DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2020-0018]

Withdrawal of the Public Review Period for Cook Inlet Lease Sale 258

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice to withdraw public review period.

SUMMARY: BOEM is withdrawing the public review period and virtual public hearings announced in the Notice of Availability (NOA) of the Draft Environmental Impact Statement (DEIS) for the proposed Cook Inlet Lease Sale 258.

DATES: This withdrawal is effective immediately. The public review period, scheduled to close March 1, 2021, and the virtual public hearings, scheduled for February 9–11, 2021, are canceled.

FOR FURTHER INFORMATION CONTACT: For information regarding this notice, please contact Ameer Howard, Project Manager, Bureau of Ocean Energy Management, Alaska Regional Office, 3801 Centerpoint Drive, Suite 500, Anchorage, Alaska 99503-5823, by telephone at (907) 334-5200, or by email at amee.howard@boem.gov.

SUPPLEMENTARY INFORMATION: On January 15, 2021, BOEM published an NOA for the proposed Cook Inlet Lease Sale 258 DEIS. The NOA began a 45-day comment period and announced the dates and times of three virtual public hearings. However, in response to Executive Order 14008, BOEM has decided to cancel the comment period and public hearings for the Lease Sale 258 DEIS.

Executive Order 14008, published in the **Federal Register** on February 1, 2021, directed the Secretary of the Interior to pause new oil and gas leasing on public lands and offshore waters pending completion of a comprehensive review of Federal oil and gas activities, including climate and other impacts. Consistent with the Executive Order, BOEM has decided to cancel the comment period and virtual public hearings for Lease Sale 258 DEIS. This decision to postpone further environmental review of the lease sale pending completion of the review specified in the Executive Order was made to avoid administrative costs associated with holding hearings on the sale while it is under review. In advance of this notice, on February 4, 2021, BOEM issued a press release and updated its website to notify stakeholders that the public review period and virtual public hearings were cancelled. If, after completion of the review directed in Executive Order 14008, BOEM resumes its environmental review of Lease Sale 258, a notice will be published in the **Federal Register**.

Authority: This notice to withdraw the public review period is published pursuant

to 42 U.S.C. 4321 *et seq.*; 40 CFR 1506.6 (2019 ed.).

DATES: February 1, 2021.

The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Scope.—For purposes of this investigation, Commerce has defined the subject merchandise as all seamless circular refined copper pipes and tubes, including redraw hollows, greater than

or equal to 6 inches (152.4 mm) in actual length and measuring less than 12.130 inches (308.102 mm) in actual outside diameter (OD), regardless of wall thickness, bore (e.g., smooth, enhanced with inner grooves or ridges), manufacturing process (e.g., hot finished, cold-drawn, annealed), outer surface (e.g., plain or enhanced with grooves, ridges, fins, or gills), end finish (e.g., plain end, swaged end, flared end, expanded end, crimped end, threaded), coating (e.g., plastic, paint), insulation, attachments (e.g., plain, capped, plugged, with compression or other fitting), or physical configuration (e.g., straight, coiled, bent, wound on spools).

The scope of this investigation covers, but is not limited to, seamless refined copper pipe and tube produced or comparable to the American Society for Testing and Materials (ASTM) ASTM-B42, ASTM-B68, ASTM-B75, ASTM-B88, ASTM-B88M, ASTM-B188, ASTM-B251, ASTM-B251M, ASTM-B280, ASTM-B302, ASTM-B306, ASTM-B359, ASTM-B743, ASTM-B819, and ASTM-B903 specifications and meeting the physical parameters described therein.¹

Background.—The final phase of this investigation is being scheduled, pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)), as a result of an affirmative preliminary determination by Commerce that imports of seamless refined copper pipe and tube from Vietnam are being sold in the United States at less than fair value within the meaning of § 733 of the Act (19 U.S.C. 1673b). The investigation was requested in a petition filed on June 30, 2020, by the American Copper Tube Coalition, consisting of the Mueller Group, Collierville, Tennessee, and Cerro Flow Products, LLC, Sauget, Illinois.

Participation in the investigation and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of this investigation as parties must file an

entry of appearance with the Secretary to the Commission, as provided in § 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigation need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigation.

Please note the Secretary's Office will accept only electronic filings during this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigation. A party granted access to BPI in the preliminary phase of the investigation need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of this investigation will be placed in the nonpublic record on May 27, 2021, and a public version will be issued thereafter, pursuant to § 207.22 of the Commission's rules.

Hearing.—The Commission will hold a hearing in connection with the final phase of this investigation beginning at 9:30 a.m. on June 15, 2021. BILLING CODE 7020-02-P

DEPARTMENT OF LABOR

Employment and Training Administration

Labor Certification Process for the Temporary Employment of Aliens in Agriculture in the United States: 2021 Adverse Effect Wage Rates for Non-Range Occupations

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The Employment and Training Administration (ETA) of the Department of Labor (Department) is issuing this notice to announce the 2021 Adverse Effect Wage Rates (AEWR) for the employment of temporary or seasonal nonimmigrant foreign workers (H-2A workers) to perform agricultural labor or services other than the herding or production of livestock on the range. AEWRs are the minimum wage rates the Department has determined must be offered and paid by employers to H-2A workers and workers in corresponding employment for a particular occupation and area so that the wages and working conditions of similarly employed workers in the United States will not be adversely affected. In this notice, the Department announces updates of the AEWRs, which are effective immediately pursuant to a recent federal court order. Supplemental Order Regarding Preliminary Injunctive Relief, *United Farm Workers, et al. v. U.S. Dep't of Labor, et al.*, No. 20-cv-1690 (E.D. Cal. Jan. 12, 2021), ECF No. 39.

