

permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Reinstatement of the Identity Theft Supplement, with changes, a previously approved collection for which approval has expired.

(2) *The Title of the Form/Collection:* 2021 Identity Theft Supplement.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number for the questionnaire is ITS-1. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will be persons 16 years or older living in households located throughout the United States sampled for the National Crime Victimization Survey (NCVS). The ITS will be conducted as a supplement to the NCVS in all sample households for a six (6) month period. The ITS is primarily an effort to measure the prevalence of identity theft among persons, the characteristics of identity theft victims, and patterns of reporting to the police, credit bureaus, and other authorities. The ITS was also designed to collect important characteristics of identity theft such as how the victim's personal information was obtained; the physical, emotional and financial impact on victims; offender information; and the measures people take to avoid or minimize their risk of becoming an identity theft victim. BJS plans to publish this information in reports and reference it when responding to queries from the U.S. Congress, Executive Office of the President, the U.S. Supreme Court, state officials, international organizations, researchers, students, the media, and others interested in criminal justice statistics.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimate of the total number of respondents is 104,910. An estimated 90.2% of respondents (94,630) will have no identity theft and will complete the short interview with an average burden of eight minutes. Among the 9.8% of respondents (10,280) who experience at least one incident of identity theft, the time to ask the detailed questions regarding the aspects of the most recent incident of identity theft is estimated to take an average of fifteen minutes. Respondents will be asked to respond to this survey

only once during the six-month period. The burden estimate is based on actual interview times from the 2018 ITS, an analysis of the 2021 ITS questionnaire changes, and mock interviews done with the 2021 questionnaire.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 15,185 total burden hours associated with this collection.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: January 27, 2021.

Melody Braswell,

Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410-18-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Apprenticeship Evidence-Building Portfolio, New Collection

AGENCY: Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents is properly assessed. Currently, the Department of Labor is soliciting comments concerning the collection of data about the Apprenticeship Evidence-Building Portfolio. A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the

addressee section below on or before April 5, 2021.

ADDRESSES: You may submit comments by either one of the following methods:

Email: ChiefEvaluationOffice@dol.gov; *Mail or Courier:* Janet Javar, Chief Evaluation Office, OASP, U.S. Department of Labor, Room S-2312, 200 Constitution Avenue NW, Washington, DC 20210. *Instructions:* Please submit one copy of your comments by only one method. All submissions received must include the agency name and OMB Control Number identified above for this information collection. Comments, including any personal information provided, become a matter of public record. They will also be summarized and/or included in the request for OMB approval of the information collection request.

FOR FURTHER INFORMATION CONTACT:

Janet Javar by email at ChiefEvaluationOffice@dol.gov or by phone at (202) 693-5954.

SUPPLEMENTARY INFORMATION:

I. *Background:* The Chief Evaluation Office (CEO) of the U.S. Department of Labor (DOL) intends to design and conduct evaluations of DOL-funded apprenticeship initiatives through the Apprenticeship Evidence-Building Portfolio. The portfolio of initiatives includes the *Scaling Apprenticeship Through Sector-Based Strategies* grants, *Closing the Skills Gap* grants, *Youth Apprenticeship Readiness* grants, and other DOL investments. The goal of this five-year study is to build evidence on apprenticeship models, practices, and partnership strategies in high-growth occupations and industries. The overall study is comprised of several components: (1) An implementation study of the *Scaling Apprenticeship* and *Closing the Skills Gap* grants to develop typologies of apprenticeship models and practices, identify promising strategies across the portfolio, and to better understand the implementation of models to help interpret impact evaluation findings; (2) a study of registered apprenticeship state systems and partnerships to assess their capacity to develop, design, modify, implement, replicate, sustain, expand/scale up, and evaluate apprenticeship strategies and models; and (3) an implementation evaluation of the *Youth Apprenticeship Readiness* grant program to understand service delivery design and implementation, challenges, and promising practices. DOL will submit additional ICRs for future data collection requests for this overall study.

