

adjustments to ETA Form 671, Section II (Voluntary Disability Disclosure).

ETA has added the information collection requirements that are currently approved under OMB Control Number 1205–0224 to this ICR in an effort to consolidate all information collection requirements pertaining to the registration of apprenticeship programs and apprentices into a single ICR. The adjustments to ETA Form 9039 (Complaint Form—Equal Employment Opportunity in Apprenticeship Programs) include minor, nonsubstantive textual edits, and technical corrections indicating that the regulatory requirements governing registered apprenticeship programs are now contained in 29 CFR part 29, subpart A. ETA will submit a request to discontinue the ICR approved under OMB Control Number 1205–0224 once approval is granted by OMB on this ICR.

ETA has also added a new information collection instrument, ETA Form 9186 (State Apprenticeship Agency (SAA) Self-Assessment Report for Program Data and Apprentice Demographics), to this ICR. If approved, this form will be completed by the SAAs that currently do not use DOL/ETA's Registered Apprenticeship Partners Information Database System (RAPIDS) to administer Registered Apprenticeship in their respective state/territory. This collection will enable ETA to calculate more precisely the total number of registered apprenticeship programs and apprentices on a nationwide basis.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0223.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without

redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submission of responses).

Agency: DOL–ETA.

Type of Review: REVISION.

Title of Collection: Registration and Equal Employment Opportunity in Apprenticeship Programs.

Forms: ETA Form 671, ETA Form 9039, and ETA Form 9186.

OMB Control Number: 1205–0223.

Affected Public: Individuals/households, state/local/tribal governments, Federal government, private sector (businesses or other for-profits, and, not-for-profit institutions).

Estimated Number of Respondents: 651,093.

Frequency: Varies.

Total Estimated Annual Responses: 957,452.

Estimated Average Time per Response: Varies.

Estimated Total Annual Burden Hours: 521,964 hours.

Total Estimated Annual Other Cost Burden: \$0.

John Pallasch,

Assistant Secretary for Employment and Training.

BILLING CODE 4510–FR–P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA–2013–0017]

QAI Laboratories, Ltd. Applications for Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the final decision to expand the scope of recognition for QAI Laboratories, Ltd., (QAI) as a Nationally Recognized Testing Laboratory (NRTL).

DATES: The expansion of the scope of recognition becomes effective on January 13, 2021.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor, telephone: (202) 693–1999; email: meilinger.francis2@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, phone: (202) 693–2110 or email: robinson.kevin@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition for QAI to cover the addition of twenty-one test standards to the NRTL scope of recognition.

OSHA's recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by the applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes NRTL applications for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including QAI, detailing the NRTL's scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

QAI currently has two facilities (sites) recognized by OSHA for product testing and certification, with headquarters located at: QAI Laboratories, Ltd., 3980 North Fraser Way, Burnaby, BC, Canada, V5J 5K5. A complete list of QAI's scope of recognition is available at <https://www.osha.gov/dts/otpca/nrtl/qai.html>.

QAI submitted three applications, one dated October 16, 2017 (OSHA-2013-0017-0015), to expand recognition to include seventeen additional test standards. This application was amended on June 12, 2019 (OSHA-2013-0017-0016), to remove some standards from the original request and add others. This revised application was amended again on February 11, 2020 (OSHA-2013-0017-0017), to request twenty-one additional standards to be added to QAI's NRTL scope of recognition. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application. OSHA published the preliminary notice announcing QAI's expansion applications in the **Federal Register** on September 22, 2020 (85 FR 59557). The agency requested comments by October 7, 2020, but it received no comments in response to this notice. OSHA is now proceeding with this final notice to grant expansion of QAI's scope of recognition.

To obtain or review copies of all public documents pertaining to QAI's applications, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration at 202-693-2350. Docket No. OSHA-2013-0017 contains all materials in the record concerning QAI's recognition.

II. Final Decision and Order

OSHA examined QAI's expansion applications, the capability to meet the requirements of the test standards, and other pertinent information. Based on a review of this evidence, OSHA finds that QAI meets the requirements of 29 CFR 1910.7 for expansion of the scope of recognition, subject to the conditions listed below. OSHA, therefore, is proceeding with this final notice to grant the expansion of QAI's scope of recognition. OSHA limits the expansion of QAI's scope of recognition to testing and certification of products for demonstration of conformance to the test standards listed in Table 1.

