

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Shipboard Observation Form for Floating Marine Debris**

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before March 30, 2021.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at Adrienne.thomas@noaa.gov. Please reference OMB Control Number 0648-0644 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to MaryLee Haughwout, Deputy Director, NOAA Marine Debris Program, 1305 East West Highway, Silver Spring, Maryland 20910, MaryLee.Haughwout@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This is a request for extension of a currently approved information collection.

This data collection project will be coordinated by the NOAA Marine Debris Program, under the authority of Marine Debris Act (33 U.S.C. 1951 *et seq.*) to identify, determine sources of, assess, prevent, reduce, and remove marine debris and address the adverse impacts of marine debris on the economy of the United States, marine environment, and navigation safety. Information is collected from

recreational and commercial vessels, shipboard observers, and non-government organizations (NGOs) who are on the ocean regularly, as well as numerous experts on marine debris observations at sea. The Shipboard Observation Form for Floating Marine Debris was created based on methods used in studies of floating marine debris by established researchers, previous shipboard observational studies conducted at sea by NOAA, and the experience and input of recreational sailors. The goal of this form is to be able to report the amount and types of visible, floating marine debris within an area of a water body of a known size. Additionally, this form will help collect data on floating marine debris that could result from future severe marine debris generating events in order to model the movement of the debris as well as prepare (as needed) for debris arrival. This form can be used to collect data on floating marine debris in any water body.

II. Method of Collection

Respondents have a choice of either electronic or paper forms. Methods of submittal include email of electronic forms, and mail and facsimile transmission of paper forms.

III. Data

OMB Control Number: 0648-0644.

Form Number(s): None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Individuals or households; not-for profit institutions; business or other for-profit organizations.

Estimated Number of Respondents: 5.

Estimated Time per Response: 30 minutes.

Estimated Total Annual Burden Hours: 3 hours.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

Respondent's Obligation: Voluntary.

Legal Authority: Marine Debris Act (33 U.S.C. 1951 *et seq.*).

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality,

utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID 0648-XA833]

Mid-Atlantic Fishery Management Council (MAFMC); Public Hearings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hearings; request for comments.

SUMMARY: The Mid-Atlantic Fishery Management Council (Council) and the Atlantic States Marine Fisheries Commission (Commission) will hold five public hearings via webinar and a written comment period to solicit public comments on a developing management action to consider potential changes to the allocation of total catch or landings between the commercial and recreational summer flounder, scup, and black sea bass fisheries.

DATES: The webinar hearings will be held between February 17 and March 2, 2021. Each hearing will take place from 6 p.m. to 8 p.m. EST. Written comments must be received on or before 11:59 p.m. EST, March 16, 2021. See **SUPPLEMENTARY INFORMATION** for more details, including the dates and times for all hearings.

ADDRESSES: All hearings will be hosted through GoToWebinar. You must use GoToWebinar to speak during the hearings. A listen-only call in option is also available. Participants will not be able to speak through the listen-only phone connection. To access any of the webinar hearings, please follow the registration prompts at <https://attendee.gotowebinar.com/rt/1218348356340238349>. To attend the webinar in listen only mode without the ability to speak, you may dial 1-877-309-2074 and enter access code 128-060-916.

A public hearing document with more information on this action is available at: <https://www.mafmc.org/actions/sfsbsb-allocation-amendment>. Copies of the document are also available by request from Dr. Chris Moore, Executive Director, Mid-Atlantic Fishery Management Council, 800 N State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331.

Public comments: Written comments may be sent by any of the following methods:

- **Email to:** kdancy@mafmc.org (subject: "Summer Flounder, Scup, Sea Bass Allocation Amendment").

- **Via webform at:** <https://www.mafmc.org/comments/sfsbsb-allocation-amendment>.

- **Mail to:** Chris Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, 800 North State Street, Suite 201, Dover, DE 19901. Mark the outside of the envelope "Summer Flounder, Scup, Sea Bass Allocation Amendment."

- **Fax to:** 302.674.5399 (subject: "Summer Flounder, Scup, Sea Bass Allocation Amendment").

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The Council and the Commission are developing a joint action to consider adjusting the allocations of catch or landings between the commercial and recreational fisheries for summer flounder, scup, and black sea bass. The commercial and recreational allocations for all three species are currently based on historical proportions of landings (for summer flounder and black sea bass) or catch (for scup) from each sector. The current allocations were set in the mid-1990s and have not been revised since that time. Recent changes in how recreational catch is estimated have resulted in a discrepancy between the current levels of estimated recreational harvest and the allocations of summer flounder, scup, and black sea

bass to the recreational sector. This action will consider whether modifications to the allocations are needed in light of these and other changes in the fisheries. This action will also consider the option to transfer a portion of the allowable landings each year between the commercial and recreational sectors, in either direction, based on the needs of each sector, and consider whether future additional modifications to the commercial/recreational allocations and/or transfer provisions can be considered through a future FMP addendum/framework action, as opposed to an amendment. Additional information on this action is available at: <https://www.mafmc.org/actions/sfsbsb-allocation-amendment>.

The dates and times of the five webinar hearings are listed below. You are encouraged to participate in the hearing for your state or region; however, all hearings are open to all individuals.

1. Massachusetts and Rhode Island: Wednesday, February 17, 2021; 6-8 p.m. EST.
2. New Jersey: Thursday, February 18, 2021; 6-8 p.m. EST.
3. Delaware and Maryland: Wednesday, February 24, 2021; 6-8 p.m. EST.
4. Virginia and North Carolina: Monday, March 1, 2021; 6-8 p.m. EST.
5. Connecticut and New York: Tuesday, March 2, 2021; 6-8 p.m. EST.

Special Accommodations

These hearings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Kathy Collins at the Mid-Atlantic Council Office, (302) 526-5253, at least 5 days prior to the hearing date.

Authority: 16 U.S.C. 101 *et seq.*

Dated: January 25, 2021.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Donald Collins, Oceanographer, NOAA/National Centers for Environmental Information, 1315 East West Hwy., Silver Spring, MD 20910, 301-713-4853, Donald.Collins@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for revision and extension of a currently approved information collection. The National Oceanic and Atmospheric Administration (NOAA) collects, generates, retains, and redistributes geospatial metadata in a wide array of data formats covering diverse aspects of earth, biological, and space sciences. To fully understand and reuse these data over the course of many years, NOAA provides several metadata documentation tools for various communities of users to enable them to
