

emission allowance allocations, a portion of each state's emissions budget for the program for each control period is reserved in a NUSA (and in an additional Indian country NUSA in the case of states with Indian country within their borders) for allocation to certain units that would not otherwise receive allowance allocations. The procedures for identifying the eligible units for each control period and for allocating allowances from the NUSAs and Indian country NUSAs to these units are set forth in the CSAPR trading program regulations at 40 CFR 97.411(b) and 97.412 (NO_x Annual), 97.511(b) and 97.512 (NO_x Ozone Season Group 1), 97.611(b) and 97.612 (SO₂ Group 1), 97.711(b) and 97.712 (SO₂ Group 2), and 97.811(b) and 97.812 (NO_x Ozone Season Group 2). Each NUSA allowance allocation process involves up to two rounds of allocations to eligible units, termed "new" units, followed by the allocation to "existing" units of any allowances not allocated to new units.

This notice concerns EPA's preliminary identification of units eligible to receive allowances in the second round of NUSA allocations for the 2020 control periods. The units eligible for second-round allocations for a given control period are CSAPR-affected units that commenced commercial operation between January 1 of the year before that control period and November 30 of the year of that control period. In the case of the 2020 control periods, an eligible unit therefore must have commenced commercial operation between January 1, 2019 and November 30, 2020 (inclusive). Generally, where a unit is eligible to receive a second-round NUSA allocation under a given CSAPR trading program for a given control period, the unit's maximum potential second-round allocation equals the positive difference (if any) between the unit's emissions during the control period as reported under 40 CFR part 75 and any first-round NUSA allocation the unit received. If the total of such maximum potential allocations to all eligible units would exceed the total allowances remaining in the NUSA, the allocations are reduced on a pro-rata basis. EPA notes that under 40 CFR 97.406(c)(3), 97.506(c)(3), 97.606(c)(3), 97.706(c)(3), and 97.806(c)(3), a unit's emissions occurring before its monitor certification deadline are not considered to have occurred during a control period and consequently are not included in the emission amounts used to determine NUSA allocations.

The preliminary lists of eligible units are set forth in Excel spreadsheets titled "CSAPR_NUSA_2020_NO_x_Annual_

2nd_Round_Prelim_Data," "CSAPR_NUSA_2020_NO_x_Ozone_Season_2nd_Round_Prelim_Data," and "CSAPR_NUSA_2020_SO₂_2nd_Round_Prelim_Data" available on EPA's website at <https://www.epa.gov/csapr/csapr-compliance-year-2020-nusa-nodas>. Each spreadsheet contains a separate worksheet for each state covered by that program showing each unit preliminarily identified as eligible for a second-round NUSA allocation. Each state worksheet also contains a summary showing (1) the quantity of allowances initially available in that state's 2020 NUSA, (2) the sum of the 2020 NUSA allowance allocations that were made in the first round to new units in that state, if any, and (3) the quantity of allowances in the 2020 NUSA available for second-round allocations to new units (or ultimately for allocations to existing units), if any.

Objections should be strictly limited to whether EPA has correctly identified the units eligible for second-round 2020 NUSA allocations according to the criteria established in the regulations and should be emailed to the address identified in **ADDRESSES**. Objections must include: (1) Precise identification of the specific data the commenter believes are inaccurate, (2) new proposed data upon which the commenter believes EPA should rely instead, and (3) the reasons why EPA should rely on the commenter's proposed data and not the data referenced in this notice.

EPA notes that an allocation or lack of allocation of allowances to a given unit does not constitute a determination that CSAPR does or does not apply to the unit. EPA also notes that under 40 CFR 97.411(c), 97.511(c), 97.611(c), 97.711(c), and 97.811(c), allocations are subject to potential correction if a unit to which NUSA allowances have been allocated for a given control period is not actually an affected unit as of the start of that control period.

(Authority: 40 CFR 97.411(b), 97.511(b), 97.611(b), 97.711(b), and 97.811(b).)

Dated: December 2, 2020.

Reid P. Harvey,

Director, Clean Air Markets Division, Office of Atmospheric Programs, Office of Air and Radiation.

BILLING CODE 6560–50–P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0716, 3060–0991 and 3060–1248; FRS 17318]

Information Collections Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it can further reduce the information collection burden for small business concerns with fewer than 25 employees.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before January 20, 2021.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418–2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the

right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees."

OMB Control Number: 3060–0716.

Title: Sections 73.88, 73.318 and 73.685, Blanketing Interference.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; and Not-for-profit institutions.

Number of Respondents and Responses: 21,000 respondents; 21,000 responses.

Estimated Time per Response: 1 to 2 hours.

Frequency of Response: Third party disclosure requirement.

Total Annual Burden: 41,000 hours.

Total Annual Cost: None.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in Section

154(i) of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Impact Assessment(s): No impact(s).

Needs and Uses: The information collection requirements approved under this collection are contained under the following rule sections:

47 CFR 73.88 states that the licensee of each broadcast station is required to satisfy all reasonable complaints of blanketing interference within the 1V/m contour.

47 CFR 73.318(b) states that after January 1, 1985, permittees or licensees who either (1) commence program tests, (2) replace the antennas, or (3) request facilities modifications and are issued a new construction permit must satisfy all complaints of blanketing interference which are received by the station during a one year period.

47 CFR 73.318(c) states that a permittee collocating with one or more existing stations and beginning program tests on or after January 1, 1985, must assume full financial responsibility for remedying new complaints of blanketing interference for a period of one year.

Under 47 CFR 73.88, and 73.685(d), the license is financially responsible for resolving complaints of interference within one year of program test authority when certain conditions are met. After the first year, a license is only required to provide technical assistance to determine the cause of interference.