TABLE 1—LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN QAI'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 1740	Standard for Robots and Robotic Equipment.
UL 22	Standard for Amusement and Gaming Machines.
UL 73	Standard for Motor-Operated Appliances.
UL 499	Standard for Electric Heating Machines.
UL 506	Standard for Specialty Transformers.
UL 676	Standard for Underwater Luminaires and Submersible Junction Boxes.
UL 1838	Standard for Low Voltage Landscape Lighting Systems.
UL 2202	Standard for Electric Vehicle (EV) Charging System Equipment.
UL 2388	Standard for Flexible Lighting Products.
UL 5085-1	Low Voltage Transformers—Part 1: General Requirements.
UL 5085-2	Low Voltage Transformers—Part 2: General Purpose Transformers.
UL 5085-3	Low Voltage Transformers—Part 3: Class 2 and Class 3 Transformers.
UL 8752	Organic Light Emitting Diode (OLED) Panels.
UL 60950-22	Information Technology Equipment—Safety—Part 22: Equipment to be Installed Outdoors.
UL 61010-2-010	Electrical Equipment Measurement, Control and Laboratory Use—Part 2-010: Particular Requirements for Laboratory Equipment for the Heating of Materials.
UL 61010-2-020	Electrical Equipment for Measurement, Control and Laboratory Use—Part 2-020: Particular Requirements for Laboratory Equipment for Laboratory Centrifuges.
UL 61010-2-081	Electrical Equipment for Measurement, Control and Laboratory Use—Part 2-081: Particular Requirements for Laboratory Equipment for Automatic and Semi-Automatic Equipment for Analysis and Other Purposes.
UL 61010-2-091	Electrical Equipment for Measurement, Control and Laboratory Use—Part 2-091: Particular Requirements for Laboratory Equipment for Cabinet X-Ray Systems.
UL 61010-2-101	Electrical Equipment for Measurement, Control and Laboratory Use—Part 2-101: Particular Requirements for In Vitro Diagnostic (IVD) Medical Equipment.
UL 62368-1	Audio/Video, Information and Communication Technology Equipment—Part 1: Safety Requirements.
ASME A17.5-2014	Elevator and Escalator Electrical Equipment.

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such

testing and certification, a NRTL's scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American National Standards. However, for convenience, the designation of the

standards-developing organization for the standard as opposed to the ANSI designation may be used. Under the NRTL Program's policy (see OSHA Instruction CPL 1-0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test

standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, QAI must abide by the following conditions of the recognition:

1. QAI must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in the operations as a NRTL, and provide details of the change(s);
2. QAI must meet all the terms of the recognition and comply with all OSHA policies pertaining to this recognition; and
3. QAI must continue to meet the requirements for recognition, including all previously published conditions on QAI's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of QAI, subject to the conditions specified in this notice.

III. Authority and Signature

Loren Sweatt, Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 8-2020 (85 FR 58393, Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on January 7, 2021.

Loren Sweatt,

Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Institute of Museum and Library Services

Submission for OMB Review, Comment Request, Proposed Collection Requests: 2021-2023 IMLS Native American Library Services Enhancement Grants Program Notice of Funding Opportunity

AGENCY: Institute of Museum and Library Services, National Foundation on the Arts and the Humanities.

ACTION: Submission for OMB review, comment request.

SUMMARY: The Institute of Museum and Library Services announces the following information collection has been submitted to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The purpose of this Notice is to solicit comments about the plan to offer a grant program targeted to the needs of Native American libraries. A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **FOR FURTHER INFORMATION CONTACT** section below on or before February 10, 2021.

OMB is particularly interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses).

ADDRESSES: Written comments and recommendations for proposed information collection requests should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection request by selecting "Institute of Museum and Library Services" under "Currently Under Review," then check "Only Show ICR for Public Comment" checkbox or mail to Office of Information and Regulatory Affairs, *Attn.:* OMB Desk Officer for Education, Office of Management and Budget, Room 10235, Washington, DC 20503, 202-395-7316.

FOR FURTHER INFORMATION CONTACT: Anthony D. Smith, Associate Deputy Director, Office of Library Services, Institute of Museum and Library Services, 955 L'Enfant Plaza North, SW, Suite 4000, Washington, DC 20024-2135. Mr. Smith can be reached by telephone at 202-653-4716, or by email at asmith@imls.gov.

SUPPLEMENTARY INFORMATION: The Institute of Museum and Library Services is the primary source of federal support for the nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. Our vision is a nation where museums and libraries work together to work together to transform the lives of individuals and communities. To learn more, visit www.imls.gov.

Current Actions: The purpose of this collection is to support Native American libraries in improving digital services, improving educational programs, and enhancing preservation and revitalization, particularly as they relate to the following goals in the Museum and Library Services Act (20 U.S.C. 9141).

1. Expanding services for learning and access to information and educational resources in a variety of formats (including new and emerging technology), in all types of libraries, for individuals of all ages in order to support such individuals' need for education, lifelong learning, workforce development, economic and business development, health information, critical thinking skills, digital library skills, and financial literacy and other types of literacy skills.

2. Establishing or enhancing electronic and other linkages and improved coordination among and between libraries and entities, as described in 20 U.S.C. 9134(b)(6), for the purpose of improving the quality of and access to library and information services.

3. Providing training and professional development, including continuing education, to enhance the skills of the current library workforce and leadership, and advance the delivery of library and information services; and enhancing efforts to recruit future professionals, including those from diverse and underrepresented backgrounds, to the field of library and information services.

4. Developing public and private partnerships with other agencies, tribes, and community-based organizations.

5. Targeting library services to individuals of diverse geographic,
