

Membership is limited to employees of credit unions with total assets of \$10 billion or less that are not affiliates of depository institutions or credit unions with total assets of more than \$10 billion.

Pursuant to section 12 of the Academic Research Council Charter, in appointing members to the committee the Director shall seek to assemble members who are economic experts and academics with diverse points of view; such as experienced economists with a strong research and publishing background, and a record of involvement in research and public policy, including public or academic service. Additionally, members should be prominent experts who are recognized for their professional achievements and rigorous economic analysis including those specializing in household finance, finance, financial education, labor economics, industrial organization, public economics, and law and economics; and experts from related social sciences related to the Bureau's mission. In particular, the Director will seek to identify academics with strong methodological and technical expertise in structural or reduced form econometrics; modeling of consumer decision-making; survey and random controlled trial methods; benefit cost analysis, welfare economics and program evaluation; or marketing.

The Bureau has a special interest in ensuring that the perspectives of women and men, all racial and ethnic groups, and individuals with disabilities are adequately represented on the advisory committees, and therefore, encourages applications from qualified candidates from these groups. The Bureau also has a special interest in establishing advisory committees that are represented by a diversity of viewpoints and constituencies, and therefore encourages applications from qualified candidates who:

1. Represent the United States' geographic diversity; and
2. Represent the interests of special populations identified in the Dodd-Frank Act, including service members, older Americans, students, and traditionally underserved consumers and communities.

IV. Application Procedures

Any interested person may apply for membership on the committees.

A complete application (<https://www.consumerfinance.gov/about-us/advisory-committees/apply/>) must include:

1. A one-page cover letter, which summarizes the applicant's expertise

and provides reason(s) why he or she would like to join the committee

2. A complete résumé or curriculum vitae for the applicant;

3. A recommendation letter from a third party describing the applicant's interests and qualifications to serve on the committee; and

4. A complete questionnaire.

To evaluate potential sources of conflicts of interest, the Bureau will ask potential candidates to provide information related to financial holdings and/or professional affiliations, and to allow the Bureau to perform a background check. The Bureau will not review applications and will not answer questions from internal or external parties regarding applications until the application period has closed.

The Bureau does not accept applications from federally registered lobbyists, convicted felons or current elected officials for a position on the advisory committees.

Only complete applications will be given consideration for membership on the advisory committees.

Dated: December 8, 2020.

Karla Carnemark,

Acting Chief of Staff, Bureau of Consumer Financial Protection.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP20-487-000]

Northern Natural Gas Company; Notice of Availability of the Environmental Assessment for the Proposed South Sioux City to Sioux Falls A-Line Replacement Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the South Sioux City to Sioux Falls A-line Replacement Project, proposed by Northern Natural Gas Company (Northern) in the above-referenced docket. Northern requests authorization to abandon a portion of its existing pipeline in-place and to construct, operate, and maintain new natural gas facilities in Dakota and Dixon Counties, Nebraska, and Lincoln and Union Counties, South Dakota.

The EA assesses the potential environmental effects of the construction and operation of the South Sioux City to Sioux Falls A-line Replacement Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Army Corps of Engineers participated as a cooperating agency in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

The proposed Project includes the following:

- Construction of 82.2 miles of 12-inch-diameter pipeline in Nebraska and South Dakota (A-line);
- construction of 3.2 miles of 12-inch-diameter pipeline in South Dakota (SDM97701 Tie-Over);
- construction of 1.9 miles of 3-inch-diameter pipeline in Nebraska (Ponca Branch Line);
- abandonment in-place of 79.2 miles of 14- and 16-inch-diameter pipeline in Nebraska and South Dakota (A-line);
- abandonment in-place of 0.2 mile of 2-inch-diameter pipeline in Nebraska (Ponca Branch Line);
- abandonment in-place of 0.1 mile of 2-inch-diameter pipeline in Nebraska (Jackson Branch Line); and
- construction and modification of aboveground facilities, including valves, regulators, metering facilities, pig launchers and receivers,¹ an odorizer, and town border station sites.

The Commission mailed a copy of the *Notice of Availability* to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>), select "General Search" and enter the docket number in the "Docket Number" field (*i.e.* CP20-487). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

The EA is not a decision document. It presents Commission staff's

independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before 5:00 p.m. Eastern Time on February 4, 2021.

For your convenience, there are three methods you can use to file your comments with the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website (www.ferc.gov) under the link to FERC Online. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website (www.ferc.gov) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the project docket number (CP20-487-000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered. Only
