Estimated Total Annual Burden

Hours: 2,109.

Needs and Uses: The National Marine Fisheries Service's Southeast Regional Office manages three commercial individual fishing quota (IFQ) and individual transferable quota (ITQ) programs in the U.S. southeast region under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The IFQ programs for red snapper, and groupers and tilefishes occur in Federal waters of the Gulf of Mexico (Gulf), and the ITQ program for wreckfish occurs in Federal waters of the South Atlantic.

The NMFS Southeast Regional Office proposes to extend and revise parts of the information collection currently approved under OMB Control Number 0648–0551. This collection of information tracks the transfer and use of IFQ and ITQ shares, and IFQ allocation and landings by commercial fishermen necessary for NMFS to operate, administer, and review management of the IFQ and ITQ programs. Regulations for the IFQ and ITQ programs are located at 50 CFR part 622.

For the Gulf IFQ programs, the revisions would collect additional business and demographic information on the IFQ Online Account Application, as well as add a requirement to input the vessel signature personal identification number (PIN) a second time on the Dealer Landing Transaction Report if a criterion is met.

NMFS would revise the IFQ Online Account Application to obtain ownership percentage data for any business that participates in the Gulf IFQ programs, as well as the type of business, and confirmation of whether the business is small or large, as defined by Small Business Administration standards.

NMFS would revise the Dealer Landing Transaction Report to add a requirement for a shareholder to input the vessel signature PIN a second time if the landing transaction would result in a 10 percent overage of their catch allocation during that fishing year. NMFS proposes to add a feature to the Dealer Landing Transaction Report that would notify the shareholder that a 10 percent overage would occur and in which categories, and require the vessel signature PIN to accept the overage. Although the 10 percent overage is utilized infrequently, this would provide the shareholder the opportunity to transfer allocation and avoid using the 10 percent overage.

The purpose of revising the IFQ Online Account Application is to better comply with National Standard 4 (NS4) of the Magnuson-Stevens Act, the Regulatory Flexibility Act (RFA), and the Small Business Administration's regulations implementing the RFA, Executive Order 12898, and the "fairness and equitable distribution" provisions of the Magnuson-Stevens Act, including NS4 and section 303(b)(6). The purpose of revising the Dealer Landing Transaction Report is to better inform participants in the Gulf IFQ programs and require an additional verification from them when the existing flexibility measure of a 10 percent overage of their allocation would occur.

If implemented by NMFS, these administrative revisions would slightly increase the estimated time per response to complete the IFQ Online Account Application. NMFS estimates the time per response would increase from 10 to 13 minutes. However, NMFS does not expect the estimated time per response for the Dealer Landing Transaction Report to change. The cost of both the IFQ Online Account Application and the Dealer Landing Transaction Report would remain the same. NMFS proposes no other revisions to the existing information collections for the IFQ and ITQ programs approved in OMB Control No. 0648–0551.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration; Ocean Exploration Advisory Board

AGENCY: Office of Ocean Exploration and Research (OER), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of public meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda for a meeting of the Ocean Exploration Advisory Board (OEAB). OEAB members will discuss and provide advice on Federal ocean exploration

programs, with a particular emphasis on the topics identified in the section on Matters to Be Considered.

DATES: The announced meeting is scheduled for Wednesday, April 7, 2021, and Thursday, April 8, 2021 from 1:00 p.m. to 5:00 p.m. EDT.

ADDRESSES: This will be a virtual meeting. Information about how to participate will be posted to the OEAB website at <https://oeab.noaa.gov/>.

FOR FURTHER INFORMATION CONTACT: Mr. David McKinnie, Designated Federal Officer, Ocean Exploration Advisory Board, National Oceanic and Atmospheric Administration, david.mckinnie@noaa.gov or (206) 526-6950.

SUPPLEMENTARY INFORMATION: NOAA established the OEAB under the Federal Advisory Committee Act (FACA) and legislation that gives the agency statutory authority to operate an ocean exploration program and to coordinate a national program of ocean exploration. The OEAB advises NOAA leadership on strategic planning, exploration priorities, competitive ocean exploration grant programs, and other matters as the NOAA Administrator requests.

OEAB members represent government agencies, the private sector, academic institutions, and not-for-profit institutions involved in all facets of ocean exploration—from advanced technology to citizen exploration.

In addition to advising NOAA leadership, NOAA expects the OEAB to help to define and develop a national program of ocean exploration—a network of stakeholders and partnerships advancing national priorities for ocean exploration.

Matters to be Considered: The OEAB will discuss the following topics: (1) Ocean exploration in the context of administration priorities, (2) Annual review of the Office of Ocean Exploration and Research competitive grants program, (3) Office of Ocean Exploration and Research updates, and (4) other matters as described in the agenda. The agenda and other meeting materials will be made available on the OEAB website at <https://oeab.noaa.gov/>.

Status: The meeting will be open to the public with a 15-minute public comment period on the second day of the meeting, Thursday, April 8, 2021, from 3:00 p.m. to 3:15 p.m. EDT (please check the final agenda on the OEAB website to confirm the time). The public may listen to the meeting and provide comments during the public comment period via teleconference. Participation

information will be on the meeting agenda on the OEAB website.

The OEAB expects that public statements at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be limited to three minutes. The Designated Federal Officer must receive written comments by April 2, 2021, to provide sufficient time for OEAB review. Written comments received after April 2, 2021, will be distributed to the OEAB, but may not be reviewed prior to the meeting date.

Special Accommodations: Requests for sign language interpretation or other auxiliary aids should be directed to the Designated Federal Officer by April 2, 2021.

Dated: February 3, 2021.

David Holst,

Director Chief Financial Officer/CAO, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.