This **Federal Register** Notice provides the opportunity to comment on nine

proposed data collection instruments that will be used in the evaluations: Apprenticeship grantee survey; state system capacity assessment interview guide for state staff; state system capacity assessment interview guide for local lead organization staff; state system capacity assessment interview guide for local partner staff; state system capacity assessment interview guide for employer partner staff; youth apprenticeship baseline survey and consent form for program staff; youth apprenticeship interview guide for program staff; youth apprenticeship interview guide for program partners; and youth apprenticeship interview guide for follow-up with program staff.

1. *Apprenticeship grantee survey.* Survey of 23 *Scaling Apprenticeship* and 28 *Closing the Skills Gap* grantees to collect program information.

2. *State System Capacity Assessment semi-structured interview protocol for state staff.* Virtual semi-structured interviews with approximately 5 state staff in each of the approximately 15 states participating in the study, beginning summer 2021.

3. *State System Capacity Assessment semi-structured interview protocol for local lead organization staff.* Virtual semi-structured interviews with approximately 6 staff from local lead organizations in each state.

4. *State System Capacity Assessment semi-structured interview protocol for local partner staff.* Virtual semi-structured interviews with approximately 10 local partner staff in each state.

5. *State System Capacity Assessment semi-structured interview protocol for employer partner staff.* Virtual semi-structured interviews with approximately 2 employer partner staff in each state.

6. *Youth Apprenticeship survey and consent for program staff.* Survey of Youth Apprenticeship Readiness grant program staff to collect program information.

7. *Youth Apprenticeship semi-structured interview protocol for program staff.* In-person semi-structured interviews with approximately 4 program staff in each of the approximately 9 grants participating in the study, beginning in fall 2021. If in-person visits are not possible, the interviews will be conducted virtually.

8. *Youth Apprenticeship semi-structured interview protocol for program partners.* In-person semi-structured interviews with approximately 6 staff of program partners in each grants. If in-person visits are not possible, the interviews will be conducted virtually.

9. *Youth Apprenticeship semi-structured interview protocol for follow-up with program staff.* In-person semi-structured follow-up interviews with approximately 2 program staff in each grant. If in-person visits are not possible, the interviews will be conducted virtually.

II. *Desired Focus of Comments:* Currently, DOL is soliciting comments concerning the above data collection for the Apprenticeship Evidence-Building Portfolio. DOL is particularly interested in comments that do the following:

- evaluate whether the proposed collection of information is necessary for the proper performance functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's burden estimate of the proposed information collection, including the validity of the methodology and assumptions;
- enhance the quality, utility, and clarity of the information to be collected; and

○ minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology—for example, permitting electronic submissions of responses.

III. *Current Actions:* At this time, DOL is requesting clearance for the apprenticeship grantee survey; state system capacity assessment interview protocol for state staff; state system capacity assessment interview protocol for local lead organization staff; state system capacity assessment interview protocol for local partner staff; state system capacity assessment interview protocol for employer partner staff; youth apprenticeship baseline survey and consent form for program staff; youth apprenticeship interview protocol for program staff; youth apprenticeship interview protocol for program partners; and youth apprenticeship interview protocol for follow-up with program staff.

Type of Review: New information collection request.

OMB Control Number: 1290–0NEW.

Affected Public: Program staff, program partners, and participants of the *Scaling Apprenticeship Through Sector-Based Strategies, Closing the Skills Gap, and Youth Apprenticeship Readiness* grants. Additionally, state staff, partners, and representatives of local and regional apprenticeship initiatives and programs.

Comments submitted in response to this request will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

ESTIMATED ANNUAL BURDEN HOURS

Type of instrument (form/activity)	Number of respondents	Number of responses per respondent	Total number of responses	Average burden time per response (hours)	Estimated burden hours
Apprenticeship grantee survey	1	17	17	3.0	51
State System Capacity Assessment interview protocol—state staff	2	25	25	2.0	50
State System Capacity Assessment interview protocol—local lead organization staff	3	30	30	1.0	30
State System Capacity Assessment interview protocol—local partner staff	4	50	50	1.0	50
State System Capacity Assessment interview protocol—employer partner staff	5	10	10	1.0	10
Youth Apprenticeship survey and consent—program staff	5	5	5	1.5	7.5
Youth Apprenticeship interview protocol—program staff	6	12	12	1.0	12
Youth Apprenticeship interview protocol—program partners	7	18	18	1.0	18

