SUPPLEMENTARY INFORMATION: The Department of Transportation is publishing the inflation adjusted index factors for the rail passenger transportation liability cap under 49 U.S.C. 28103(a)(2), as directed by section 11415 of the FAST Act. The index methodology ensures that the aggregate allowable awards to all rail passengers, against all defendants, for all claims, including claims for punitive damages, arising from a single accident or incident is based on current dollars and is adjusted for inflation from the \$200,000,000 cap that went into effect on December 2, 1997.

Under the FAST Act, the index is adjusted to the date of enactment of the FAST Act using the Bureau of Labor Statistics Consumer Price Index—All Urban Consumers.

The index was based on the liability cap established on December 2, 1997, and the last full month prior to the enactment of the FAST Act on

December 4, 2015. The FAST Act also directs the Secretary to update the liability cap every fifth year after the date of enactment. The table below

shows the Index and inflator the Federal Railroad Administration used to calculate an inflation adjusted amount of \$322,864,228.

A. Program Description

1. Overview

The INFRA program provides Federal financial assistance to highway and freight projects of national or regional significance. To maximize the value of FY 2021 INFRA funds for all Americans, the Department is focusing the competition on transportation infrastructure projects that support six key objectives, each of which is discussed in greater detail in section A.2:

- (1) Supporting economic vitality at the national and regional level;
- (2) Addressing climate change and environmental justice impacts;
- (3) Advancing racial equity and Reducing barriers to opportunity;
- (4) Leveraging Federal funding to attract non-Federal sources of infrastructure investment;
- (5) Deploying innovative technology, encouraging innovative approaches to project delivery, and incentivizing the use of innovative financing; and
- (6) Holding grant recipients accountable for their performance.

This notice's focus on the six key objectives does not supplant the Department's focus on safety as our top priority. Consistent with the R.O.U.T.E.S. initiative, the Department seeks rural projects that address deteriorating conditions and
