SOCIAL SECURITY ADMINISTRATION

[Docket No. SSA-2020-0007]

Privacy Act of 1974; System of Records

AGENCY: Social Security Administration (SSA).

ACTION: Notice of a modified system of records.

SUMMARY: In accordance with the Privacy Act, we are issuing public notice of our intent to modify an existing system of records entitled, Travel and Border Crossing Records (60-0389), last published on March 3, 2019. This notice publishes details of the modified system as set forth under the caption, **SUPPLEMENTARY INFORMATION.**

DATES: The system of records notice (SORN) is applicable upon its publication in today's **Federal Register**, with the exception of the routine uses, which are effective March 31, 2021. We invite public comment on the routine uses or other aspects of this SORN. In accordance with 5 U.S.C. 552a(e)(4) and (e)(11), the public is given a 30-day period in which to submit comments. Therefore, please submit any comments by March 31, 2021.

ADDRESSES: The public, Office of Management and Budget (OMB), and Congress may comment on this publication by writing to the Executive Director, Office of Privacy and Disclosure, Office of the General Counsel, SSA, Room G-401 West High Rise, 6401 Security Boulevard, Baltimore, Maryland 21235-6401, or through the Federal e-Rulemaking Portal at <http://www.regulations.gov>. Please reference docket number SSA-2020-0007. All comments we receive will be available for public inspection at the above address and we will post them to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Navdeep Sarai, Government Information Specialist, Privacy Implementation Division, Office of Privacy and Disclosure, Office of the General Counsel, SSA, Room G-401 West High Rise, 6401 Security Boulevard, Baltimore, Maryland 21235-6401, telephone: 410-966-5855, email: Navdeep.Sarai@ssa.gov.

SUPPLEMENTARY INFORMATION: We are modifying the system manager to include up-to-date contact information per OMB Circular A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act." We are modifying the policies and practices for retention and disposal of records to include the National Archives and Records Administration (NARA) General Records Schedule (GRS) 4.2 Information Access and Protection Records, Item 130, Personally Identifiable Information Extracts. Lastly, we are modifying the notice throughout to correct miscellaneous stylistic formatting and typographical errors of the previously published notice to ensure the language reads consistently across multiple systems. We are republishing the entire notice for ease of reference.

In an effort to mitigate improper payments, we established the Travel and Border Crossing Records to collect information about applicants, beneficiaries, and recipients under Titles II, XVI, and XVIII who are or have been absent from the United States (U.S.) for certain periods of time. Generally, we rely on individuals to self-report their foreign travel. Oftentimes, we do not receive these reports or we receive them untimely, which results in improper payments. In general, we suspend Title II benefits to aliens who remain outside of the U.S. for more than six consecutive calendar months. We generally suspend Title II benefits to both U.S. citizens and non-U.S. citizens who travel to a country where payment is restricted by the U.S. Additionally, we suspend Title XVI payments to both citizen and non-citizen recipients who are outside of the U.S. for a full calendar month or 30 consecutive days or longer. SSA is not responsible for making Title XVIII payment determinations on claims for services submitted to the Centers for Medicare and Medicaid Services. However, the information collected in this system will be used for two purposes relating to Title XVIII. First, because Medicare enrollment criteria requires residence in the U.S., SSA will use this information to make initial and reconsideration decisions on Medicare entitlement claims. Second, SSA will use this information to make determinations on physical presence in the U.S. and will update the Master Beneficiary Record (MBR) system of records with those determinations. The Centers for Medicare and Medicaid Services may use information from the MBR in making decisions on whether a Medicare claim can be paid.

In accordance with 5 U.S.C. 552a(r), we provided a report to OMB and Congress on this modified system of records.

Matthew Ramsey,

Executive Director, Office of Privacy and Disclosure, Office of the General Counsel.

[Docket No. FAA-2021-0168]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Agricultural Aircraft Operations

AGENCY: Federal Aviation Administration (FAA), DOT
ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request Office of Management and Budget (OMB) approval to renew an information collection. The information to be collected is necessary to evaluate the applicants' qualifications for certification. This collection also involves the submission of information in petitions for exemption by agricultural aircraft operators, plans for operations over congested areas, and recordkeeping requirements for agricultural aircraft operators.

DATES: Written comments should be submitted by April 30, 2021.

ADDRESSES: Please send written comments:

FOR FURTHER INFORMATION CONTACT: Raymond Plessinger by email at: raymond.plessinger@faa.gov; phone: 717-443-7296.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0049.
Title: Agricultural Aircraft Operations.

Form Numbers: FAA Form 8710-3.

Type of Review: Renewal.

Background: This collection involves the application for issuance or amendment of a 14 CFR part 137 Agricultural Aircraft Operator Certificate. Application for an original certificate or amendment of a certificate issued under 14 CFR part 137 is made on a form, and in a manner prescribed by the Administrator. The FAA form 8710-3 may be obtained from an FAA Flight Standards District Office, or online at <https://www.faa.gov/forms/index.cfm/go/document.information/documentID/1020386>. The completed application is sent to the district office that has jurisdiction over the area in which the applicant's home base of operation is located.

The information collected includes: Type of application, operator's name/DBA, telephone number, mailing address, physical address of the principal base of operations, chief pilot/designee name, airman certificate grade and number, and aircraft make/model and registration numbers to be used.

This information collection also includes safety mitigation plans and public interest statements in petitions for exemption; plans for operations over congested areas; and recordkeeping requirements.

Respondents: There are 1,763 active agricultural aircraft operators. Approximately 50 operators are certificated annually, and approximately 50 certificates are surrendered or revoked.

Frequency: New applications when needed; current 14 CFR part 137 certificate do not expire, but may need to be amended on occasion.

Estimated Average Burden per Response: The FAA anticipates 100 applications for new certificates, at 0.5 hours each; 100 applications for amendment, at 0.5 hours each; 100 petitions for exemption, at 0.5 hours each; and 350 submissions of plans for operations over congested areas, at 0.5 hours each. The total reporting burden is thus 650 responses and 325 hours.

All operators certificated under part 137 are required to maintain certain records for a minimum of 12 months. The FAA estimates this recordkeeping burden at 4.5 hours per operator. Assuming a universe of 1,763 operators, the annual recordkeeping burden is 7,934 hours.

Estimated Total Annual Burden: 325 reporting hours + 7,934 recordkeeping hours = 8,259 total hours.
