III. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA (7 U.S.C. 136d(f)(1)(B)) requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
 2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.
- The registrants listed in Table 2 of Unit II have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for product cancellation should submit the withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

In any order issued in response to these requests for cancellation of product registrations EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in Table 1 of Unit II.

A. For products 1007–99, 1007–100 and 1007–101. For products 1007–99, 1007–100 and 1007–101, the registrant has requested to sell its existing stocks of Chlorhexidine diacetate containing pesticides until May 31, 2021, the registrants will be permitted to sell and distribute existing stocks of these voluntarily canceled products until May 31, 2021. Thereafter, registrants will be prohibited from selling or distributing the identified products in Table 1 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

B. For products 10324–57, 10324–71, 10324–158, 10324–160, 10324–164, 10324–176. For products 10324–57, 10324–71, 10324–158, 10324–160, 10324–164, 10324–176, the registrant has requested 18-months to sell existing stocks, registrants will be permitted to sell and distribute existing stocks of these voluntarily canceled products for 18-months after the effective date of the cancellation, which will be the date of publication of this cancellation order in the **Federal Register**.