OMB Control Number: 3060–0991.

Title: AM Measurement Data.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 1,800 respondents; 3,135 responses.

Estimated Hours per Response: 0.50–25 hours.

Frequency of Response: Recordkeeping requirement, Third party disclosure requirement, On occasion reporting requirement.

Total Annual Burden: 20,200 hours.

Total Annual Cost: \$1,131,500.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in Sections 151, 152, 154(i), 303, and 307 of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality treatment with this collection of information.

Privacy Impact Assessment: No impact(s).

Needs and Uses: In order to control interference between stations and assure adequate community coverage, AM stations must conduct various engineering measurements to demonstrate that the antenna system operates as authorized. The data is used by station engineers to correct the operating parameters of the antenna. The data is also used by FCC staff in field investigations to ensure that stations are in compliance with the technical requirements of the Commission's various rules.

OMB Control Number: 3060–1248.

Title: Transition from TTY to Real-Time Text Technology, CG Docket No. 16–145 and GN Docket No. 15–178.

Form Number: N/A.

Type of Review: Extension and update of collection.

Respondents: Businesses or other for-profit entities.

Number of Respondents and Responses: 967 respondents; 5,235 responses.

Estimated Time per Response: 0.2 hours (12 minutes) to 60 hours.

Frequency of Response: Annual, ongoing, and semiannual reporting requirements; recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefit. The statutory authority can be found at sections 4(i), 225, 255, 301, 303(r), 316, 403, 715, and 716 of the Communications Act of 1934, as amended, and section 106 of the Twenty-First Century Communications and Video Accessibility Act of 2010, 47 U.S.C. 154(i), 225, 255, 301, 303(r), 316, 403, 615c, 616, 617; Public Law 111–260, 106, 124 Stat. 2751, 2763 (2010).

Total Annual Burden: 114,212 hours.

Total Annual Cost: No cost.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Impact Assessment: This information collection does not affect individuals or households; therefore, the Privacy Act is not impacted.

Needs and Uses: Text telephone (TTY) technology provides the primary means for people with disabilities to send and receive text communications over the public switched telephone network (PSTN). Changes to communications networks, particularly ongoing technology transitions from circuit switched to IP-based networks and from copper to wireless and fiber infrastructure, have affected the quality and utility of TTY technology, prompting discussions on transitioning to an alternative advanced communications technology for text

communications. Accordingly, on December 16, 2016, the Commission released Transition from TTY to Real-Time Text Technology, Report and Order, document FCC 16-169, 82 FR 7699, January 23, 2017, amending its rules that govern the obligations of wireless service providers and manufacturers to support TTY technology to permit such providers and manufacturers to provide support for real-time text (RTT) over wireless IP-based networks to facilitate an effective and seamless transition to RTT in lieu of continuing to support TTY technology. In document FCC 16-169, the Commission adopted measures requiring the following:

(a) Each wireless provider and manufacturer that voluntarily transitions from TTY technology to RTT over wireless IP-based networks and services is encouraged to develop consumer and education efforts that include (1) the development and dissemination of educational materials that contain information pertinent to the nature, purpose, and timelines of the RTT transition; (2) internet postings, in an accessible format, of information about the TTY to RTT transition on the websites of covered entities; (3) the creation of a telephone hotline and an online interactive and accessible service that can answer consumer questions about RTT; and (4) appropriate training of staff to effectively respond to consumer questions. All consumer outreach and education should be provided in accessible formats including, but not limited to, large print, Braille, videos in American Sign Language and that are captioned and video described, emails to consumers who have opted to receive notices in this manner, and printed materials. Service providers and manufacturers are also encouraged to coordinate with consumer, public safety, and industry stakeholders to develop and distribute education and outreach materials. The information will inform consumers of alternative accessible technology available to replace TTY technology that may no longer be available to the consumer through their provider or on their device.

(b) Each wireless provider that requested or will request and receive a waiver of the requirement to support TTY technology over wireless IP-based networks and services must apprise its customers, through effective and accessible channels of communication, that (1) until TTY is sunset, TTY technology will not be supported for calls to 911 services over IP-based wireless services, and (2) there are alternative PSTN-based and IP-based

accessibility solutions for people with disabilities to reach 911 services. These notices must be developed in coordination with public safety answering points (PSAPs) and national consumer organizations, and include a listing of text-based alternatives to 911, including, but not limited to, TTY capability over the PSTN, various forms of PSTN-based and IP-based TRS, and text-to-911 (where available). The notices will inform consumers on the loss of the use of TTY for completing 911 calls over the provider's network and alert them to alternatives service for which TTY may be used.

(c) Once every six months, each wireless provider that requests and receives a waiver of the requirement to support TTY technology must file a report with the Commission and inform its customers regarding its progress toward and the status of the availability of new IP-based accessibility solutions. Such reports must include (1) information on the interoperability of the provider's selected accessibility solution with the technologies deployed or to be deployed by other carriers and service providers, (2) the backward compatibility of such solution with TTYs, (3) a showing of the provider's efforts to ensure delivery of 911 calls to the appropriate PSAP, (4) a description of any obstacles incurred towards achieving interoperability and steps taken to overcome such obstacles, and (5) an estimated timetable for the deployment of accessibility solutions. The information will inform consumers of the progress towards the availability of alternative accessible means to replace TTY, and the Commission will be able to evaluate the reports to determine if any changes to the waivers are warranted or of any impediments to progress that it may be in a position to resolve.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0848, FRS 17302]

Information Collection Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees."

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before January 20, 2021.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Nicole Ongele, FCC, via email to PRA@fcc.gov and to Nicole.Ongele@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Nicole Ongele at (202) 418-2991. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR
