

accordance with the Paperwork Reduction Act of 1995 (PRA).

DATES: Consideration will be given to all written comments received by April 12, 2021.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free by contacting Anjanette Suggs by telephone at (202) 354-9660 (this is not toll-free number) or by email at suggs.anjanette@dol.gov.

Submit written comments about, or requests for a copy of, this ICR by mail or courier to the U.S. Department of Labor, Office of Workers' Compensation Programs, Room N1301, 200 Constitution Avenue NW, Washington, DC 20210; by email: suggs.anjanette@dol.gov.

FOR FURTHER INFORMATION CONTACT: Contact Anjanette Suggs by telephone at (202) 354-9660 (this is not a toll-free number) or by email at suggs.anjanette@dol.gov.

SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Form OWCP-915 is used to claim reimbursement for out-of-pocket covered medical expenses paid by a beneficiary, and must be accompanied by required billing data elements (prepared by the medical provider) and by proof of payment by the beneficiary. Employees Compensation Act, 5 U.S.C. 8101, Black Lung Benefits Act, 30 U.S.C. 901, Energy Employees Occupational Illness Compensation Program Act of 2000, 42 U.S.C. 7384 authorize this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject

to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention 1240-0007.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

LEGAL SERVICES CORPORATION

Pro Bono Innovation Fund Request for Pre-Applications for 2021 Grant Funding

AGENCY: Legal Services Corporation.

ACTION: Notice.

SUMMARY: The Legal Services Corporation (LSC) issues this Notice describing the conditions for submitting a Pre-Application for 2021 Pro Bono Innovation Fund grants.

DATES: Pre-Applications must be submitted by 11:59 p.m. EST on Monday, March 15, 2021.

ADDRESSES: Pre-Applications must be submitted electronically to <http://lscgrants.lsc.gov>.

FOR FURTHER INFORMATION CONTACT: Mytrang Nguyen, Program Counsel, Office of Program Performance, Legal Services Corporation, 3333 K Street NW, Washington, DC 20007; (202) 295-1564 or nguyenm@lsc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

Since 2014, Congress has provided an annual appropriation to LSC "for a Pro Bono Innovation Fund." *See, e.g.*, Consolidated Appropriations Act, 2017, Public Law 115-31, 131 Stat. 135 (2017). LSC requested these funds for grants to "develop, test, and replicate innovative pro bono efforts that can enable LSC grantees to expand clients' access to high quality legal assistance." LSC Budget Request, Fiscal Year 2014 at 26 (2013). The grants must involve innovations that are either "new ideas" or "new applications of existing best practices." *Id.* Each grant would "either serve as a model for other legal services providers to follow or effectively replicate a prior innovation. *Id.* The Senate Appropriations Committee explained that these funds "will support innovative projects that promote and enhance pro bono initiatives throughout the Nation," and the House Appropriations Committee directed LSC "to increase the involvement of private attorneys in the delivery of legal services to [LSC-eligible] clients." Senate Report 114-239 at 123 (2016), House Report 113-448 at 85 (2014).

Since its inception, the Pro Bono Innovation Fund has advanced LSC's goal of increasing the quantity and

quality of legal services by funding projects that more efficiently and effectively involve pro bono volunteers in serving the critical unmet legal needs of LSC-eligible clients. In 2017, LSC built on these successes by creating three funding categories to better focus on innovations serving unmet and well-defined client needs (Project Grants), on building comprehensive and effective pro bono programs through new applications of existing best practices (Transformation Grants), and on providing continued development support for the most promising innovations (Sustainability Grants).

II. Funding Opportunities Information

A. Eligible Applicants

To be eligible for the Pro Bono Innovation Fund’s Project, Sustainability, and Transformation grants, Applicants must be current grantees of LSC Basic Field-General, Basic Field-Migrant, or Basic Field-Native American grants. In addition, Sustainability Grant Applicants must also be a current Pro Bono Innovation Fund grantee with a 2019 grant award.

B. Pro Bono Innovation Fund Purpose and Key Goals

Pro Bono Innovation Fund grants develop, test, and replicate innovative pro bono efforts that can enable LSC grantees to use pro bono volunteers to serve larger numbers of low-income clients and improve the quality and effectiveness of the services provided. The key goals of the Pro Bono Innovation Fund are to:

1. Address gaps in the delivery of legal services to low-income people;
2. Engage more lawyers and other volunteers in pro bono service;
3. Develop, test, and replicate innovative pro bono efforts.

C. Funding Categories

1. Project Grants

The goal of Pro Bono Innovation Fund Project Grants is to leverage volunteers to meet a critical, unmet and well-defined client need. Consistent with the key goals of the Pro Bono Innovation

Fund, applicants are encouraged to focus on engaging volunteers to increase free civil legal aid for low-income Americans by proposing new, replicable ideas. This year, the Pro Bono Innovation Fund will have two Project Grant types, Direct Service and Non-direct Service. Direct Service projects are focused on engaging volunteers to increase free legal assistance for eligible clients. Non-direct service projects propose to strengthen core aspects of pro bono delivery systems and may not result in direct pro bono client services within the grant timeframe (*i.e.*, develop suite of substantive training materials, create on-demand videos for volunteers, etc.).

