SUPPLEMENTARY INFORMATION:

I. Advance Notice and Public Comment Procedures

Section 4103 of the John D. Dingell, Jr., Conservation, Management, and Recreation Act (Pub. L. 116-9) requires that the Secretary of Agriculture, acting through the Chief of the Forest Service, provide public notice and comment before permanently or temporarily closing any National Forest System lands to hunting, fishing, or recreational shooting. Section 4103 applies to the proposed forest order closing areas near Beattie Gulch and McConnell Fishing Access north and west of Gardiner, Montana to the discharge of firearms. On June 17, 2020, the Forest Service published advanced notice in the **Federal Register** of the 60-day public comment period beginning on June 24, 2020, for this proposed forest order. The Forest Service now provides this second advance notice that it is reopening the public comment period for this proposed forest order for 60 additional days. The purpose of reopening this public comment period is to provide the correct mailing address for comments submitted by mail. The public notice and comment process in section 4103(b)(2) requires the Secretary to publish a notice of intent, in the **Federal Register**, of the proposed closure in advance of the public comment period for the closure. This notice meets the requirement to publish a notice of intent in the **Federal Register** in advance of the public comment period.

Following the notice of intent, section 4103(b)(2) requires an opportunity for public comment. Because the proposed forest order would permanently close areas near Beattie Gulch and McConnell Fishing Access, north and west of Gardiner, Montana to the discharge of firearms, the public comment period must be not less than 60 days. The solicitation for public comment will be posted on www.fs.usda.gov/main/custergallatin and www.fs.usda.gov/about-agency/regulations-policies.

Section 4103(b)(2) requires the Secretary to respond to public comments received on the proposed forest order, explain how the Secretary resolved any significant issues raised by

the comments, and show how the resolution led to the closure. The response to comments on the proposed order, justification for the final order, and the issuance of the final forest order will all be posted on the following website: www.fs.usda.gov/main/custergallatin and www.fs.usda.gov/about-agency/regulations-policies.

II. Background and Need for Forest Order

This permanent shooting closure is needed to address potentially imminent harm to human health and safety resulting from the discharge of firearms in these small areas. Bow hunting/shooting would still be allowed. These areas total 23 acres in size collectively, Beattie Gulch is 18 acres and McConnell Fishing access totals 5 acres. The size of both areas has been limited to the minimum necessary to protect public health and safety. The Beattie Gulch area and McConnell Fishing Access permanent closures are needed to address concerns resulting from the discharge of firearms toward developed facilities including the Old Yellowstone Trail South, private property and residences, the Yellowstone River, a powerline, and Montana State Highway 89.

The proposed forest order and the justification for the forest order are available on the Forest Service's websites at www.fs.usda.gov/main/custergallatin and www.fs.usda.gov/about-agency/regulations-policies.

Tina Johna Terrell,

Associate Deputy Chief, National Forest System.

intention to request a revision for a currently approved information collection in support of compliance with Civil Rights laws.

DATES: Comments on this notice must be received by March 15, 2021 to be assured of consideration.

FOR FURTHER INFORMATION CONTACT: Sharese C. Paylor, Ed.D, Director, Rural Development, Civil Rights Staff, U.S. Department of Agriculture, STOP 0703, 1400 Independence Ave. SW, Washington, DC 20250-0703, Telephone (202) 692-0097 (voice) or 800.877.8339 (Federal Relay).

SUPPLEMENTARY INFORMATION:

Title: 7 CFR 1901-E, Civil Rights Compliance Requirements.

OMB Number: 0575-0018.

Expiration Date of Approval: May 30, 2021.

Type of Request: Revision of a Currently Approved Information Collection.

Abstract: The information collection under OMB Number 0575-0018 enables the RHS, RBS, and RUS, to effectively monitor a recipient's compliance with the civil rights laws, and to determine whether or not service and benefits are being provided to beneficiaries on an equal opportunity basis. The RBS, RHS, and RUS are required to provide Federal financial assistance through its housing and community and business programs on an equal opportunity basis. The laws implemented in 7 CFR part 1901, subpart E, require the recipients of RBS, RHS, and RUS Federal financial assistance to collect various types of information, including information on participants in certain of these agencies' programs, by race, color, and national origin.

The information collected and maintained by the recipients of certain programs from RBS, RHS, and RUS is used internally by these agencies for monitoring compliance with the civil rights laws and regulations. This information is made available to USDA officials, officials of other Federal agencies, and to Congress for reporting purposes. Without the required information, RBS, RHS, RUS and its recipients will lack the necessary documentation to demonstrate that their programs are being administered in a nondiscriminatory manner, and in full compliance with the civil rights laws.

In addition, the RBS, RHS, RUS and their recipients would be vulnerable in lawsuits alleging discrimination in the affected programs of these agencies, and would be without appropriate data and documentation to defend themselves by demonstrating that services and benefits

are being provided to beneficiaries on an equal opportunity basis.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 7.5 hours per response.

Respondents: Recipients of RBS, RHS, and RUS Federal financial assistance, loan, and loan guarantee programs.

Estimated Number of Respondents: 27,000.

Estimated Number of Responses per Respondent: 2.72.

Estimated Number of Responses: 73,559.

Estimated Total Annual Burden on Respondents: 550,276.

Copies of this information collection can be obtained from Kimble Brown, Regulations and Paperwork Management Branch, at (202) 720-6780.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Rural Development, including whether the information will have practical utility; (b) the accuracy of the Agencies' estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Jeanne Jacobs, Regulations and Paperwork Management Branch, Support Services Division, Rural Development U.S. Department of Agriculture, STOP 0742, Washington, DC 20250-0742. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
