Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before April 26, 2021. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418–2991.

Title: Part 64, Modernization of Payphone Compensation Rules, et al., WC Docket No. 17–141, et al.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 260 respondents; 1,748 responses.

Estimated Time per Response: 0.50 hours–122 hours.

Frequency of Response: On occasion, one-time, and quarterly reporting requirements; third party disclosure requirements; and recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151, 154 and 276.

Total Annual Burden: 27,064 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit confidential information. Respondents may request confidential treatment of their information that they believe to be confidential pursuant to 47 CFR 0.459 of the Commission’s rules.

Needs and Uses: Section 276 of the Communications Act, as amended (the Act), requires that the Federal Communications Commission (Commission or FCC) establish rules ensuring that payphone service providers or PSPs are “fairly compensated” for each and every completed payphone-originated call. The Commission’s Payphone Compensation Rules satisfy section 276 by identifying the party liable for compensation and establishing a mechanism for PSPs to be paid. A 2003 Report and Order (FCC 03–235) established detailed rules (Payphone Compensation Rules) ensuring that payphone service providers or PSPs are “fairly compensated” for each and every completed payphone-originated call pursuant to section 276 of the Communications Act, as amended (the Act), which the Commission revised in a 2018 Report and Order (FCC 18–21). The Payphone Compensation Rules satisfy section 276 by identifying the party liable for compensation and establishing a mechanism for PSPs to be paid. The Payphone Compensation Rules: (1) Place liability to compensate PSPs for payphone-originated calls on the facilities-based long distance carriers or switch-based resellers (SBRs) from whose switches such calls are completed; (2) define these responsible carriers as “Completing Carriers” and require them to develop their own system of tracking calls to completion; (3) require Completing Carriers to file with PSPs a quarterly report and also submit an attestation by a company official, including but not limited to the chief financial officer (CFO), that the payment amount for that quarter is accurate and is based on 100% of all completed calls; (4) require quarterly reporting obligations for other facilities-

based long distance carriers in the call path, if any, and define these carriers as “Intermediate Carriers;” and (5) give parties flexibility to agree to alternative compensation arrangements (ACA) so that small Completing Carriers may avoid the expense of instituting a tracking system. The revisions adopted in the 2018 Report and Order significantly decreased the paperwork burden on carriers.

Title: FCC Authorization for Radio Service Authorization; Wireless Telecommunications Bureau; Public Safety and Homeland Security Bureau, FCC Form 601–2.0.

Form Number: FCC Form 601–2.0.

Type of Review: New collection.

Respondents: Individual and households, Business or other for-profit entities, state, local, or tribal government, and not for profit institutions.

Number of Respondents: 24 respondents; 176 responses.

Estimated Time per Response: 0.5 hours.

Frequency of Response:

Recordkeeping requirement; third party disclosure requirement, on occasion reporting requirement and periodic reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for these collections are contained in 47 U.S.C. 151, 152, 155(c), 158, 201, 202, 208, 214, 301, 302a, 303, 307, 308, 309, 310, 311, 314, 316, 319, 324, 332, and 333 of the Communications Act of 1934.

Total Annual Burden: 88 hours.

Total Annual Cost: \$18,150.

Privacy Impact Assessment: Yes.

Nature and Extent of Confidentiality:

In general, there is no need for confidentiality with this collection of information.

Needs and Uses: The Commission is submitting a request to the Office of Budget and Management (OMB) for approval of the FCC Form 601–2.0, a new data collection that will gradually replace the FCC Form 601 ((3060–0798)). The Commission is implementing a new electronic licensing system called Universal Licensing System 2.0 (ULS 2.0) to replace the current Universal Licensing System (ULS). Services will gradually be moved to the new ULS 2.0, beginning with market-based Special Temporary Authority (STA) applications. The burden hours and

costs associated with market-based STAs will now be a part of the ULS 2.0 system and FCC Form 601–2.0. The FCC Form 601–2.0 will be a consolidated electronic data collection for market-based and site-based licensing for wireless telecommunications services, including public safety, which will be filed through the Commission’s modernized Universal Licensing System 2.0 (ULS–2.0). This form will gradually replace the FCC Form 601 (3060–0798) as services are moved from legacy ULS to ULS 2.0. The substance of and wording of the FCC Form 601 data collection will remain the same in the new system. The data collected in ULS 2.0 consists of administrative, technical, and other information needed for licensing if wireless radio services. Once fully implemented, this system will be used to submit all Wireless Services applications along with any supporting documentation. The application purposes include: Applying for a new license (including STA’s) modifying or renewing an existing license, cancelling a license, submitting required notifications, requesting an extension of time to satisfy construction requirements, and requesting an administrative update to an existing license (such as mailing address change). Applicants can also amend or withdraw applications while they are pending in ULS.2.0. The data collected in ULS 2.0 includes the FCC Registration Number (FRN), which serves as a “common link” for all filings an entity has with the FCC. The Debt Collection Improvement Act of 1996 requires entities filing with the Commission to use an FRN. ULS 2.0 data records may include information about individuals or households, e.g., personally identifiable information or PII, and the use(s) and disclosure of this information are governed by the requirements of a system of records notice or “SORN”, FCC/WTB–1, “Wireless Services Licensing Records.” There are no additional impacts under the Privacy Act.
