

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Southeast Region Logbook Family of Forms.

OMB Control Number: 0648–0016.

Form Number(s): None.

Type of Request: Regular submission—extension and revision of a current information collection.

Estimated Number of Respondents: 6,971.

Estimated Time per Response: Annual fixed-cost report, 45 minutes; Colombian fishery logbook, 18 minutes; discard logbook, 15 minutes; headboat, charter vessel, golden crab, reef fish-mackerel, economic cost per trip, wreckfish, and shrimp logbooks, 10 minutes; no-fishing report for golden crab, reef fish-mackerel, charter vessels, wreckfish and Colombian fisheries, 2 minutes; installation of a vessel monitoring unit, 5 hours; landing location request and power-down exemption request, 5 minutes; trip declaration, 2 minutes; and the proposed intercept survey, 15 minutes.

Estimated Total Annual Burden Hours: 69,165.

Needs and Uses: This request is for an extension and revision of a current information collection.

Participants in most federally managed fisheries in the NMFS Southeast Region are currently required to keep and submit catch and effort logbooks from their fishing trips. A subset of fishermen on these vessels also provide information on the species and quantities of fish, shellfish, marine turtles, and marine mammals that are caught and discarded or have interacted with the fishing gear. A subset of fishermen on these vessels also provide information about dockside fish and fuel prices, trip operating costs, and annual fixed costs.

The data are used for scientific analyses that support critical conservation and management decisions made by national and international fishery management organizations. Interaction reports are needed for fishery management planning and to help protect endangered species and marine mammals. Price and cost data will be used in analyses of the economic effects of existing and proposed regulations.

A final rule that implements requirements under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) will require a vessel owner or operator with a Federal charter vessel/headboat permit for Gulf of Mexico (Gulf) reef fish or Gulf coastal migratory pelagic (CMP) species to

submit an electronic fishing report (also referred to as an electronic logbook) for each fishing trip (85 FR 44005, July 21, 2020). NMFS is designing and plans to implement an intercept survey in 2021 to support and validate the electronic logbooks submitted for the Gulf for-hire reporting program. These survey data are required to carry out provisions of the Magnuson-Stevens Act (16 U.S.C. 1801 *et seq.*), as amended, regarding conservation and management of fishery resources.

The survey would intercept captains (respondents) of Gulf federally-permitted charter vessels and headboats (for-hire vessels) in the aforementioned fisheries at verified landing locations that are randomly selected in Gulf counties to obtain information after fishing activity for each trip has occurred. The intercept survey is not a census of all electronically reported logbooks but instead would use a stratified random sampling protocol to select landing locations for port samplers to gather a representative sample. Respondents would be asked about vessel information, time and type of fishing, the number of anglers, and details of catch. Catch information would include species identification, number of fish, and disposition (*i.e.*, fish kept and released). Length and weight measurements of species retained on fishing trips may also be collected if circumstances allow.

The purpose of the intercept survey is to validate the electronic logbooks submitted through the Gulf for-hire reporting program, the information collection for which are approved under OMB Control Number 0648–0016. The data collected from the intercept survey would be used to estimate non-reporting of fishing trips and reporting errors. Data from the intercept survey would be analyzed through statistical methods to provide accurate estimates of the total catch and effort. Without the intercept survey, the electronic logbook results would be left unchecked and could be erroneous due to no adjustments for non-reporting and misreporting. Erroneous fisheries information could mislead management and lead to inappropriate or unnecessary regulations or lead to lack thereof when needed.

The total for-hire catch and effort estimates obtained from the intercept survey, as well as from the Gulf for-hire reporting program are intended to be used on an ongoing basis by NMFS, regional fishery management councils, interstate marine fisheries commissions, and state natural resource management agencies to develop, implement, and monitor fishery management programs,

per statutory requirements of the Magnuson-Stevens Act. Catch and effort statistics are fundamental for assessing the influence of fishing on any fish stock. Accurate estimates of the quantities taken, fishing effort, and both the seasonal and geographic distributions of the catch and effort are required for the development of regional management plans and policies.

Affected Public: Businesses or other for-profit organizations; individuals.

Frequency: Annual, periodic, and as needed.

Respondent's Obligation: Mandatory.

Legal Authority: 16 U.S.C. 1801 *et seq.*

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0016.

BILLING CODE 3510–22–P

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to the Procurement List.

SUMMARY: This action adds a service to the Procurement List that will be furnished by a nonprofit agency employing persons who are blind or have other severe disabilities.

