice is in accordance with the Privacy Act requirement that agencies publish

their systems of records in the **Federal Register** when there is a revision, change, or addition, or when the agency establishes a new system of records. The Postal Service is proposing revisions to an existing system of records (SOR) to support and enhance the Address Mapping Directory initiative, previously referred to as the Address Matching Database initiative. USPS SOR 800.050, was implemented on January 4, 2019, to facilitate the detection and prevention of fraudulent Change-of-Address and Hold Mail service requests.

I. Background

In a continuing effort to enhance the security of mailing and shipping services, the Postal Service utilizes an Address Mapping Directory to identify, prevent and mitigate potentially fraudulent activity within the Change-of-Address and Hold Mail processes. With the exception of Change-of-Address requests subject to protective court orders, the Address Mapping Directory initiative sends an email notification to customers who submit a Change-of-Address request or a Hold Mail request. The Address Mapping Directory initiative enhances the confidentiality and privacy of mail and package delivery services by improving the security of both the Change-of-Address and Hold Mail processes. The Address Mapping Directory also protects Postal Service customers from becoming potential victims of mail fraud and identity theft. Other policies that ensure the security and confidentiality of personal information are described below in the Safeguards section of this SOR.

II. Rationale for Changes to USPS Privacy Act Systems of Records

The Postal Service currently maintains the Address Mapping Directory (AMD), previously referred to as the Address Matching Database, to detect and prevent potential fraud for Change-of-Address (COA) and Hold Mail service requests, through address mapping comparisons and cross-checks between multiple Postal Service customer systems. In order to enhance the accuracy and functionality of address mapping comparisons and cross-checks, the Postal Service is proposing to modify SOR 800.050 Address Matching for Mail Fraud Detection and Prevention, to revise the System Name, include customer names, options selected for type of move by customers, and online user information in the Categories of Records, to reduce retention time for records, and to provide a more descriptive version of

existing purpose 5, to promote transparency.

III. Description of the Modified System of Records

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report of the proposed revisions to this SOR has been sent to Congress and to the Office of Management and Budget for their evaluations. The Postal Service does not expect this modified system of records to have any adverse effect on individual privacy rights. Accordingly, for the reasons stated above, the Postal Service proposes revisions to this system of records as follows:
