

SUPPLEMENTARY INFORMATION:**Additions**

On 10/23/2020, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51–2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the service and impact of the addition on the current or most recent contractors, the Committee has determined that the service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4. This Notice clarifies the Notice of January 29, 2021 by adjusting the effective date of addition the Procurement from February 28, 2021 to February 15, 2021.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the product(s) and service(s) to the Government.

2. The action will result in authorizing small entities to furnish the product(s) and service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service is added to the Procurement List:

Service

Service Type: Custodial Service
Mandatory for: US Air Force, Cannon Air Force Base, NM
Mandatory Source of Supply: ENMRSH, Inc., Clovis, NM
Contracting Activity: DEPT OF THE AIR FORCE, FA4855 27 SOCONS LGC

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of

the Custodial Service, US Air Force, Cannon Air Force Base, NM contract. The Federal customer contacted, and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the US Air Force will refer its business elsewhere, this addition must be effective on February 15, 2021, ensuring timely execution for a March 1, 2021, start date while still allowing 13 days for comment. Pursuant to its own regulation 41 CFR 51–2.4, the Committee has been in contact with one of the affected parties, the incumbent of the expiring contract, since March 2020 and determined that no severe adverse impact exists. The Committee also published a notice of proposed Procurement List addition in the **Federal Register** on October 23, 2020, and did not receive any comments from any interested persons, including from the incumbent contractor. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

Michael R. Jurkowski,

Deputy Director, Business & PL Operations.

Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Request:* The applicant requests a temporary amendment of its reservoir elevation and minimum average daily flow requirements at the Rhodhiss development from March 1, 2021 through June 30, 2023. The application proposes to regularly exceed its normal maximum reservoir elevation of 995.1 feet mean sea level (full pool), particularly between Monday morning and Friday afternoon during the temporary amendment period. Additionally, rather than complying with its 225 cubic foot per second minimum flow release requirement by averaging flows over each day, the applicant proposes to instead use a rolling 7-day average to determine compliance. The amendment is being requested to facilitate removal of debris from the forebay and replacement of trashracks at the development.
