15 CFR Parts 740 and 742

[Docket No. 210212–0010]

RIN 0694–XC072

Burma: Implementation of Sanctions

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Notification.

SUMMARY: In response to the coup perpetrated by the Burmese military wresting control of the democratically-elected government of Burma, the United States Government is reviewing all available actions to hold the perpetrators of the coup responsible. The Department of Commerce's Bureau of Industry and Security (BIS) is taking immediate action to limit exports and reexports of sensitive goods to Burma's military and security services. Effective immediately, BIS is adopting a more restrictive license application review policy of presumption of denial of items requiring a license for export and reexport to Burma's Ministry of Defense, Ministry of Home Affairs, armed forces, and security services. BIS is also suspending the use of certain license exceptions that would otherwise generally be available to Burma as a result of its current Country Group placement in the Export Administration Regulations (EAR).

DATES: Effective February 17, 2021.

FOR FURTHER INFORMATION CONTACT: Tracy Patts, Foreign Policy Division, Office of Nonproliferation and Treaty Compliance, Bureau of Industry and Security, Department of Commerce. Phone: (202) 482–4252; Email: Foreign.Policy@bis.doc.gov.

SUPPLEMENTARY INFORMATION: On February 1, 2021, the Burmese military perpetrated a coup wresting control of the democratically-elected government of Burma, including by detaining State

Counselor Aung San Suu Kyi, President Win Myint, and other leaders of the ruling party. The United States Government strongly condemns any efforts to alter the outcome of Burma's recent elections and is committed to supporting the people in Burma who have worked tirelessly in their quest for democracy and peace. These actions are in direct opposition to the will of the Burmese people who have made their voices heard through internationally-sanctioned elections.

The United States Government is reviewing all available actions to hold perpetrators of the coup responsible, and the Department of Commerce's Bureau of Industry and Security (BIS) is hereby taking immediate action to limit exports and reexports of sensitive items to Burma's military and security services under the Export Administration Regulations, 15 CFR parts 730 through 774 (EAR). Currently, transactions requiring a license for export or reexport to Burma are generally subject to case-by-case licensing review consistent with the licensing policies set forth in part 742 and other applicable parts of the EAR. Effective immediately, BIS will apply a presumption of denial for items subject to the EAR requiring a license for export or reexport when destined to Burma's Ministry of Defense, Ministry of Home Affairs, armed forces, and security services. BIS is also suspending the use of certain license exceptions that would otherwise be available to Burma as a result of its current Country Group placement in the EAR.

A license exception is an authorization contained in part 740 of the EAR that allows exports, reexports, or transfers (in-country) under stated conditions of items subject to the EAR that would otherwise require a license. Availability of license exceptions is largely based on Country Group placement (*see* Supplement No. 1 to part 740). Section 740.2 (Restrictions on all License Exceptions) provides general information on restrictions on all license exceptions.

Burma is currently in Country Group B, which allows certain license exceptions not available for exports and reexports to destinations in more restrictive EAR Country Groups. In this notice, as described in more detail below, BIS suspends the availability of certain license exceptions that would

otherwise generally be available as a consequence of Burma's Country Group B placement for exports and reexports to Burma, and transfers (in-country) within Burma, of items subject to the EAR.

BIS is taking this action pursuant to § 740.2(b) of the EAR (15 CFR 740.2(b)), which provides that all license exceptions are subject to revision, suspension, or revocation, in whole or in part, without notice. The following license exceptions are suspended for exports or reexports to Burma, or transfers (in-country) within Burma, either in whole or in part, as specified below:

- Shipments of Limited Value (LVS) (§ 740.3).
- Shipments to Group B Countries (GBS) (§ 740.4).
- Technology and Software under Restriction (TSR) (§ 740.6).
- Computers (APP) (§ 740.7).

Matthew S. Borman,

Deputy Assistant Secretary for Export Administration.

SUPPLEMENTARY INFORMATION:

Background

On November 13, 2020, the Board of Governors approved the following amendments to its Bylaws to address a

variety of issues. Many of the amendments are designed to clarify, in both form and substance, existing provisions, and also to increase their accuracy and align them to current practice. Additions and deletions have also been made to better conform the Bylaws to existing law. Among other things, the amendments also clarify that the Governors are ultimately responsible for adjusting rates, and that the Postal Regulatory Commission's role is to review those rate adjustments. Additions have been made to expand the information to which the Governors have regular access and to clarify that any additional information can be requested as needed. A new section has been added to govern situations in which there are an insufficient number of Governors to constitute a quorum.

When, by reason of death, incapacity, or disruption of transportation and communications, a quorum of the Board of Governors cannot reasonably be assembled, or when vacancies on the Board make it impossible for a quorum to assemble, the remaining members of the Board who are able to assemble are constituted a Temporary Emergency Committee of the Board of Governors. The Chairman or Vice Chairman of the Board, or in their absence any available member of the Board, may convene a meeting of such Temporary Emergency Committee for the consideration of such business as may be needed to provide for continuity of operations for the duration of the emergency, or for the duration of the period of time in which vacancies on the Board prevent a quorum from being assembled. The powers reserved to the Board under § 3.3 of these bylaws necessary to provide for continuity of operations are delegated to the Committee, which may exercise such powers until such time as sufficient members of the Board are again available to enable the Board to convene.

PART 7—PUBLIC OBSERVATION

- 22. The authority citation for part 7 continues to read as follows:

Authority: 39 U.S.C. 410; 5 U.S.C. 552b(a)–(m).

[EPA-R10-OAR-2018-0062; FRL-10018-22-Region 10]

Air Plan Approval; Washington; Interstate Transport Requirements for the 2010 Sulfur Dioxide National Ambient Air Quality Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving the State Implementation Plan (SIP) revisions submitted by Washington on February 7, 2018 as meeting certain Clean Air Act (CAA) requirements for interstate transport of the 2010 1-hour Sulfur Dioxide (SO₂) National Ambient Air Quality Standards (NAAQS). The EPA has determined that emissions from Washington sources will not contribute significantly to nonattainment or interfere with the maintenance of the 2010 1-hour SO₂ NAAQS in any other state.

DATES: This final rule is effective March 22, 2021.

SUPPLEMENTARY INFORMATION:

Throughout this document, wherever “we”, “us”, or “our” is used, it means the EPA.

I. Background

On July 27, 2020, the EPA proposed to approve the February 7, 2018 SIP submission from Washington as meeting certain Clean Air Act (CAA) interstate transport requirements for the 2010 1-hour SO₂ NAAQS (85 FR 45146). The reasons for our proposed approval were stated in the proposed rulemaking and will not be re-stated here. The public comment period for the proposed rulemaking was reopened on September 22, 2020 (85 FR 59486), due to an incorrect docket number, and closed on October 22, 2020. We received no comments. Therefore, we are finalizing our rulemaking as proposed.

II. Final Action

In this final action, the EPA is approving the February 7, 2018 SIP submission from Washington as meeting the interstate transport requirements of CAA section 110(a)(2)(D)(i)(I) for the 2010 1-hour SO₂ NAAQS.

III. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities

under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of the requirements would be inconsistent with the CAA; and

- Does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this final action does not apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).