ESTIMATED ANNUAL BURDEN HOURS—Continued

Type of instrument (form/activity)	Number of respondents	Number of responses per respondent	Total number of responses	Average burden time per response (hours)	Estimated burden hours
Youth Apprenticeship interview protocol—follow-up with program staff	⁸ 6	1	6	1.0	6
Total	173	173	234.5

¹ Assumes 23 Scaling Apprenticeship and 28 Closing the Skill Gap grantees over the three-year clearance period.

² Assumes interviews with 5 staff in state programs in 15 states over the three-year clearance period.

³ Assumes interviews with 6 staff in lead organizations in 15 states over the three-year clearance period.

⁴ Assumes interviews with 10 staff in local partner organizations in 15 states over the three-year clearance period.

⁵ Assumes interviews with 2 staff with employers in 15 states over the three-year clearance period.

⁶ Assumes interviews with 4 program staff in 9 sites over the three-year clearance period.

⁷ Assumes interviews with 6 program partner staff in 9 sites over the three-year clearance period.

⁸ Assumes follow-up interviews with 2 program staff in 9 sites over the three-year clearance period.

Christina Yancey,

Chief Evaluation Officer, U.S. Department of Labor.

BILLING CODE 4510-HX-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (21-008)]

Planetary Science Advisory Committee; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, the National Aeronautics and Space Administration (NASA) announces a meeting of the Planetary Science Advisory Committee. The meeting will be held for the purpose of soliciting, from the scientific community and other persons, scientific and technical information relevant to program planning.

DATES: Monday, March 1, 2021, 10:00 a.m. to 6:00 p.m., Eastern Time; and Tuesday, March 2, 2021, 10:00 a.m. to 6:00 p.m., Eastern Time.

ADDRESSES: Virtual meeting via WebEx and dial-in teleconference only.

FOR FURTHER INFORMATION CONTACT: Ms. Karshelia Henderson, Science Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358-2355 or khenderson@nasa.gov.

SUPPLEMENTARY INFORMATION: As noted above, this meeting will be available to the public telephonically and by WebEx only. The meeting event for attendees is: <https://nasaenterprise.webex.com/nasaenterprise/j.php?MTID=m1aafd71607930a725986be629a61990e>. The event meeting number is 199 538 6929 and the

password is PAC_March2021. For audio, when joining the Webex event, you may use your computer or provide your phone number to receive a call back. Otherwise, call the U.S. toll conference number: 1-415-527-5035 and enter the access code 199 538 6929.

The agenda for the meeting includes the following topics:

—Planetary Science Division Update
—Planetary Science Division Research and Analysis Program Update

It is imperative that the meeting be held on these dates to accommodate the scheduling priorities of the key participants.

Patricia Rausch,

Advisory Committee Management Officer, National Aeronautics and Space Administration.

BILLING CODE 7510-13-P

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation.

ACTION: Notice of permit applications received.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by March 4, 2021. This application may be inspected by

interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314.

FOR FURTHER INFORMATION CONTACT: Nature McGinn, ACA Permit Officer, at the above address, 703-292-8030, or ACApermits@nsf.gov.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Public Law 95-541, 45 CFR 671), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

Application Details

Permit Application: 2021-007

1. *Applicant:* Lynne Talley, Scripps Institution of Oceanography, UCSD, La Jolla, CA 92093-0230.

Activity for Which Permit is Requested

Type, description of activity.

Location

Waste Management. The applicant is seeking a waste management permit for waste management activities associated with the deployment of floating oceanographic profiling instruments (Argo floats) in Southern Ocean waters. The Argo floats would autonomously collect temperature, salinity, oxygen, pH, nitrate, fluorescence, backscatter, and irradiance from 0 to 2000 m, every 10 days. The floats would freely drift and would likely leave and enter the
