Abstract of Proposed Collection

The Department requests an extension on the collection of following information, from a subset of visa applicants worldwide, in order to more rigorously evaluate applicants for terrorism, national security-related, or other visa ineligibilities:

- Travel history during the last fifteen years, including source of funding for travel;
- Address history during the last fifteen years;
- Employment history during the last fifteen years;
- All passport numbers and country of issuance held by the applicant;
- Names and dates of birth for all siblings;
- Name and dates of birth for all children; and
- Names and dates of birth for all current and former spouses, or civil or domestic partners.

Regarding travel history, applicants may be requested to provide details of their international or domestic (within their country of nationality) travel, if it appears to the consular officer that the

applicant has been in an area while the area was under the operational control of a terrorist organization as defined in section 212(a)(3)(B)(vi) of the Immigration and Nationality Act, 8 U.S.C. 1182(a)(3)(B)(vi). Applicants may be asked to recount or explain the details of their travel, and when possible, provide supporting documentation. While the Department previously required applicants completing the DS-5535 to provide their social media platforms and identifiers, also known as handles, used during the last five years, and phone numbers and email addresses used during the last five years, the form no longer includes those fields, which are now incorporated into the DS-156 *Nonimmigrant Visa Application*, DS-160 *Online Nonimmigrant Visa Application*.

This information collection continues implementation of the directive of the President, in the *Memorandum for the Secretary of State, the Attorney General, the Secretary of Homeland Security* of March 6, 2017, to implement additional protocols and procedures focused on "ensuring the proper collection of all information necessary to rigorously evaluate all grounds of inadmissibility or deportability, or grounds for the denial of other immigration benefits." Consular posts worldwide regularly engage with U.S. law enforcement and partners in the U.S. intelligence community to identify characteristics of applicant populations warranting increased scrutiny. The additional information collected facilitates consular officer efforts to apply more rigorous evaluation of these applicants for visa ineligibilities. In accordance with existing authorities, visas may not be denied on the basis of race, religion, ethnicity, national origin, political views, gender, or sexual orientation.

Failure to provide requested information will not necessarily result in visa denial, if the consular officer determines the applicant has provided a credible explanation why he or she cannot answer a question or provide requested supporting documentation, such that the consular officer is able to conclude that the applicant has provided adequate information to determine the applicant's eligibility to receive the visa. The information requested on this form will not be used to deny visas based on applicants' race, religion, ethnicity, national origin, political views, gender, or sexual orientation.

Section 3 of the President's January 20, 2021 *Proclamation on Ending Discriminatory Bans on Entry to The United States*, requires the Department