DATES: These rates are applicable February 23, 2021.

FOR FURTHER INFORMATION CONTACT: Brian Pasternak, Administrator, Office of Foreign Labor Certification, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Room N-5311, Washington, DC 20210, telephone: (202) 693-8200 (this is not a toll-free number). Individuals with hearing or speech impairments may access the telephone numbers above via TTY/TDD by calling the toll-free Federal Information Relay Service at 1 (877) 889-5627.

SUPPLEMENTARY INFORMATION: The U.S. Citizenship and Immigration Services of the Department of Homeland Security will not approve an employer's petition for the admission of H-2A nonimmigrant temporary and seasonal agricultural workers in the United States unless the petitioner has received an H-2A labor certification from the Department. The labor certification provides that: (1) There are not sufficient U.S. workers who are able, willing, and qualified and who will be available at the time and place needed to perform the labor or services involved in the petition; and (2) the employment of the foreign worker(s) in such labor or services will not adversely affect the wages and working conditions of workers in the United States similarly employed. 8 U.S.C. 1101(a)(15)(H)(ii)(a), 1184(c)(1), and 1188(a); 8 CFR 214.2(h)(5); 20 CFR 655.100.

Adverse Effect Wage Rates for 2021

The Department's H-2A regulations at 20 CFR 655.122(l) provide that employers must pay their H-2A workers and workers in corresponding employment at least the highest of: (i) The AEWR; (ii) the prevailing hourly wage rate; (iii) the prevailing piece rate; (iv) the agreed-upon collective bargaining wage rate; or (v) the federal or state minimum wage rate in effect at the time the work is performed. Further, when the AEWR is adjusted during a work contract and is higher than the highest of the previous AEWR, the prevailing rate, the agreed-upon collective bargaining wage, the Federal minimum wage rate, or the state minimum wage rate, the employer must pay that adjusted AEWR upon the effective date of the new rate, as provided in the applicable **Federal Register Notice**. See 20 CFR 655.122(l) (requiring the applicable AEWR or other wage rate to be paid based on the AEWR or rate in effect "at the time work is performed").

On November 5, 2020, the Department published a final rule, *Adverse Effect Wage Rate Methodology for the*

Temporary Employment of H-2A Nonimmigrants in Non-Range Occupations in the United States, 85 FR 70445 (2020 AEWR final rule), to establish a new methodology for setting hourly AEWRs, effective December 21, 2020. On December 23, 2020, the U.S. District Court for the Eastern District of California issued an order enjoining the Department from implementing the 2020 AEWR final rule and ordering the Department to operate under the 2010 rule, *Temporary Agricultural Employment of H-2A Aliens in the United States*, 75 FR 6884 (Feb. 12, 2010). Order Granting Plaintiffs' Motion for a Preliminary Injunction, *United Farm Workers, et al. v. U.S. Dep't of Labor, et al.*, No. 20-cv-1690 (E.D. Cal.), ECF No. 37. On January 12, 2021, the district court issued a supplemental order requiring the Department to publish the AEWRs for 2021 in the **Federal Register** on or before February 25, 2021, using the methodology set forth in the 2010 rule, and to make those AEWRs effective upon their publication. Supplemental Order Regarding Preliminary Injunctive Relief, *United Farm Workers, et al. v. U.S. Dep't of Labor, et al.*, No. 20-cv-1690 (E.D. Cal.), ECF No. 39. Pursuant to the district court's supplemental order, the Department notified state workforce agencies (SWAs), employers, and the general public that the AEWRs in effect on December 20, 2020, remained in effect during the interim period until the Department published this update of the AEWRs for 2021 in the **Federal Register**. See, e.g., Announcements, *OFLC Announces Updates to Implementation of the H-2A Adverse Effect Wage Rate Methodology for Non-Range Occupations Final Rule; Compliance with District Court Order* (Jan. 15, 2021), available at <https://www.dol.gov/agencies/eta/foreign-labor/news>. As reflected in the Department's announcement on the OFLC website at <https://www.dol.gov/agencies/eta/foreign-labor/news>, the district court's supplemental order also reserved decision on whether an award of backpay to affected H-2A workers may be warranted based on the difference, if any, between the applicable 2020 AEWRs and the 2021 AEWRs announced in this notice.

Accordingly, the 2021 AEWRs for all agricultural employment (except for the herding or production of livestock on the range, which is covered by 20 CFR 655.200-235) for which temporary H-2A certification is being sought is equal to the annual weighted average hourly wage rate for field and livestock workers (combined) in the state or region as
