ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is planning to submit the below listed Information Collection Requests (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA). Before doing so, the EPA is soliciting public comments on specific aspects of the proposed information collection as described below. These are proposed extensions of the currently approved ICRs. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before April 9, 2021.

ADDRESSES: Submit your comments, referencing the Docket ID numbers provided for each item in the text, online using <https://www.regulations.gov/> (our preferred method), by email to a-and-r-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460. The EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Out of an abundance of caution for members of

the public and our staff, the EPA Docket Center and Reading Room are closed to the public, with limited exceptions, to reduce the risk of transmitting COVID-19. Our Docket Center staff will continue to provide remote customer service via email, phone, and webform. Pursuant to section 3506(c)(2)(A) of the PRA, the EPA is soliciting comments and information to enable it to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (2) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Burden is defined at 5 CFR 1320.03(b). The EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for

review and approval. At that time, the EPA will issue another **Federal Register** document to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

General Abstract: For all the listed ICRs in this document, owners and operators of affected facilities are required to comply with reporting and recordkeeping requirements for the General Provisions of 40 CFR part 60, subpart A or 40 CFR part 63, subpart A, as well as the applicable specific standards. EXPORT-IMPORT BANK

[Public Notice: 2021-6003]

Agency Information Collection Activities: Comment Request

AGENCY: Export-Import Bank of the United States.

ACTION: Submission for OMB review and comments request.

SUMMARY: The Export-Import Bank of the United States (EXIM), as a part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal Agencies to comment on the proposed information collection, as required by the Paperwork Reduction Act of 1995. The collection provides EXIM staff with the information necessary to monitor the borrower's payments for exported goods covered under its short and medium-term export credit insurance policies. It also alerts EXIM staff of defaults, so they can manage the portfolio in an informed manner.

DATES: Comments must be received on or before April 9, 2021 to be assured of consideration.

ADDRESSES: Comments may be submitted electronically on WWW.REGULATIONS.GOV or by mail to Mia Johnson, Export-Import Bank of the United States, 811 Vermont Ave. NW Washington, DC 20571. Form can be viewed at <https://www.exim.gov/sites/default/files/forms/eib10-05.pdf>.

SUPPLEMENTARY INFORMATION:

Title and Form Number: EIB 92-29 Export-Import Bank Report of Premiums Payable for Exporters Only.

OMB Number: 3048-0017.

Type of Review: Regular.

Need and Use: The "Report of Premiums Payable for Exporters Only" form is used by exporters to report and pay premiums on insured shipments to various foreign buyers under the terms of the policy and to certify that premiums have been correctly computed and remitted. Individual transactions that an exporter may have with the same foreign borrower can be sub-totaled and entered as a single line item for the specific month provided the length of payment term is identical. The use of sub-totals reduces the administrative burden on the exporter. The "Report of Premiums Payable for Exporters Only" is used by the Bank to determine the eligibility of the shipment(s) and to calculate the premium due to Ex-Im Bank for its support of the shipment(s) under its insurance program.

Affected Public: This form affects entities involved in the export of U.S. goods and services.
