SUPPLEMENTARY INFORMATION:

Summary of Change in Control

ECA Liquefaction states that it is a variable-capital, limited liability company organized under the laws of Mexico. ECA Liquefaction is owned approximately 99.99% by ECA LNG Holdings B.V. (ECA LNG Holdings), with the remainder owned by ECA Minority, S. de R.L. de C.V. ECA Liquefaction states that, prior to December 9, 2020, two companies—Sempra LNG ECA Liquefaction, LLC (Sempra LNG) and Infraestructura Energética Nova, S.A.B. de C.V. (IEnova)—each held a direct 50% ownership interest in ECA LNG Holdings.

On December 9, 2020, Sempra LNG, IEnova, and Total Gaz Electricité Holdings France S.A.S. (Total) entered into an equity issuance and subscription agreement whereby Total acquired a 16.6% equity interest in ECA LNG Holdings (Transaction). ECA Liquefaction states that Total is owned 100% by Total Holdings, S.A.S., which in turn is wholly owned by Total SE, a French energy company. ECA Liquefaction further states that an affiliate of Total, Total Gas & Power Asia Private Limited, is an existing customer of ECA Liquefaction. Following the Transaction, Sempra LNG and IEnova each retain a 41.7% ownership interest in ECA LNG Holdings.

Additional details can be found in ECA Liquefaction's Statement, posted on the DOE/FE website at: <https://www.energy.gov/sites/prod/files/2021/01/f82/ECA%20-%20CIC%20Statement.pdf>.

DOE/FE Evaluation

DOE/FE will review ECA Liquefaction's Statement in accordance with its Procedures for Changes in Control Affecting Applications and Authorizations to Import or Export Natural Gas (CIC Procedures).¹ Consistent with the CIC Procedures, this notice addresses ECA Liquefaction's authorization to export liquefied natural gas (LNG) to non-free trade agreement (non-FTA) countries, granted in DOE/FE Order No. 4364, as amended by Orders No. 4364-A and 4364-B.² If no interested person protests the change in control and DOE takes no action on its own motion, the proposed change in control will be deemed granted 30 days after publication in the **Federal Register**. If one or more protests are submitted, DOE will review any motions to intervene, protests, and answers, and will issue a determination as to whether the proposed change in control has been demonstrated to render the underlying authorization inconsistent with the public interest.

Public Comment Procedures

Interested persons will be provided 15 days from the date of publication of this notice in the **Federal Register** to move to intervene, protest, and answer ECA Liquefaction's Statement.³ Protests, motions to intervene, notices of intervention, and written comments are invited in response to this notice only as to the change in control described in ECA Liquefaction's Statement. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590.

Filings may be submitted using one of the following methods: (1) Preferred method: Emailing the filing to fergas@hq.doe.gov; (2) mailing an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**; or (3) hand delivering an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**. SUPPLEMENTARY INFORMATION: Southern LNG requests a short-term blanket authorization to export LNG from the Elba Island Terminal located on Elba Island, Chatham County, Georgia, to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy. This includes both countries with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas (FTA countries) and all other countries (non-FTA countries). This Notice applies only to the portion of the Application requesting authority to export LNG to non-FTA countries

pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a). Southern LNG states that its existing blanket export authorization, set forth in DOE/FE Order No. 4206, is scheduled to expire on March 31, 2021. Southern LNG requests that the authorization commence on the earlier of either the date when all Movable Modular Liquefaction System units associated with the Elba Liquefaction Project have been placed in service or April 1, 2021. Southern LNG is not seeking authorization to export any domestically produced natural gas or LNG.

Southern LNG requests this authorization on its own behalf and as agent for other parties who hold title to the LNG at the time of export. Additional details can be found in Southern LNG's Application, posted on the DOE/FE website at: <https://www.energy.gov/sites/prod/files/2020/08/f77/20-99-LNG.pdf>.

DOE/FE Evaluation

In reviewing Southern LNG's Application, DOE will consider any issues required by law or policy. DOE will consider domestic need for the gas, as well as any other issues determined to be appropriate, including whether the arrangement is consistent with DOE's policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. Parties that may oppose this application should comment in their responses on these issues.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its NEPA responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable. Interested parties will be provided 30 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the

appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590.

Filings may be submitted using one of the following methods: (1) Emailing the filing to fergas@hq.doe.gov, with FE Docket No. 20-99-LNG in the title line; (2) mailing an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**; or (3) hand delivering an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

A decisional record on the Application will be developed through responses to this Notice by parties, including the parties' written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this Notice, in accordance with 10 CFR 590.316.
