**III. What is the Agency’s authority for taking this action?**

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA (7 U.S.C. 136d(f)(1)(B)) requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide

would pose an unreasonable adverse effect on the environment.

The registrants listed in Table 2 of Unit II have not requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 180-day comment period on the proposed requests.

**IV. Procedures for Withdrawal of Request**

Registrants who choose to withdraw a request for product cancellation should submit the withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

**V. Provisions for Disposition of Existing Stocks**

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

In any order issued in response to these requests for cancellation of product registrations EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in Table 1 of Unit II.

For all voluntary product cancellations, listed in Table 1 of Unit II, the registrants will be permitted to sell and distribute existing stocks of voluntarily canceled products for 1 year after the effective date of the cancellation, which will be the date of publication of the cancellation order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the products identified in Table 1 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of the canceled products until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

The results of these ongoing surveys will be published in the FDIC’s *How America Banks* reports which help inform policymakers, bankers, and researchers about how households use, or don’t use, the banking system. On December 2, 2020, the FDIC requested comment for 60 days on the proposed information collection. No comments were received. The FDIC hereby gives notice of its plan to submit to OMB a request to approve this information collection, and again invites comment on the information collection.

#### SUPPLEMENTARY INFORMATION:

Proposal to renew the following currently approved collection of information:

**Title:** Survey of Household Use of Banking and Financial Services.

**OMB Number:** 3064-NEW.

**Frequency of Response:** Once.

**Affected Public:** Individuals residing in U.S. Households.

**Estimated Number of Respondents:** 40,000.

**Average time per response:** 9 minutes per respondent.

**Estimated Total Annual Burden:** 6,000 hours.

#### General Description of Collection

The Survey of Household Use of Banking and Financial Services (“Household Survey”) supports the FDIC’s mission of maintaining public confidence in the U.S. financial system. The Household Survey is also a key component of the FDIC’s efforts to comply with a Congressional mandate contained in section 7 of the Federal Deposit Insurance Reform Conforming Amendments Act of 2005 (“Reform Act”) (Pub. L. 109-173), which calls for the FDIC to conduct ongoing surveys “on efforts by insured depository institutions to bring those individuals and families who have rarely, if ever, held a checking account, a savings

account or other type of transaction or check cashing account at an insured depository institution (hereafter in this section referred to as the ‘unbanked’) into the conventional finance system.” Section 7 further instructs the FDIC to consider several factors in its conduct of the surveys, including: (1) “What cultural, language and identification issues as well as transaction costs appear to most prevent ‘unbanked’ individuals from establishing conventional accounts”; and (2) “what is a fair estimate of the size and worth of the ‘unbanked’ market in the United States.”

The Household Survey collects information on bank account ownership which provides a factual basis for measuring the number and percentage of households that are unbanked.

The Household Survey is the only population-representative survey conducted at the national level that provides state-level estimates of the size and characteristics of unbanked households for all 50 states and the District of Columbia. The Household Survey also collects information from unbanked households about the reasons that they do not have a bank account and their interest in having a bank account.

Increasingly, financial products and services are provided by nonbanks, many through the use of a mobile phone app. Households are selecting different combinations of bank and nonbank financial products and services to meet their core banking needs. Consequently, the Household Survey has broadened its focus to include a wide range of bank and nonbank financial products and services and to collect information on whether and how households are using these in combination.

To obtain this information, the FDIC partners with the U.S. Census Bureau, which administers the Household Survey supplement (“FDIC Supplement”) to households that participate in the CPS. The FDIC supplement has been administered every other year since January 2009. The previous survey questionnaires and survey results can be accessed through the following link: <http://www.economicinclusion.gov/surveys/>. Interested members of the public may obtain a copy of the proposed survey questionnaire on the following web page: <https://www.fdic.gov/regulations/laws/federal/2021/2021-survey-of-household-use-of-banking-and-financial-services.pdf>.

Consistent with the statutory mandate to conduct the surveys on an ongoing basis, the FDIC already has in place arrangements for conducting the
