The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on October 21, 2020, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Alaska American Fisheries Act Reports.

OMB Control Number: 0648-0401.

Form Number(s): None.

Type of Request: Regular submission [extension of a current information collection].

Number of Respondents: 11.

Average Hours per Response: AFA Cooperative Contract 8 hours; AFA Annual Cooperative Report 16 hours; Incentive Plan Agreement amendment 50 hours; IPA Annual Report 80 hours; IPA administrative appeals 4 hours.

Total Annual Burden Hours: 486 hours.

Needs and Uses: The National Marine Fisheries Services (NMFS), Alaska Region, is requesting extension of a currently approved information collection for American Fisheries Act reporting requirements.

NMFS manages the groundfish fisheries of the Bering Sea and Aleutian Islands Management Area in the Exclusive Economic Zone off Alaska. The North Pacific Fishery Management Council (Council) prepared the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) under the authority of the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.*, and other applicable laws. Regulations implementing the FMP are at 50 CFR part 679.

The Bering Sea pollock fishery is managed under the American Fisheries Act (AFA). The purpose of the AFA was to tighten U.S. ownership standards for U.S. fishing vessels under the Anti-reflagging Act and to provide the Bering Sea pollock fleet the opportunity to conduct its fishery in a more rational manner while protecting non-AFA participants in the other fisheries. The AFA established sector allocations in the Bering Sea pollock fishery, determined eligible vessels and processors, allowed the formation of cooperatives, set limits on the participation of AFA vessels in other fisheries, and imposed special catch weighing and monitoring requirements on AFA vessels.

This information collection contains the annual and periodic reporting requirements for AFA cooperatives. These requirements include reports about on-going fishing operations of the cooperatives and reports specifically focused on efforts to minimize salmon bycatch in the Bering Sea pollock fishery. These reporting requirements are located at 50 CFR 679.21 and 679.61.

This information is used to manage the BS pollock fishery, to evaluate the salmon bycatch management measures, and to provide the public with information about how the program operates and information about bycatch reduction under this program. This information collection provides the Council and NMFS with information about the organization and fishing

operations of the AFA cooperatives, allocations to the AFA cooperatives, and the effectiveness of the Chinook salmon and chum salmon bycatch management measures. This information is necessary to ensure long-term conservation and abundance of salmon and pollock, maintain a healthy marine ecosystem, and provide maximum benefit to fishermen and communities that depend on salmon and pollock.

Affected Public: Business or other for-profit organizations.

Frequency: Annually, On occasion.

Respondent's Obligation: Required to Obtain or Retain Benefits, Mandatory.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act, American Fisheries Act.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for revision and extension of an approved information collection.

Section 315 of the National Marine Sanctuaries Act (NMSA) (16 U.S.C. 1445a) allows the Secretary of Commerce to establish one or more advisory councils to provide advice to the Secretary regarding the designation and management of national marine sanctuaries. Executive Order 13178 similarly established a Coral Reef Ecosystem Reserve Council pursuant to the NMSA for the Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve. Councils are individually chartered for each site to meet its specific needs. Once an advisory council has been chartered, a sanctuary superintendent starts a process to recruit members for that council by providing notice to the public and requesting interested parties to apply for the available seat(s) (*e.g.*, Research, Education) and position(s) (*i.e.*, council member or alternate). The information obtained through this application process will be used to determine the qualifications of the applicant for membership on the advisory council.

Two application forms are currently associated with this information collection: (a) National Marine Sanctuary Advisory Council Application form; and (b) National

Marine Sanctuary Advisory Council Youth Seat Application form. Application form instructions will specify requirements imposed upon the agency when reviewing applicants as potential council members or alternates, including the need to assess potential conflicts of interest (or other issues). Questions posed to applicants are being reviewed and an additional question is being added to solicit new information pertinent to the function of advisory councils. Existing questions may be reordered, reworded, and at times, condensed to improve the organization of applicant responses and, thereby, simplify the applicant review process. We do not believe that revisions to the application would appreciably change the average annual number of respondents or the reporting burden for the information requirements supporting solicitation of new advisory council members.

II. Method of Collection

Complete applications may be submitted electronically via email (with attachments), by mail, or by facsimile transmission.

III. Data

OMB Control Number: 0648-0397.

Estimated Total Annual Burden Hours: 594 hours.

Respondent's Obligation: Voluntary.

Legal Authority: 16 U.S.C. 1445a.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
