

The goal of Native American/Native Hawaiian Museum Services (NANH) grants is to support Indian tribes and organizations that primarily serve and represent Native Hawaiians in sustaining heritage, culture, and knowledge through exhibitions, educational services and programing, professional development, and collections stewardship.

This action is to renew the content, forms, and instructions for each of the two Notices of Funding Opportunity for the next three years.

Agency: Institute of Museum and Library Services.

Title: 2022–2024 IMLS Museum Grants for African American History and Culture Program and IMLS Native American/Native Hawaiian Museum Services Program Notices of Funding Opportunity.

OMB Number: 3137–0095.

Frequency: Annual.

Affected Public: Eligible museum organizations; Historically Black Colleges and Universities; Federally recognized Native American tribes; non-profits that primarily serve Native Hawaiians.

Number of Respondents: TBD.

Estimated Average Burden per Response: TBD.

Estimated Total Annual Burden: TBD.

Total Annualized capital/startup costs: n/a.

Total Annual costs: TBD.

Public Comments Invited: Comments submitted in response to this Notice will be summarized and/or included in the request for OMB's clearance of this information collection.

Dated: January 4, 2021.

Kim Miller,

*Senior Grants Management Specialist,
Institute of Museum and Library Services.*

NATIONAL SCIENCE FOUNDATION

Notice of Permits Issued Under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation.

ACTION: Notice of permit issued.

SUMMARY: The National Science Foundation (NSF) is required to publish notice of permits issued under the Antarctic Conservation Act of 1978. This is the required notice.

FOR FURTHER INFORMATION CONTACT: Nature McGinn, ACA Permit Officer, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314; 703–292–8030; email: ACApermits@nsf.gov.

SUPPLEMENTARY INFORMATION: On November 24, 2020, the National Science Foundation published a notice in the **Federal Register** of a permit application received. The permit was issued on December 28, 2020 to:

1. Ari S. Friedlaender Permit No. 2021–006

Erika N. Davis,

Program Specialist, Office of Polar Programs.

BILLING CODE 7555–01–P

NATIONAL SCIENCE FOUNDATION

Notice of Permit Modification Received Under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation.

ACTION: Notice of permit modification request received and permit issued.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of requests to modify permits issued to conduct activities regulated and permits issued under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of a requested permit modification and permit issued.

FOR FURTHER INFORMATION CONTACT: Nature McGinn, ACA Permit Officer, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314; 703–292–8224; email: ACApermits@nsf.gov.

SUPPLEMENTARY INFORMATION: The National Science Foundation (NSF), as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95–541, 45 CFR 671), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas a requiring special protection.

NSF issued a permit (ACA 2017–013) to George Watters on October 21, 2016. The issued permit allows the applicant to conduct waste management associated with ship- and shore-based research and logistic activities conducted by the National Oceanic and Atmospheric Administration's (NOAA) Antarctic Marine Living Resources (AMLR) Program. The permit covers the deployment of a variety of oceanographic instruments.

On March 30, 2018, a permit modification was issued providing further details about two types of

oceanographic instruments that would be deployed during future research cruises. Up to six moorings would be deployed, as described in the original permit, and up to three Slocum gliders would be deployed and retrieved.

Now, the permit holder has requested to a further modification to deploy up to seven (7) subsurface moorings of the type previously described.

The Environmental Officer has reviewed the modification request and has determined that the amendment is not a material change to the permit, and it will have a less than a minor or transitory impact.

Dates of permitted activities: December 29, 2020–July 30, 2021.

The permit modification was issued on December 29, 2020.

Erika N. Davis,

Program Specialist, Office of Polar Programs.

NUCLEAR REGULATORY COMMISSION

[NRC–2019–0102]

Information Collection: Public Records

AGENCY: Nuclear Regulatory Commission.

ACTION: Renewal of existing information collection; request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) invites public comment on the renewal of Office of Management and Budget (OMB) approval for an existing collection of information. The information collection is entitled, “Public Records.” NRC updated one form integral to the agency's Freedom of Information Act (FOIA) process, NRC Form 507, “Freedom of Information—Privacy Act Record Request Form.”

DATES: Submit comments by March 9, 2021. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the Federal Rulemaking website:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2019–0102. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

• *Mail comments to:* David Cullison, Office of the Chief Information Officer, Mail Stop: T-6 A10M, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

For additional direction on obtaining information and submitting comments, see “Obtaining Information and Submitting Comments” in the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: David Cullison, Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone: 301-415-2084; email: Infocollects.Resource@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC-2019-0102 when contacting the NRC about the availability of information for this action. You may obtain publicly available information related to this action by any of the following methods:

• *Federal Rulemaking website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2019-0102. A copy of the collection of information and related instructions may be obtained without charge by accessing Docket ID NRC-2019-0102 on this website.

• *NRC’s Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to pdr.resource@nrc.gov. A copy of the collection of information and related instructions may be obtained without charge by accessing ADAMS Accession Nos. ML20203M081 and ML20203M082. The supporting statement is available in ADAMS under Accession No. ML20203M073.

• *NRC’s PDR:* The PDR, where you may examine and order copies of public documents, is currently closed. You may submit your request to the PDR via email at pdr.resource@nrc.gov or call 1-800-397-4209 or 301-415-4737 between 8:00 a.m. and 4:00 p.m. (EST), Monday through Friday, except Federal holidays.

• *NRC’s Clearance Officer:* A copy of the collection of information and related instructions may be obtained without

charge by contacting NRC’s Clearance Officer, David Cullison, Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone: 301-415-2084; email: Infocollects.Resource@nrc.gov.

B. Submitting Comments

The NRC encourages electronic comment submission through the Federal Rulemaking Website (<https://www.regulations.gov>). Please include Docket ID NRC-2019-0102 in your comment submission.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <https://www.regulations.gov> as well as enter the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB’s approval for the information collection summarized below.

1. *The title of the information collection:* Part 9 of title 10 of the *Code of Federal Regulations* (10 CFR), “Public Records.”
2. *OMB approval number:* 3150-0043.
3. *Type of submission:* Revision.
4. *The form number, if applicable:* NRC Forms 507 and 509.
5. *How often the collection is required or requested:* On Occasion.
6. *Who will be required or asked to respond:* FOIA requesters who have requests that require identification verification or third-party release authorization for FOIA or Privacy Act requests.
7. *The estimated number of annual responses:* 3,803.
8. *The estimated number of annual respondents:* 3,803.
9. *The estimated number of hours needed annually to comply with the*

information collection requirement or request: 2,082.

10. *Abstract:* The information collection activity provides communication with FOIA requesters to have the opportunity to be notified about any fees to process their FOIA requests. Providing NRC Form 509 to a requester serves as notification of the processing fees as it relates to search, review, and duplication. Pursuant to NRC’s regulations, 10 CFR 9.40, when fees exceed \$25.00 the requester has the opportunity to re-scope their request. Additionally, in response to the FOIA Improvement Act of 2016, in accordance with 10 CFR 9.39, the revised form notifies the requester that if the agency fails to comply with statutory time limits, the agency cannot charge the requester any fees (except in unusual circumstances). In the event that fees are required, the requester can verify their willingness to pay on this form and must submit payment within ten working days of the receipt of the form.

The revised information collection removes the need for requesters to provide the information they are requesting under FOIA, since it would be duplicative. NRC Form 507 will accompany acknowledgement letters, at which point we are requesting additional information, if necessary, for FOIA requesters to submit proof of identification or third-party release authorizations.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated: January 4, 2021.

For the Nuclear Regulatory Commission.

David C. Cullison,
NRC Clearance Officer, Office of the Chief Information Officer.
