BILLING CODE 6210-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-21-21CA; Docket No. CDC-2020-0127]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on

a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled “Temporary Halt In Residential Evictions To Prevent The Further Spread Of Covid-19” The information collection originally pertained to the September 4, 2020 CDC order of the same name that temporarily halts residential evictions of covered persons for nonpayment of rent during September 4, 2020, through December 31, 2020. The Consolidated Appropriations Act, 2021, statutorily extended CDC’s order until January 31, 2021. The declaration in this information collection request will serve as an attestation by a tenant, lessee, or resident that they meet the criteria therein to prevent an eviction proceeding per the order issued by the CDC.

DATES: CDC must receive written comments on or before March 8, 2021.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2020-0127 by any of the following methods:

- *Federal eRulemaking Portal:* *Regulations.gov.* Follow the instructions for submitting comments.

- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to *Regulations.gov.*

Please note: *Submit all comments through the Federal eRulemaking portal (regulations.gov) or by U.S. mail to the address listed above.*

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, of the Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329; phone: 404-639-7570; Email: *omb@cdc.gov.*

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new

proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

5. Assess information collection costs.

Proposed Project

Temporary Halt in Residential Evictions to Prevent the Further Spread of COVID-19—NEW—National Center for Emerging Zoonotic and Infectious Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Recent CDC actions in response to COVID included a temporary eviction moratorium published on September 4, 2020 and effective through December 31, 2020. The conditions that originally necessitated the original Order continue to exist and, in many jurisdictions, have significantly worsened. As of December 22, 2020, 17,790,000 cases have been identified in the United States, with new cases reported daily, and over 316,000 deaths due to the disease. On December 22, 2020, 197,616 COVID-19 cases in the U.S. were reported to CDC.

To qualify for the order’s protections, tenants, lessees, or residents of residential properties must provide a copy of the declaration to the landlord, owner of the residential property, or other person who has a right to have the individual evicted or removed. The declaration provides notification and attestation on behalf of the submitting party that they have met the required

criteria to keep from being evicted; it should be given to the landlord, owner of the residential property, or other person who has a right to have the individual evicted or removed. The information collected will be limited to the signature of the tenant, lessee, or

resident. The information will not be collected by CDC.

As stated in the Supporting Statement for OMB Control Number 0920–1303, under the request for an emergency clearance, OIRA has waived the 60-day comment period. Because this collection

is exceeding 60 days, CDC is seeking additional notice and comment.

Estimated annual burden for Tenants, Lessees, or Residents who make a maximum of \$99,000 annually is estimated to be 2,916,667 hours. There will be no anticipated costs to respondents other than time.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondent	Form	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
Tenants, Lessees, or Residents.	DECLARATION UNDER PENALTY OF PERJURY FOR THE CENTERS FOR DISEASE CONTROL AND PREVENTION'S TEMPORARY HALT IN EVICTIONS TO PREVENT FURTHER SPREAD OF COVID-19.	35,000,000	1	5/60	2,916,667
Total	2,916,667

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; OPRE Data Collection for the Next Generation of Enhanced Employment Strategies Project (Revision of a Currently Approved Collection—OMB #0970–0545)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Office of Planning, Research, and Evaluation (OPRE) within the Administration for Children and Families (ACF) is proposing revisions to data collection activities conducted for the Next Generation of Enhanced Employment Strategies (NextGen) Project, which is rigorously evaluating innovative interventions designed to promote employment and economic security among low-income individuals with complex challenges to employment. The project includes an experimental impact study, descriptive study, and cost study. The project is seeking clearance for changes to the previously approved Phase 1 instruments, updates to the previously approved consent form, and clearance for a parent/guardian consent form and

a youth assent form for use in evaluations of programs for youth. The project also seeks approval to use a subset of Phase 2 instruments with programs selected for inclusion in the project with some changes made to those instruments. The requested changes do not change the previously submitted burden estimates.

DATES: Comments due within 30 days of publication. OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the Federal Register. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing OPREinfocollection@acf.hhs.gov. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The NextGen Project will identify and test up to 10 innovative, promising employment interventions designed to help individuals facing complex challenges secure a pathway toward economic independence. In April 2020, OMB approved the new information collection request (ICR) for Phase 1 data collection instruments for the project (for more information, see materials at https://www.reginfo.gov/

public/do/PRAViewICR?ref_nbr=202012-0970-003). The first ICR included drafts of Phase 2 data collection instruments and associated burden estimates for initial review, information purposes, and public comment. We indicated that if a Phase 2 instrument required revisions to tailor to specific programs selected for evaluation, we will submit as either a non-substantive change request or a revision with abbreviated public comment time, dependent on the level of changes and guidance provided by OMB.

As the NextGen Project has engaged in assessing promising programs for inclusion in the study, we have gained knowledge that suggests necessary refinements to the Phase 1 instruments. In response to this knowledge and the 2019 novel coronavirus disease (COVID–19) pandemic, we are seeking changes to the Phase 1 data collection instruments and the study's informed consent form. We also seek clearance for a parent/guardian consent form and a youth assent form for use in evaluations of programs that serve youth, and approval to use two of the Phase 2 instruments with minor revisions. Below are additional details regarding these requests and further information regarding the changes requested is available (Appendix Q). The requested changes do not change the previously submitted burden estimates.

Informed Consent Form (Appendix A)

We propose revisions to the study's consent form to reflect recent study design changes, specifically to allow programs to share additional information about study participants (mental health diagnoses, referral
