

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2021-0002; Internal Agency Docket No. FEMA-B-2109]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR), in accordance with Federal Regulations. The LOMR will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings. For rating purposes, the currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will be finalized on the dates listed in the table below and revise the FIRM panels and FIS report

in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

Submit comments and/or appeals to the Chief Executive Officer of the community as listed in the table below.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map repository address where the flood hazard determination information is available for inspection is provided.

Any request for reconsideration of flood hazard determinations must be submitted to the Chief Executive Officer

of the community as listed in the table below.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

The affected communities are listed in the following table. Flood hazard determination information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

BILLING CODE 9110–12–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA–2021–0006; OMB No. 1660–0058]

Agency Information Collection Activities: Proposed Collection; Comment Request; Fire Management Assistance Grant Program

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 60-Day notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on an extension, without change, of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the Fire Management Assistance Grant (FMAG) Program.

DATES: Comments must be submitted on or before April 26, 2021.

ADDRESSES: To avoid duplicate submissions to the docket, please use the following means to submit comments: *Online*. Submit comments at www.regulations.gov under Docket ID FEMA–2021–0006. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it

public. You may wish to read the Privacy and Security Notice that is available via the link on the homepage of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Antonio Jones, FMAG Program Specialist, Office of Response & Recovery, FEMA, (540) 320–1928. You may contact the Information Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The information collection is required for Fire Management Assistance Grant Program (FMAGP) eligibility determinations, grants management, and compliance with other federal laws and regulations. FEMA’s regulations, at 44 CFR part 204, specify the information collections necessary to facilitate the provision of assistance under the FMAGP. FMAGP was established under Section 420 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C 5187, as amended by section 303 of the Disaster Mitigation Act of 2000, and authorizes the President to provide assistance to any State or local government for the mitigation, management, and control of any fire on public or private forest land or grassland that threatens such destruction as would constitute a major disaster.

Collection of Information

Title: Fire Management Assistance Grant Program.

Type of Information Collection: Extension, without change, of a currently approved information collection.

OMB Number: 1660–0058.

FEMA Forms: FEMA Form 078–0–1, Request for Fire Management Assistance Declaration; FEMA Form 089–0–24, Request for Fire Management Sub-grant; FEMA Form 078–0–2, Principal Advisor’s Report.

Abstract: The information collection is required to make grant eligibility determinations for the Fire Management Assistance Grant Program (FMAGP).

These eligibility-based grants and subgrants provide assistance to any eligible State, Tribal government, or local government for the mitigation, management, and control of a fire on public or private forest land or grassland that is threatening such destruction as would constitute a major disaster. The information gathered in the forms is used to determine the severity of the threatening fire, current and forecast weather conditions, and associated factors related to the fire and its potential threat as a major disaster.

Affected Public: State, Tribal, or local, government.

Number of Respondents: 178.

Number of Responses: 553.

Estimated Total Annual Burden Hours: 810.5 hours.

Estimated Cost: The estimated annual cost to respondents for the hour burden is \$66,437. There are no annual costs to respondents’ operations and maintenance costs for technical services. There is no annual start-up or capital costs. The cost to the Federal Government is \$635,322.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,
