

awarded to a rural service provider. In addition, the Commission proposes a \$10 million cap on the overall amount of bidding credits that any winning small business bidder may apply to licenses won in counties located within any PEA with a population of 500,000 or less. Based on the technical characteristics of the 2.5 GHz band and its analysis of past auction data, the Commission anticipates that its proposed caps will allow the majority of small businesses to take full advantage of the bidding credit program, thereby lowering the relative costs of participation for small businesses.

118. These proposed procedures for the conduct of Auction 108 constitute the more specific implementation of the competitive bidding rules contemplated by parts 1 and 30 of the Commission's rules, 47 CFR parts 1 and 30, the *2.5 GHz Report and Order*, and relevant competitive bidding orders, and are fully consistent therewith.

119. *Federal Rules that May Duplicate, Overlap, or Conflict with the Proposed Rules.* None.

B. Paperwork Reduction Act Analysis

120. The *Auction 108 Comment Public Notice* contains proposed new information collection requirements. The Commission, as part of its continuing effort to reduce paperwork burdens, invites the general public and the Office of Management and Budget (OMB) to comment on the information collection requirements contained in this document, as required by the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, 44 U.S.C. 3506(c)(4), the Commission seeks specific comment on how it might further reduce the information collection burden for small business concerns with fewer than 25 employees.

C. Deadlines and Filing Procedures

121. Pursuant to 47 CFR 1.415, 1.419, interested parties may file comments or reply comments on or before the dates indicated on the first page of the *Auction 108 Comment Public Notice* in AU Docket No. 20–429. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies.

122. *Ex Parte Requirements.* This proceeding has been designated as a “permit-but-disclose” proceeding in accordance with the Commission's ex parte rules. Persons making oral ex parte presentations must file a copy of any written presentations or memoranda summarizing any oral presentation

within two business days after the presentation (unless a different deadline applicable to the Sunshine Period applies). Persons making oral ex parte presentations are reminded that memoranda summarizing the presentations must (1) list all persons attending or otherwise participating in the meeting at which the ex parte presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda, or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to the Commission staff during ex parte meetings are deemed to be written ex parte presentations and must be filed consistent with 47 CFR 1.1206(b). In proceedings governed by 47 CFR 1.49(f) or for which the Commission has made available a method of electronic filing, written ex parte presentations and memoranda summarizing oral ex parte presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (e.g., .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission's ex parte rules.

47 CFR Part 73

[**MB Docket No. 21–55; RM–11880; DA 21–164; FR ID 17509**]

Television Broadcasting Services Kearney, Nebraska

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission has before it a petition for rulemaking (Petition) filed by KHGI Licensee, LLC, (Licensee), licensee of KHGI-TV, channel 13,

Kearney, Nebraska (KHGI or Station), requesting the substitution of channel 18 for channel 13 at Kearney in the DTV Table of Allotments. Licensee states that the proposed channel substitution for KHGI from VHF channel 13 to UHF channel 18 would allow KHGI to significantly improve its over-the-air service to the Station's viewers in the Kearney, Nebraska, area. Licensee states that the proposed channel change from channel 13 to channel 18 would result a substantial increase in signal receivability for KHGI's core viewers and enable viewers to receive the Station's signal with a significantly smaller antenna. Licensee maintains that KHGI, as a VHF channel station, has had a long history of dealing with severe reception problems exacerbated by the analog to digital conversion. The proposed migration of KHGI from channel 13 to channel 18, Licensee contends, will be a favorable arrangement of allotments based on the enhanced signal levels that will be delivered to a large percentage of the Station's population without any predicted loss of coverage. Further, Licensee maintains that the change will result in an predicted increase of more than 37,000 persons in the Station's overall population and the staff has determined there is no loss of service. Licensee concludes by saying that the public interest would be best served by promptly granting its Petition with the specifications set forth therein so that Kearney-area viewers may benefit from substantially improved over-the-air broadcast television service as soon as possible.

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission has before it a petition for rulemaking (Petition) filed by Scripps Broadcasting Holdings, LLC (Scripps or the Petitioner), licensee of KRIS-TV, channel 13, Corpus Christi, Texas, requesting the substitution of channel 26 for channel 13 at Corpus Christi in the DTV Table of Allotments. Scripps states that it has received numerous complaints from viewers saying that they are unable to receive the station on channel 13, and that it is apparent that the KRIS-TV VHF signal is not providing viewers with the quality of service provided by UHF stations in the market. Scripps further states that the station is now silent, after a wind storm in April 2020 caused the tower to collapse, and Scripps would prefer to construct a new UHF facility on channel 26 in order to significantly improve off-air service, rather than replace the VHF channel 13 facility.
