Because no party requested a review of the China-wide entity, and Commerce no longer considers the China-wide entity as an exporter conditionally subject to administrative reviews, we did not conduct a review of the China-wide entity. The rate previously established for the China-wide entity is 236.00 percent and is not subject to change as a result of this review.

Assessment Rates

We have not calculated any assessment rates in this administrative review. Based on record evidence, we have determined that Fedmet had no shipments of subject merchandise, and therefore, pursuant to Commerce's assessment practice, any suspended entries that entered under its case number will be liquidated at the China-wide entity rate.³

For all remaining companies subject to this review, which are part of the China-wide entity, we will instruct CBP to liquidate their entries at the current rate for the China-wide entity (*i.e.*, 236.00 percent). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the publication date of the final results of this administrative review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided by section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act): (1) For previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, and which were not assigned the China-wide rate in this review, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed period; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the China-wide rate

of 236.00 percent; and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

These final results are issued and published in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h).

Dated: January 12, 2021.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

Certain Circular Welded Carbon Steel Pipes and Tubes From Taiwan: Final Results of Antidumping Duty Administrative Review, 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that Shin Yang Steel Co., Ltd. (Shin Yang), a producer/exporter of merchandise subject to this administrative review, made sales of subject merchandise at less than normal value during the period of review (POR) May 1, 2018 through April 30, 2019.

DATES: Applicable January 21, 2021.

FOR FURTHER INFORMATION CONTACT: Nicolas Mayora, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington DC 20230; telephone: (202) 482-3053.

SUPPLEMENTARY INFORMATION:

Background

Commerce is conducting an administrative review of the

antidumping duty (AD) order on certain circular welded carbon steel pipes and tubes from Taiwan, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).¹ On July 24, 2020, Commerce published in the **Federal Register** the *Preliminary Results* of this administrative review.² We invited interested parties to comment on the *Preliminary Results*. A complete summary of events that occurred since Commerce published the *Preliminary Results* can be found in the Issues and Decision Memorandum.³

Scope of the Order

The merchandise subject to this order is certain circular welded carbon steel pipes and tubes from Taiwan. The products are currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 7306.30.5025, 7306.30.5032, 7306.30.5040, and 7306.30.5055. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description of the scope of the order remains dispositive. For a full description of the scope, see the Issues and Decision Memorandum.⁴

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice as an Appendix. The Issues and Decision memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

⁴ For a full description of the scope, see the Issues and Decision Memorandum.

Changes Since the Preliminary Results

Based on our analysis of comments received from parties, and for the reasons explained in the Issues and Decision Memorandum, Commerce made certain changes to the *Preliminary Results*. Specifically, we revised our treatment of Shin Yang's purchases of hot-rolled coil from its affiliate.⁵ In addition, we used the updated U.S. sales database provided by Shin Yang on March 3, 2020.⁶ However, these revisions did not result in a change to the weighted-average dumping margin calculated for Shin Yang in these final results of review.

Final Results of the Review

Commerce determines that the following weighted-average dumping margin exists for Shin Yang for the POR from May 1, 2018 through April 30, 2019:

Producer/exporter	Dumping margin (percent)
Shin Yang Steel Co., Ltd	1.71

Disclosure

We intend to disclose the calculations performed for these final results to interested parties in this proceeding within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, AD duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For Shin Yang, because its weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent), Commerce has calculated importer-specific (or customer-specific) antidumping duty assessment rates for merchandise subject to this review.⁷ We calculated importer-specific antidumping duty assessment rates by aggregating the total amount of dumping calculated for the examined sales of
