

(FACA) (5 U.S.C. App. 2), its implementing regulations (41 CFR part 102–3), and OSHA’s regulations on NACOSH (29 CFR part 1912a).

NACOSH is comprised of 12 members: Four public representatives, two management representatives, two labor representatives, two occupational safety professional representatives, and two occupational health professional representatives (29 CFR 1912a.2). The Secretary of Labor appoints all of these members. However, the Secretary of HHS designates four of the representatives: Two of the four public representatives and the two occupational health professional representatives. The terms of six NACOSH of the twelve members expired on July 31, 2020, and the remaining six NACOSH members’ terms will expire on July 31, 2021.

On February 26, 2020, OSHA published a request for nominations for the six NACOSH positions that would expire on July 31, 2020. Specifically, OSHA requested nominations for:

- Two public representatives (one to be designated by the Secretary of HHS);
- One management representative;
- One labor representative;
- One occupational safety professional representative; and
- One occupational health professional representative (to be designated by the Secretary of HHS).

After the nomination period closed, OSHA provided HHS with all nominations and supporting materials for the two vacancies in the membership categories which the Secretary of HHS designates. HHS has indicated that the Secretary of HHS will designate two NACOSH members to fill the vacant positions at a later date. In the meantime, the Secretary of Labor proceeded with the appointment of individuals to the remaining four positions.

NACOSH members serve staggered terms, unless the member becomes unable to serve, resigns, ceases to be qualified to serve, or is removed by the Secretary. Accordingly, the Secretary has appointed four members to a two-year term. If a vacancy occurs before a term expires, the Secretary may appoint a new member who represents the same interest as the predecessor to serve the remainder of the unexpired term. The Committee must meet at least two times a year (29 U.S.C. 656(a)(2)).

II. Appointment of Committee Members

OSHA received nominations of highly qualified individuals in response to the agency’s request for nominations (85 FR 11111, February 26, 2020). The Secretary appointed NACOSH members

on the basis of their experience and competence in the field of occupational safety and health (29 CFR 1912a.2). The newly appointed NACOSH members are:

Public Representative

- Leanne Cobb, Palm Beach County Board of County Commissioners

Labor Representative

- Rebecca Reindel, AFL–CIO

Management Representative

- Amy K. Harper, National Safety Council

Safety Representative

- Kathleen Dobson, Alberici Constructors, Inc.

SUPPLEMENTARY INFORMATION:

I. Notice of the Application for Expansion

OSHA is providing notice that TUV SUD America, Inc. (TUVAM) is applying for expansion of the current recognition as a NRTL. TUVAM requests the addition of eight test standards to their NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an

acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by its applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes an application by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A, 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including TUVAM, which

details the NRTL's scope of recognition. These pages are available from the OSHA website at: <https://www.osha.gov/dts/otpca/nrtl/index.html>.

TUVAM currently has six facilities (sites) recognized by OSHA for product testing and certification, with its headquarters located at: TUV SUD America, Inc., 10 Technology Drive, Peabody, MA 01960. A complete list of TUVAM's scope of recognition (including sites) recognized by OSHA is available at: <https://www.osha.gov/dts/otpca/nrtl/tuvam.html>.

II. General Background on the Application

TUVAM submitted an application, dated August 29, 2019 (OSHA-2007-0043-0032), to expand their recognition to include eight additional test standards. OSHA staff performed detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

Table 1 below lists the appropriate test standards found in TUVAM's application for expansion for testing and certification of products under the NRTL Program.

TABLE 1—PROPOSED LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN TUVAM'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
ASME A17.5	Elevators and Escalator Electrical Equipment.
UL 2738	Standard for Induction Power Transmitters and Receivers for Use With Low Energy Products.
UL 60745-2-1	Particular Requirements for Drills and Impact Drills.
UL 60745-2-3	Particular Requirements for Grinders, Polishers and Disk-Type Sanders.
UL 60745-2-5	Particular Requirements for Circular Saws.
UL 60745-2-14	Particular Requirements for Planers.
UL 60745-2-17	Particular Requirements for Routers and Trimmers.
UL 61800-5-1	Adjustable Speed Electrical Power Drive Systems—Part 5-1: Safety Requirements—Electrical, Thermal and Energy.

III. Preliminary Findings on the Application

TUVAM submitted an acceptable application for expansion of the NRTL scope of recognition. OSHA's review of the application file, and pertinent documentation, indicate that TUVAM can meet the requirements prescribed by 29 CFR 1910.7 for expanding their recognition to include the addition of these eight test standards for NRTL testing and certification listed above. This preliminary finding does not constitute an interim or temporary approval of TUVAM's application.

OSHA welcomes public comment as to whether TUVAM meets the requirements of 29 CFR 1910.7 for

expansion of the recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, at the above address. These materials

also are available online at <https://www.regulations.gov> under Docket No. OSHA-2007-0043.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will make a recommendation to the Assistant Secretary for Occupational Safety and Health as to whether to grant TUVAM's application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of its final decision in the **Federal Register**.

IV. Authority and Signature

Amanda L. Edens, Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to Section 29 U.S.C. 655(6)(d), Secretary of Labor's Order No. 8–2020 (85 FR 58393; Sept. 18, 2020), and 29 CFR 1905.11.

Signed at Washington, DC, on January 28, 2021.

Amanda L. Edens,

Deputy Assistant Secretary of Labor for Occupational Safety and Health.

SUPPLEMENTARY INFORMATION:

I. Notice of the Applications for Expansion

OSHA is providing notice that TUV Rheinland of North America, Inc. (TUVRNA), is applying for expansion of the current recognition as a NRTL. TUVRNA requests the addition of fourteen test standards to the NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR

1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by the applicable test standard and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides the preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including TUVRNA, which details the NRTL's scope of recognition. These pages are available from the OSHA website at <https://www.osha.gov/dts/otpc/nrtl/index.html>.

TUVRNA currently has eight facilities (sites) recognized by OSHA for product testing and certification, with headquarters located at: TUV Rheinland of North America, Inc., 12 Commerce Road, Newtown, Connecticut 06470. A complete list of TUVRNA sites recognized by OSHA is available at <https://www.osha.gov/dts/otpc/nrtl/tuv.html>.

II. General Background on the Applications

TUVRNA submitted two applications, one dated April 28, 2017 (OSHA–2007–0042–0042) and another dated August 21, 2017 (OSHA–2007–0042–0043), to expand recognition to include the addition of fourteen test standards. OSHA staff performed a detailed analysis of the application packets and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to these applications.

Table 1 lists the appropriate test standards found in TUVRNA's applications for expansion for testing
