## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90649; File Nos. SR-DTC-2020-018; SR-FICC-2020-018; SR-NSCC-2020-021]

### Self-Regulatory Organizations; The Depository Trust Company; Fixed Income Clearing Corporation; National Securities Clearing Corporation; Notice of Filings and Immediate Effectiveness of Proposed Rule Changes To Amend the Clearing Agencies Liquidity Risk Management Framework

December 11, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on November 30, 2020, The Depository Trust Company ("DTC"), Fixed Income Clearing Corporation ("FICC"), and National Securities Clearing Corporation ("NSCC," and collectively, the "Clearing Agencies") filed with the Securities and Exchange Commission ("Commission") the proposed rule changes as described in Items I, II and III below, which Items have been primarily prepared by the Clearing Agencies. The Clearing Agencies filed the proposed rule changes pursuant to Section 19(b)(3)(A) of the Act<sup>3</sup> and Rule 19b-4(f)(6) thereunder.<sup>4</sup> The Commission is publishing this notice to solicit comments on the proposed rule changes from interested persons.

#### I. Clearing Agencies' Statement of the Terms of Substance of the Proposed Rule Changes

The proposed rule changes consist of amendments to the Clearing Agency Liquidity Risk Management Framework ("Framework") of the Clearing Agencies. Specifically, the proposed rule changes would (1) reflect that a stress testing team ("Stress Testing Team") has taken over certain responsibilities related to liquidity risk management; (2) simplify the description of the FICC qualifying liquidity resources, which are identical for each of its divisions; (3) reflect the inclusion of the proceeds of NSCC's

issuance and private placement of term debt as an additional NSCC liquidity resource; (4) revise the description of NSCC's supplemental liquidity deposits to allow for future revisions to this requirement; (5) reflect the reclassification of a stress scenario that assumes the default of multiple participants as an informational stress scenario; and (6) make other revisions in order to clarify and simplify the descriptions within the Framework, as further described below.

#### II. Clearing Agencies' Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Changes

In their filings with the Commission, the Clearing Agencies included statements concerning the purpose of and basis for the proposed rule changes and discussed any comments they received on the proposed rule changes. The text of these statements may be examined at the places specified in Item IV below. The Clearing Agencies have prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### (A) Clearing Agencies' Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Changes

###### 1. Purpose

The Clearing Agencies adopted the Framework<sup>5</sup> to set forth the manner in which they measure, monitor and manage the liquidity risks that arise in or are borne by each of the Clearing Agencies, including (i) the manner in which each of the Clearing Agencies deploy their respective liquidity tools to meet their settlement obligations on an ongoing and timely basis, and (ii) each applicable Clearing Agencies' use of intraday liquidity.<sup>6</sup> In this way, the Framework describes the liquidity risk management of each of the Clearing Agencies and how the Clearing Agencies meet the applicable requirements of Rule 17Ad-22(e)(7).<sup>7</sup>

The Clearing Agencies are proposing changes to the Framework that would update, clarify and simplify the descriptions, but would not make any substantive revisions to how the Clearing Agencies manage their liquidity risks and comply with the applicable regulatory requirements. More specifically, the proposed changes would (1) reflect that the Stress Testing
