

- including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

**Overview of This Information Collection**

1. *Type of Information Collection* (check justification or form 83): Extension with change of a currently approved collection.
2. *The Title of the Form/Collection: Records and Supporting Data: Importation, Receipt, Storage, and Disposition by Explosives Importers, Manufacturers, Dealers, and Users Licensed Under Title 18 U.S.C. Chapter 40 Explosives.*
3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:*  
 Form number (if applicable): None.  
 Component: Bureau of Alcohol, Tobacco, Firearms and Explosives, U.S. Department of Justice.
4. *Affected public who will be asked or required to respond, as well as a brief abstract:*  
 Primary: Business or other for-profit.  
 Other (if applicable): None.  
 Abstract: This information collection requires the maintenance of records showing daily activities in the importation, manufacture, receipt, storage, and disposition of all explosive materials covered under 18 U.S.C. Chapter 40 Explosives. These records must also show where and to whom explosive materials are sent, thereby ensuring that any diversions will be readily apparent, and that ATF will be immediately notified if these materials are lost or stolen.
5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated 9,411 respondents will prepare records for this information collection annually, and it will take each respondent approximately 12.6 hours to prepare the required records.
6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated annual public burden associated with this collection is 592,893 hours, which is equal to 47,055

(# of annual responses) \* 12.6 (# of hours per response).  
 7. *An Explanation of the Change in Estimates:* The adjustments associated with this collection include a decrease in the number of respondents, responses and total burden hours by 516, 2,580, and 32,508 hours respectively, since the last IC renewal in 2017.

**Overview of This Information Collection**

(1) *Type of Information Collection:* Reinstatement of the Census of Publicly Funded Forensic Crime Laboratories, with changes, of a previously approved collection for which approval has expired.

(2) *The Title of the Form/Collection:* 2020 Census of Publicly Funded Forensic Crime Laboratories.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number is CFCL-20. The applicable component within the Department of Justice is the Bureau of Justice Statistics, Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:*

This information collection is a census of federal, state, and local publicly funded forensic crime laboratories that analyze criminal evidence. This data collection follows the 2014 study and will collect information on personnel, budgets, workloads, policies, and procedures of crime laboratories. BJS plans to field the 2020 CPFFCL from May to October 2021. The census form was assessed by practitioners and subject matter experts to update it from the 2014 form and ensure its relevance to forensic crime laboratories as well as reduce respondent burden. The form was then cognitively tested with 23 forensic crime laboratories of different sizes, regions, and government levels. In addition to collecting detailed data for the 2020 reference year, CPFFCL will also collect summary data for the 2019 reference year.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* A projected 500 respondents will take an average of 2.5 hours each to complete form, including time to research or find information not readily

The company plans to manufacture bulk controlled substances for use in analytical testing. In reference to drug codes 7360 (Marihuana) and 7370
