Reporting Frequency: On Occasion.

Needs and Uses: Section 3610 of the Coronavirus Aid, Relief and Economic Security (CARES) Act (Pub. L. 116-136), enacted on March 27, 2020, authorizes, but does not require, contracting officers to modify contracts and other agreements, without consideration, to reimburse contractors for paid leave a contractor provides to keep its employees or subcontractors in a ready state, including to protect the life and safety of Government and contractor personnel, during the public health emergency declared for Coronavirus Disease (COVID-19).

A contractor request for reimbursement under section 3610 must include sufficient documentation to support the request and enable the contracting officer to determine whether a contractor is eligible for reimbursement under section 3610 and, if so, the amount of reimbursement to provide to a contractor. Contractors' requests for reimbursement under section 3610 will vary in dollar amount and complexity; as such, so will the amount and type of information needed from a contractor to support their reimbursement request. Based on this variation, contracting officers will use one of three DoD reimbursement checklists to advise contractors of the information needed to support their request. The information described in the checklists is necessary to collect from contractors in order to ensure that contracting officers are able to determine whether to approve the request for reimbursement and expediently modify the affected contract(s) for the authorized reimbursement amount.

Section 3610 also requires that any reimbursements made under its authority are reduced by the amount of credit a contractor is allowed under other provisions of the CARES Act and division G of the Families First Coronavirus Response (FFRCA) (Pub. L. 116-127). As the status of such credits may not be known at the time of reimbursement, DFARS clause 252.243-7999, Section 3610 Reimbursement (Deviation 2020-O0021), requires contractors to notify the contracting officer of any credits received after receiving reimbursement under section 3610 and make any repayment, as necessary, to comply with the requirements of section 3610. This information is necessary so that

contracting officers may comply with the provisions of section 3610.

Jennifer D. Johnson,

Regulatory Control Officer, Defense Acquisition Regulations System.
