

purpose of the proposed action is threefold: (1) Address the needs of fishing communities, consistent with NOAA's mandate through the Saltonstall-Kennedy Act; (2) ensure NOAA continues to meet the requirements of the Saltonstall-Kennedy Act; and (3) assist NOAA in meeting its mission, "To understand and predict changes in climate, weather, oceans, and coasts, to share that knowledge and information with others, and to conserve and manage coastal and marine ecosystems and resources". The Proposed Action is needed to address the needs of fishing communities by building and maintaining sustainable fisheries, optimizing economic benefits, and increasing other opportunities to keep working waterfronts viable.

Types of projects funded by the S-K Program include, but are not limited to, promotion and marketing; aquaculture; gear testing; bycatch reduction engineering; research and monitoring; stock assessments; data collection; socioeconomic research; climate change; and workshops and conferences.

Alternatives

NOAA is preliminarily preparing to analyze two program-level alternatives: (1) A No Action Alternative, and (2) the proposed action, which NOAA is referring to as the Promotion, Marketing, Research and Development Alternative. Under the No Action Alternative, the S-K Program would not fund projects that address the needs of fishing communities, optimize economic benefits by building and maintaining sustainable fisheries, and increase other opportunities to keep working waterfronts viable. Although the No Action Alternative would not meet the purpose and need, it serves as a baseline against which the impacts of the Promotion, Marketing, Research and Development Alternative will be compared and contrasted. Implementation of the Promotion, Marketing, Research and Development Alternative, will allow for funding actions through federal financial assistance for all possible types of projects that meet the needs of U.S. fishing communities, consistent with the scope of the S-K Program. This alternative would provide the S-K Program with flexibility in choosing priorities each year while also considering the funding environment. We invite public comments on the proposed scope of the alternatives and are particularly interested in comments regarding potential additional alternatives.

Scoping Process

This notice initiates a public scoping period for the PEIS. Please review the information in this notice and additional information about the S-K Program, located on the NOAA S-K Program website (see the **FOR FURTHER INFORMATION CONTACT** section above). NOAA is particularly interested in receiving comments regarding biological, cultural, or ecological issues that the analysis should address. We also encourage comments that assist us in further delineating the proposed project, its potential to affect the human environment, means for avoiding, minimizing, or mitigating those effects, the preliminary range of alternatives, any additional reasonable alternatives that should be considered, and other issues of public concern. To promote informed decision-making, we especially encourage commenters to submit any scientific data, studies, or research that you feel is relevant to the analysis.

To facilitate the public and agency involvement in the PEIS process, NOAA will hold three public-scoping meetings during the scoping period. The meetings will be virtual in format. The scoping meetings will solicit input from the public and interested public agencies regarding the scope of environmental impacts to be addressed in the draft PEIS. Three virtual public scoping meetings (in webinar format only) will be held in each of three regions, as follows:

- Eastern and Gulf of Mexico Region (includes Atlantic States, Gulf of Mexico States, U.S. Virgin Islands, and Puerto Rico)—March 9, 2021

DEPARTMENT OF DEFENSE

Office of the Secretary

Notice of Waiver of the Referral Requirement for TRICARE Prime Enrollees, Not Including Active Duty Service Members (ADSMs), So They May Receive COVID-19 Vaccines From Any TRICARE-Authorized Non-Network Provider Without Incurring Point-of-Service Charges Where Applicable

AGENCY: Office of the Secretary, Department of Defense (DoD).

ACTION: Notice of waiver.

SUMMARY: This notice is to advise TRICARE Prime enrollees, not including ADSMs, of a waiver to the referral requirement so they may receive COVID-19 vaccines, a clinical preventive service, from any TRICARE authorized non-network provider

without incurring POS charges where applicable.

DATES: This waiver is effective on December 13, 2020.

ADDRESSES: Defense Health Agency (DHA), 16401 East Centretex Parkway, Aurora, CO 80011-9066.

FOR FURTHER INFORMATION CONTACT: Valerie Palmer, Defense Health Agency, 303-676-3557, valerie.a.palmer3.civ@mail.mil.

SUPPLEMENTARY INFORMATION: In December 2019, an outbreak of respiratory disease caused by a novel coronavirus was detected in Wuhan City, Hubei Province, China. The virus has been named SARS-CoV-2 and the disease it causes has been named COVID-19. This virus has spread rapidly throughout the United States (U.S.) and around the world.

On January 31, 2020, the Secretary of the Department of Health and Human Services, Alex Azar, declared a public health emergency pursuant to Section 319 of the Public Health Service Act for the entire U.S. to aid in the Nation's health care community response to COVID-19, retroactive to January 27, 2020. On March 13, 2020, President Donald Trump declared that the COVID-19 outbreak in the U.S. constituted a national emergency, beginning March 1, 2020.

Thus far, two vaccines have been approved by the Food and Drug Administration (FDA) for the prevention of COVID-19 in the U.S. On December 11, 2020, the FDA issued an Emergency Use Authorization (EUA) for the Pfizer-BioNTech COVID-19 vaccine (Pfizer, Inc.; Philadelphia, Pennsylvania). Vaccination with the Pfizer-BioNTech COVID-19 vaccine consists of two doses administered intramuscularly, three weeks apart. On December 12, 2020, the Advisory Committee on Immunization Practices (ACIP) issued an interim recommendation for use of the Pfizer-BioNTech COVID-19 vaccine in persons aged 16 years and older for the prevention of COVID-19. The recommendation was published in an early release of the Morbidity and Mortality Weekly Report (MMWR) on December 13, 2020; thus, this vaccine may now be covered by TRICARE.

On December 18, 2020, the FDA issued an EUA for the Moderna COVID-19 (mRNA-1273) vaccine (ModernaTX, Inc.; Cambridge, Massachusetts). Vaccination with the Moderna COVID-19 vaccine consists of two doses administered intramuscularly, four weeks apart. On December 19, 2020, the ACIP issued an interim recommendation for use of the Moderna

COVID-19 vaccine in persons aged 18 years and older for the prevention of COVID-19. The recommendation was published in an early release of the MMWR on December 20, 2020; thus, this vaccine may also be covered by TRICARE.

Except under very special circumstances, a beneficiary enrolled in TRICARE Prime is required to obtain a referral for care through a designated primary care manager (or other authorized care coordinator) prior to obtaining care under the TRICARE program, otherwise POS charges apply. The DHA believes the widespread need for COVID-19 vaccines and the fact that supply of these vaccines may be limited is a special circumstance necessitating the waiver of the referral requirement for TRICARE Prime enrollees so they may receive a COVID-19 vaccine, a clinical preventive service, from any TRICARE authorized non-network provider without incurring POS charges where applicable. This waiver will apply for the period of the U.S. President's declaration of the COVID-19 national emergency.

Dated: January 25, 2021.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
