

furtherance of the purposes of the Act. SPX market makers frequently serve as contra parties to crossing transactions on the trading floor. For example, during February 2020 (when the trading floor was open), approximately 76% of SPX orders crossed on the trading floor (consisting of 2,944,161 contracts) included an order of an SPX market maker one side of the transaction.<sup>39</sup> Cboe states that this demonstrates the importance of appointed SPX market makers to the provision of liquidity in the SPX market with respect to crossing transactions, which liquidity would not be available to initiate electronic crossing transactions under the current AIM rule.<sup>40</sup> Thus, the proposed rule change will further align open outcry and electronic crossing auctions in SPX and provide execution and price improvement opportunities in both auctions by permitting all market participants, not just Cboe SPX market makers, to be solicited to participate in AIM transactions.

Moreover, because the Exchange's rules no longer restrict the group of participants that may provide responses to AIM auctions,<sup>41</sup> there are a number of appointed SPX market makers on the Exchange that would remain eligible to provide competitive responses to AIM auctions.<sup>42</sup> According to the Exchange, there are currently 28 trading permit holders with SPX appointments that would be available to participate in AIM auctions through both contra orders and auction responses.<sup>43</sup> Further, the proposal would allow for an increased number of participants to provide the contra-side interest necessary to initiate a competitive AIM auction, particularly in an exclusively-listed class such as SPX where away market makers are unavailable to provide such interest. The Exchange's data demonstrated that during the temporary period, SPX market makers executed approximately 31% of SPX volume executed through AIM auctions with auction responses.<sup>44</sup>

Accordingly, the Commission finds that the proposed rule change, as modified by Amendment Nos. 1 and 2, is consistent with the requirements of the Act.

#### IV. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>45</sup> that the proposed rule change, as modified by

Amendment Nos. 1 and 2 (SR-CBOE-2020-050), be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>46</sup>
