

modules, battery packs, and components thereof; and (2) cease and desist orders directed to respondents. The remedial orders will expire ten years from their issuance, and cover the trade secrets that LG elected on January 22, 2020. The Commission has determined that, although the public interest factors enumerated in section 337(d) and (f), 19 U.S.C. 1337(d), (f), do not preclude the issuance of the limited exclusion order or the cease and desist orders, tailoring of its orders is appropriate in view of the public interest considerations discussed in the Commission's opinion. The orders permit SK to import components for domestic production of lithium ion batteries, battery cells, battery modules, and battery packs for Ford Motor Co.'s EV F-150 program for four years, and for Volkswagen of America, Inc.'s America's MEB line for the North America Region for two years to permit these third parties to transition to new domestic suppliers for these programs. The orders also permit SK to import articles for repair and replacement of EV batteries for Kia vehicles that had been sold to U.S. customers as of the date of the orders and were originally equipped with SK batteries. The investigation is terminated.

The Commission's reasons for its determinations are set forth more fully in the Commission's opinion.

The Commission's orders and opinion were delivered to the President and the United States Trade Representative on the day of their issuance.

The Commission vote for these determinations took place on February 10, 2021.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: February 10, 2021.

Lisa Barton,

Secretary to the Commission.