Applicants are strongly encouraged to research prior Pro Bono Innovation Fund projects to replicate and improve upon them. LSC is particularly interested in applications that propose to replicate projects LSC has previously funded with “Sustainability” Grants. Project Grants can be either 18 or 24 months.

2. Transformation Grants

The goal of Pro Bono Innovation Fund Transformation Grants is to support LSC grantees in comprehensive assessment and restructuring of pro bono programs through new applications of existing best practices in pro bono delivery. Each Transformation Grant will support a rigorous assessment of an LSC grantee’s pro bono program and the identification of best practices in pro bono delivery that are best suited to that grantee’s needs and circumstances. Transformation Grants are targeted towards LSC grantees whose leadership is committed to restructuring an entire pro bono program and incorporating pro bono best practices into core, high-priority client services with an urgency to create a high-impact pro bono program. This funding opportunity is open to all LSC grantees but is primarily intended for LSC grantees who have been unsuccessful applying for Project Grants or who have never applied for a Pro Bono Innovation Fund grant in the past. Transformation Grants can be either 24 or 36 months.

3. Sustainability Grants

Pro Bono Innovation Fund Sustainability Grants are available to current Pro Bono Innovation Fund grantees who received a 2019 Project grant. The goal of Sustainability Grants is to support further development of the most promising and replicable Pro Bono Innovation Fund projects with an additional 24 months of funding so grantees can leverage new sources of revenue for the project and collect meaningful data to demonstrate the project’s results and outcomes for clients and volunteers. Applicants for Sustainability Grants will be asked to propose an ambitious strategy that reduces the Pro Bono Innovation Fund contribution to the project over the Sustainability Grant term.

D. Available Funds and Additional Consideration for 2021 Grants

LSC anticipates awarding up to \$4,512,500 through Pro Bono Innovation Fund grants in 2021. All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law. LSC will not designate fixed or estimated amounts for the three different funding categories and will make grant awards for the three categories within the total amount of funding available.

LSC’s Fiscal Year 2021 appropriations legislation included language for LSC “to explore opportunities to increase access to eviction-related legal aid . . . including through LSC’s Pro Bono Innovation Fund.” PBIF proposals that direct pro bono resources towards addressing unmet legal needs for evictions in jurisdictions with high eviction rates will receive additional consideration in the application review process.

E. Grant Terms

Pro Bono Innovation Fund awards can have grant terms of 18, 24, or 36 months, depending on the category of grant.

	18 Months	24 Months	36 Months
<i>Project Grants</i>	√	√	X
<i>Transformation Grants</i>	X	√	√
<i>Sustainability Grants</i>	X	√	X

Applicants for Project Grants can apply for either an 18- or a 24-month grant. Applicants for Transformation Grants can apply for either a 24- or a 36-month grant. Applicants for Sustainability Grants can apply for a 24-month grant only. Applications must cover the full proposed grant term. The grant term is expected to commence on October 1, 2021.

III. Grant Application Process

A. Pro Bono Innovation Fund Grant Application Process

This year, the Pro Bono Innovation Fund application process will be administered in LSC's unified grants management system, GrantEase. Applicants must first submit a Pre-Application (formerly Letter of Intent to Apply for Funding or "LOI") to LSC in GrantEase by March 15, 2021 to be considered for a grant. After review by LSC Staff, LSC's President decides which applicants will be asked to submit a full application. Applicants will be notified of approval to submit a full application by mid-May 2021. Full applications are due to LSC in the GrantEase system on July 1, 2021. Once received, full applications will undergo a rigorous review by LSC staff and other subject matter experts. LSC's President makes the final decision on funding for the Pro Bono Innovation Fund.

B. Late or Incomplete Applications

LSC may consider a request to submit a Pre-Application after the deadline, but only if the Applicant has submitted an email to probonoinnovation@lsc.gov explaining the circumstances that caused the delay prior to the Pre-Application deadline. Communication with LSC staff, including assigned Program Liaisons, is not a substitute for sending a formal request and explanation to probonoinnovation@lsc.gov. At its discretion, LSC may consider incomplete applications. LSC will determine the admissibility of late or incomplete applications on a case-by-case basis.

C. Multiple Pre-Applications

Applicants may submit multiple Pre-applications under the same or different funding category. If applying for multiple grants, applicants should submit separate Pre-applications for each funding request.

D. Additional Information and Guidelines

Additional guidance and instructions on the Pro Bono Innovation Fund Pre-Application and Application processes, will be available and regularly updated at <https://www.lsc.gov/grants-grantee->

[resources/our-grant-programs/pro-bono-innovation-fund](#).

Dated: February 4, 2021.