DATES: *Date added to the Procurement List:* February 15, 2021.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S Clark Street, Suite 715, Arlington, Virginia, 22202–4149.

FOR FURTHER INFORMATION CONTACT: Michael R. Jurkowski, Telephone: (703) 603–2117, Fax: (703) 603–0655, or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION:**Additions**

On 10/23/2020, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51–2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the service and impact of the addition on the current or most recent contractors, the Committee has determined that the service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4. This Notice clarifies the Notice of January 29, 2021 by adjusting the effective date of addition the Procurement from February 28, 2021 to February 15, 2021.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the product(s) and service(s) to the Government.

2. The action will result in authorizing small entities to furnish the product(s) and service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service is added to the Procurement List:

Service

Service Type: Custodial Service
Mandatory for: US Air Force, Cannon Air Force Base, NM
Mandatory Source of Supply: ENMRSH, Inc., Clovis, NM
Contracting Activity: DEPT OF THE AIR FORCE, FA4855 27 SOCONS LGC

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of

the Custodial Service, US Air Force, Cannon Air Force Base, NM contract. The Federal customer contacted, and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the US Air Force will refer its business elsewhere, this addition must be effective on February 15, 2021, ensuring timely execution for a March 1, 2021, start date while still allowing 13 days for comment. Pursuant to its own regulation 41 CFR 51–2.4, the Committee has been in contact with one of the affected parties, the incumbent of the expiring contract, since March 2020 and determined that no severe adverse impact exists. The Committee also published a notice of proposed Procurement List addition in the **Federal Register** on October 23, 2020, and did not receive any comments from any interested persons, including from the incumbent contractor. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

Michael R. Jurkowski,

Deputy Director, Business & PL Operations.

BILLING CODE 6353–01–P

ELECTION ASSISTANCE COMMISSION**Sunshine Act Meetings**

AGENCY: U.S. Election Assistance Commission.

ACTION: Sunshine Act notice; notice of public roundtable agenda.

SUMMARY: Roundtable Discussion: Accessibility Lessons Learned From the 2020 Elections.

DATES: Wednesday, February 17, 2021, 1:00 p.m.–2:30 p.m. Eastern.

ADDRESSES: Virtual via Zoom.

The roundtable discussion is open to the public and will be livestreamed on the U.S. Election Assistance Commission YouTube Channel: <https://www.youtube.com/channel/UCpN6i0g2rIF4ITWhwvBwwZw>.

FOR FURTHER INFORMATION CONTACT: Kristen Muthig, Telephone: (202) 897–9285, Email: kmuthig@eac.gov.

SUPPLEMENTARY INFORMATION:

Purpose: In accordance with the Government in the Sunshine Act (Sunshine Act), Public Law 94–409, as amended (5 U.S.C. 552b), the U.S. Election Assistance Commission (EAC) will conduct a virtual roundtable discussion on the lessons learned regarding accessibility for voters with disabilities from the 2020 elections.

Agenda: The U.S. Election Assistance Commission (EAC) will hold a roundtable discussion on accessibility for voters with disabilities from the 2020 elections. The first portion of the meeting will include a presentation of findings from the “2020 Disability and Voting Accessibility Survey” conducted by Rutgers University on behalf of the EAC. The second portion of the roundtable will include subject matter experts and election officials who will discuss the challenges and successes they saw during the 2020 elections with regard to serving voters with disabilities.

The full agenda will be posted in advance on the EAC website: <https://www.eac.gov>.

Status: This roundtable discussion will be open to the public.

Amanda Joiner,

Associate Counsel, U.S. Election Assistance Commission.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Project No. 14635–001]

Village of Gouverneur, New York; Notice of Settlement Agreement

Take notice that the following settlement agreement has been filed with the Commission and is available for public inspection.

a. **Type of Application:** Settlement Agreement.

b. **Project No.:** 14635–001.

c. **Date Filed:** January 13, 2021.

d. **Applicant:** Village of Gouverneur, New York (Village of Gouverneur).

e. **Name of Project:** Gouverneur Hydroelectric Project (Project).

f. **Location:** On the Oswegatchie River, in the Village of Gouverneur, St. Lawrence County, New York. The project does not occupy any federal land.

g. **Filed Pursuant to:** Rule 602 of the Commission's Rules of Practice and Procedure, 18 CFR 385.602.

h. **Applicant Contact:** Ronald P. McDougall, Mayor, Village of
