SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-91139; File No. SR-BX-2021-002]

Self-Regulatory Organizations; Nasdaq BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 4759

February 16, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 3, 2021, Nasdaq BX, Inc. ("BX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 4759 (Data Feeds Utilized) to change the primary and secondary source of quotation data of certain market centers in the list of proprietary and network processor feeds that the Exchange utilizes for the handling, routing, and execution of orders as well as regulatory compliance processes related to those function.

The text of the proposed rule change is available on the Exchange's website at <https://listingcenter.nasdaq.com/rulebook/bx/rules>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update and amend the data feeds table in Rule 4759, which sets forth on a market-by-market basis the specific proprietary and network processor feeds that the Exchange utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance processes related to each of those functions. Specifically, the table would be amended to reflect that the Exchange will receive a direct feed from MIAx PEARL, LLC ("MIAx PEARL") and MEMX LLC ("MEMX") as its primary quotation data source and CQS/UQDF will become its secondary data source for the handling, routing and execution of orders and for performing regulatory compliance processes related to each of those functions. The change to the primary sources reflects the Exchange's effort to include an additional source and the use of secondary sources in the event the primary source is unable to provide data.

The Exchange proposes to implement the proposed rule change no later than ninety (90) days following the effective date of the proposed rule change. The Exchange notes this additional time gives the Exchange time to configure its system accordingly.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,³ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁴ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market

system, and, in general to protect investors and the public interest.

The Exchange believes that the proposed rule change removes impediments to and perfects the mechanism of a free and open market because updating its data feeds table of market centers for which the exchange consumes quotation data through a direct feed will provide clarity to market participants. Additionally, it is necessary and consistent with the public interest and the protection of investors to update the Exchange's table of market centers in Rule 4759 in order to provide transparency with respect to all the direct proprietary and network processor feeds from which the Exchange obtains market data.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issue; instead, its purpose is to enhance transparency with respect to the operation of the Exchange and its use of market data feeds.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6) thereunder.⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Applicants’ Representations

1. Strategas Trust and any future Trust will be a UIT registered under the Act. Strategas, a limited liability company, is registered under the Securities Exchange Act of 1934 as a broker-dealer and will be the Depositor of Strategas Trust. Each Series will be created by a trust agreement between the Depositor, the evaluator, and a banking institution or trust company as trustee.

2. The Depositor acquires a portfolio of securities, which it deposits with the series trustee (“Trustee”) in exchange for certificates representing units of fractional undivided interest in the Series’ portfolio (“Units”). The Units are offered to the public through the Depositor and dealers at a price which, during the initial offering period, is based upon the aggregate market value of the underlying securities, or, the aggregate offering side evaluation of the

underlying securities if the underlying securities are not listed on a securities exchange, plus a front-end sales charge, a deferred sales charge or both. The maximum sales charge may be reduced in compliance with rule 22d–1 under the Act in certain circumstances, which are disclosed in the Series’ prospectus.

3. The Depositor may, but is not legally obligated to, maintain a secondary market for Units of an outstanding Series. Other broker-dealers may or may not maintain a secondary market for Units of a Series. If a secondary market is maintained, investors will be able to purchase Units on the secondary market at the current public offering price plus a front-end sales charge. If such a market is not maintained at any time for any Series, holders of the Units (“Unitholders”) of that Series may redeem their Units through the Trustee.

A. Deferred Sales Charge and Waiver of Deferred Sales Charge Under Certain Circumstances

1. Applicants request an order to the extent necessary to permit one or more Series to impose a sales charge on a deferred basis (“DSC”). For each Series, the Depositor would set a maximum sales charge per Unit, a portion of which may be collected “up front” (*i.e.*, at the time an investor purchases the Units). The DSC would be collected subsequently in installments (“Installment Payments”) as described in the application. The Depositor would not add any amount for interest or any similar or related charge to adjust for such deferral.

2. When a Unitholder redeems or sells Units, the Depositor intends to deduct any unpaid DSC from the redemption or sale proceeds. When calculating the amount due, the Depositor will assume that Units on which the DSC has been paid in full are redeemed or sold first. With respect to Units on which the DSC has not been paid in full, the Depositor will assume that the Units held for the longest time are redeemed or sold first. Applicants represent that the DSC collected at the time of redemption or sale, together with the Installment Payments and any amount collected up front, will not exceed the maximum sales charge per Unit. Under certain circumstances, the Depositor may waive the collection of any unpaid DSC in connection with redemptions or sales of Units. These circumstances will be disclosed in the prospectus for the relevant Series and implemented in accordance with rule 22d–1 under the Act.

3. Each Series offering Units subject to a DSC will state the maximum charge

⁷ 17 CFR 200.30–3(a)(12).

¹ Applicants also request relief for future registered unit investment trusts (collectively, with Strategas Trust, the “Trusts”) and series of the Trusts (“Series”) that are sponsored by Strategas or any entity controlling, controlled by or under common control with Strategas or any successor in interest to any such entity (together with Strategas, the “Depositor”). Any existing or future entity that relies on the requested order will comply with the terms and conditions of the application. All existing entities that currently intend to rely on the requested order are named as applicants.
