Abstract of Proposed Collection

The Secretary of State may exercise authority, under 22 U.S.C. 211a, Executive Order 11295 (August 5, 1966), and 22 CFR 51.63, to invalidate all U.S. passports for travel to a country or area if he determines that any of three conditions exist: The country is at war with the United States; armed hostilities are in progress in the country or area; or there is imminent danger to the public health or physical safety of U.S. travelers in the country or area. The regulations of the Department of State provide that an individual's passport may be considered for validation for

travel to, in, or through a country or area despite such restriction if the individual's travel is determined to fall within one of several categories established by the regulation 22 CFR 51.64. Without the requisite validation, use of a U.S. passport for travel to, in, or through a restricted country or area may justify revocation of the passport for misuse under 22 CFR 51.62(a)(3) and subject the traveler to felony prosecution under 18 U.S.C. 1544 for misuse of a passport or other applicable laws.

The categories of persons specified in 22 CFR 51.64(b) as being eligible for consideration for passport validation are as follows:

(a) An applicant who is a professional reporter and journalist whose trip is for the purpose of collecting and making available to the public information about the restricted country or area;

(b) An applicant who is a representative of the American Red Cross or the International Committee of the Red Cross on an officially sponsored Red Cross mission;

(c) An applicant whose trip to the restricted country or area is justified by compelling humanitarian considerations; or

(d) An applicant whose trip to the restricted country or area is otherwise in the national interest.

The information collection solicits data necessary for the Passport Services Directorate to determine whether an applicant is eligible to receive a special validation in his or her U.S. passport book permitting the applicant to make single or multiple round-trips to a restricted country or area, subject to additional requirements. The information requested consists of the applicant's name; a copy of the front and back of the applicant's valid government-issued photo identification card with the applicant's date of birth and signature; current contact information, including telephone number, email and mailing address; a statement explaining the reason that the applicant thinks their trip is in the national interest, including proposed travel dates and the applicant's role and responsibilities on the trip; and supporting documentary evidence, such as a letter from the organization being represented explaining in detail the purpose and intended work to be performed on the trip(s). For those seeking a multiple-entry special validation, applicants must also identify they are seeking the multiple-entry type of special validation and submit the following: Documentation showing the applicant or their organization has a well-established history of traveling to

the DPRK to work on well-monitored projects with compelling humanitarian considerations; the applicant's draft itinerary, including proposed dates of travel and the intended work to be performed on each trip; and documentation that shows the applicant's humanitarian work requires that they make multiple trips to the DPRK in the next 365-day period. Those who are approved for a multiple-entry special validation must also submit a final itinerary detailing dates and purpose of travel at least five (5) days prior to each trip to the DPRK while using their multi-entry special validation U.S. passport. Failure to provide the requested information may result in denial of a special validation to use a U.S. passport to travel to, in, or through a restricted country or area.

Effective September 1, 2017, upon determining that there is imminent danger to the public health or physical safety of U.S. travelers in the Democratic People's Republic of Korea (DPRK), the Secretary of State imposed a passport restriction with respect to travel to the DPRK. Such restriction was further renewed in 2018, 2019, and most recently in 2020 for one year, effective September 1, 2020. The estimated number of recipients represents the Department of State's estimate of the annual number of special validations requests individuals will submit who wish to use their U.S. passport to travel to the DPRK, based on the current number of requests following the implementation of the Secretary of State's passport restriction. At this time, there are no other countries or areas that are the subject of passport restrictions pursuant to 22 CFR 51.63.

Methodology

Instructions for individuals seeking to apply for a special validation to use a U.S. passport to travel to, in, or through a restricted country or area is posted on a web page maintained by the Department (travel.state.gov). The web page directs applicants to submit the requested information via email to PPTSpecialValidations@state.gov or by mail to Office of Adjudication, Passport Services, U.S. Department of State, 44132 Mercure Circle, P.O. Box 1227, Sterling, VA 20166-1227, ATTN: Special Validations.

Information collected in this manner will be used to facilitate the granting of special validations to U.S. nationals who are eligible. The primary purpose of soliciting the information is to establish whether an applicant is within one of the categories specified in the regulations of the Department of State codified at 22 CFR 51.64(b) and

therefore eligible to be issued a U.S. passport containing a special validation enabling him or her to make one or multiple entry round-trips to a restricted country or area, and to facilitate the application for a passport of such applicants.
