[Notice-MA-2020-15; Docket No. 2020-0002, Sequence No. 43]

**2021 Privately Owned Vehicle (POV)  
Mileage Reimbursement Rates; 2021  
Standard Mileage Rate for Moving  
Purposes**

**AGENCY:** Office of Government-wide Policy (OGP), General Services Administration (GSA).

**ACTION:** Notice.

**SUMMARY:** GSA is updating the mileage reimbursement rate for privately owned automobiles (POA), airplanes, and motorcycles as required by statute. This information will be available in FTR Bulletin 21-03, which can be found on GSA's website at <https://gsa.gov/ftbulletins>.

**DATES:** *Applicability date:* This notice applies to travel and relocation performed on or after January 1, 2021 through December 31, 2021.

**FOR FURTHER INFORMATION CONTACT:** For clarification of content, please contact Ms. Cheryl D. McClain-Barnes, Program Analyst, Office of Government-wide Policy, Office of Asset and Transportation Management, at 202-208-4334, or by email at [travelpolicy@gsa.gov](mailto:travelpolicy@gsa.gov). Please cite Notice of FTR Bulletin 21-03.

**SUPPLEMENTARY INFORMATION:** GSA is required by statute to set the mileage reimbursement rate for privately owned automobiles (POA) as the single standard mileage rate established by the Internal Revenue Service (IRS). The IRS mileage rate for medical or moving purposes is used to determine the POA rate when a Government-furnished automobile is authorized and also represents the privately owned vehicle (POV) standard mileage reimbursement rate for official relocation. Finally, GSA conducts independent reviews of the cost of travel and the operation of privately owned airplanes and motorcycles on an annual basis to determine their corresponding mileage reimbursement rates. These reviews evaluate various factors, such as the cost of fuel, depreciation of the original vehicle cost, maintenance and insurance, state and Federal taxes, and consumer price index data. FTR Bulletin 21-03 establishes and announces the new CY 2021 POV mileage reimbursement rates for official temporary duty and relocation travel. This notice is the only notification to agencies of revisions to the POV mileage rates for official travel and relocation,

other than the changes posted on GSA's website at <https://gsa.gov/mileage>.

*Background on the CPSTF:* The CPSTF is an independent, nonfederal panel whose members are appointed by the CDC Director. CPSTF members represent a broad range of research, practice, and policy expertise in prevention, wellness, health promotion, and public health. The CPSTF was convened in 1996 by the Department of Health and Human Services (HHS) to identify community preventive programs, services, and policies that increase health, longevity, save lives and dollars, and improve Americans' quality of life. CDC is mandated to provide ongoing administrative, research, and technical support for the operations of the CPSTF. During its meetings, the CPSTF considers the findings of systematic reviews of existing research and practice-based evidence and issues recommendations. CPSTF recommendations are not mandates for compliance or spending. Instead, they provide information about evidence-based options that decision makers and stakeholders can consider when they are determining what best meets the specific needs, preferences, available resources, and constraints of their jurisdictions and constituents. The CPSTF's recommendations, along with the systematic reviews of the evidence on which they are based, are compiled in the *The Community Guide*.

Topics will include Nutrition, Physical Activity, and Obesity and Health Equity/Social Determinants of Health.
