47000-123	Clean Crop Livestock 1% Rabon Dust	On dogs and cats and in kennels and dog houses.

Table 2 of this unit includes the name and address of record for the registrant of the product in Table 1 of this unit. The EPA company number corresponds to the first part of the EPA registration number of the product listed above.

TABLE 2—REGISTRANT OF AMENDED PRODUCTS

EPA company No.	Company name and address
47000	Chem-Tech, Ltd., 620 Leshar Place, Lansing, MI 48912.

III. Summary of Public Comments Received and Agency Response to Comments

During the 30-day public comment period provided, EPA received no comments in response to the August 6, 2020 **Federal Register** notice announcing the Agency’s receipt of the request for voluntary deletion of uses for the products listed in Table 1 of Unit II.

IV. Termination Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested amendments to terminate uses of TCVP for the registration identified in Table 1 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II. are amended to terminate uses on dogs, cats and in kennels and dog houses. The effective date of the amendments to terminate affected uses that are the subject of this notice is February 18, 2021. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI. will be a violation of FIFRA.

V. What is the Agency’s authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to

terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of August 6, 2020 [(volume 85 number 152) (FRL-10012-80)]. The comment period closed on September 8, 2020.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

Chem-Tech may not “release for shipment,” as that term is defined by 40 CFR 152.3, any product under EPA Reg. No. 47000-123 as of February 18, 2021 and may not sell or distribute existing stocks except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal. Chem-Tech may sell or distribute existing stocks of EPA Reg. No. 47000-123 until exhausted.

Persons other than the registrants may sell, distribute, or use existing stocks of canceled products until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved

labeling on, or that accompanied, the canceled products.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10016-64-OMS]

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of New Hampshire

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the Environment Protection Agency (EPA) approval of the State of New Hampshire’s request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA approves the authorized program revisions/modifications as of February 18, 2021.

FOR FURTHER INFORMATION CONTACT: Shirley M. Miller, CROMERR Program Manager, U.S. Environmental Protection Agency, Office of Information Management, Mail Stop 2824T, 1200 Pennsylvania Avenue NW, Washington,

DC 20460, (202) 566-2908,
miller.shirley@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On September 17, 2020, the New Hampshire Department of Environmental Services (NHDES) submitted an application titled Compliance Monitoring Data Portal for revisions/modifications to its EPA-approved programs under title 40 CFR to allow new electronic reporting. EPA reviewed NHDES's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve New Hampshire's request to revise its Part 142—National Primary Drinking Water Regulations Implementation program to allow electronic reporting under 40 CFR part 141 is being published in the **Federal Register**.

NHDES was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Also, in today's notice, EPA is informing interested persons that they may request a public hearing on EPA's action to approve the State of New Hampshire's request to revise its authorized public water system program under 40 CFR part 142, in accordance with 40 CFR 3.1000(f). Requests for a hearing must be submitted to EPA within 30 days of publication of today's **Federal Register** notice. Such requests should include the following information:

- (1) The name, address and telephone number of the individual, organization or other entity requesting a hearing;
- (2) A brief statement of the requesting person's interest in EPA's determination, a brief explanation as to why EPA should hold a hearing, and any other information that the requesting person wants EPA to consider when determining whether to grant the request;
- (3) The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

In the event a hearing is requested and granted, EPA will provide notice of the hearing in the **Federal Register** not less than 15 days prior to the scheduled hearing date. Frivolous or insubstantial requests for hearing may be denied by EPA. Following such a public hearing, EPA will review the record of the hearing and issue an order either affirming today's determination or rescinding such determination. If no timely request for a hearing is received and granted, EPA's approval of the State of New Hampshire's request to revise its part 142—National Primary Drinking Water Regulations Implementation program to allow electronic reporting will become effective 30 days after today's notice is published, pursuant to CROMERR section 3.1000(f)(4).
