BILLING CODE 4410-30-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Resource Conservation and Recovery Act

On January 20, 2021, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Utah in the lawsuit entitled *United States of America v. Magnesium Corporation of America, et al.*, Civil Action No. 2:01CV0040-DBB.

If approved by the court, the consent decree would resolve the claims of the United States against US Magnesium LLC ("USM"), the Renco Group, Inc. ("Group"), the Ira Leon Rennert Revocable Trusts ("Trusts"), and Mr. Ira Leon Rennert ("Rennert"), collectively "Defendants," for injunctive relief and civil penalties for alleged violations of the Resource Conservation and Recovery Act ("RCRA") at USM's magnesium production facility in Rowley, Utah. The consent decree would require USM to: (1) Make extensive process modifications at the facility, including construction of a filtration plant to treat all wastewaters, that will reduce the environmental impacts from its production operations and ensure greater protection for its workers; (2) establish appropriate financial assurance for closure or corrective action of certain waste management areas in the operating areas of the facility; (3) pay a civil penalty of \$250,000; and (4) perform the CERCLA Response Action, which includes construction of a barrier wall around 1,700 acres of the operating portions of the facility to prevent leaks or breaches of hazardous materials to the Great Salt Lake, and the payment of EPA costs incurred in connection with the CERCLA Response Action.

In return for the Settling Defendants' compliance with these requirements, the consent decree would resolve past RCRA violations at the Rowley facility that the United States' complaint alleges. Provided that the Settling Defendants remain in compliance with the consent decree's requirements, including payment of EPA CERCLA Response Action costs, the United States would covenant not to sue the

Settling Defendants under CERCLA for the CERCLA Response Action and EPA's CERCLA Response Action costs.

On February 3, 2021, the Department of Justice published notice of the lodging of the proposed consent decree. 86 FR 8037. The notice started a 30-day period for the submission of comments on the proposed consent decree. The Department of Justice has received a request for an extension of the comment period, which expires on March 5, 2021. In consideration of the request, notice is hereby given that the Department of Justice has extended the comment period on the proposed consent decree by an additional 14 days, up to and including March 19, 2021. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. Magnesium Corporation of America, et al.*, Civil Action No. 2:01CV0040-DBB; D.J. Ref. No. 90-7-1-06980. Comments may be submitted either by email or by mail:

To submit comments:	Send them to:
By email	pubcomment-ees.enrd@usdoj.gov .
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

During the public comment period, the consent decree may be examined and downloaded at this Justice Department website: <http://www.justice.gov/enrd/consent-decrees>. We will provide a paper copy of the consent decree upon written request and payment of reproduction costs. Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

Please enclose a check or money order for \$101.00 (25 cents per page reproduction cost) payable to the United States Treasury. For a paper copy without the Appendices and signature pages, the cost is \$20.00.

Jeffrey Sands,

Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

Title of Collection: Grantee Reporting Requirements for the Graduate Research Fellowship Program.

OMB Number: 3145-0223.

Expiration Date of Approval: Not applicable.

Type of Request: Intent to seek approval to reinstate an information collection.

Abstract

Proposed Project: The purpose of the NSF Graduate Research Fellowship Program is to help ensure the vitality and diversity of the scientific and engineering workforce of the United States. The program recognizes and supports outstanding graduate students who are pursuing research-based master's and doctoral degrees in science, technology, engineering, and mathematics (STEM) and in STEM education. The GRFP provides three years of support, to be used during a five-year fellowship period, for the graduate education of individuals who have demonstrated their potential for significant research achievements in STEM and STEM education.

The Graduate Research Fellowship Program uses several sources of information in assessing and documenting program performance and impact. These sources include reports from program evaluation, the GRFP Committee of Visitors, and data compiled from the applications. In addition, GRFP Fellows submit annual activity reports to NSF.

The GRFP Completion report is proposed as a continuing component of the annual reporting requirement for the program. This report, submitted by the GRFP Institution, certifies the completion status of Fellows at the institution (e.g., in progress, completed, graduated, transferred, or withdrawn). The existing Completion Report, Grants Roster Report, and the Program Expense Report comprise the GRFP Annual Reporting requirements from the Grantee GRFP institution. Through submission of the Completion Report to NSF GRFP institutions certify the current status of all GRFP Fellows at the institution as either: In Progress, Graduated, Transferred, or Withdrawn. For Graduate Fellows with Graduated status, the graduation date is a required reporting element. Collection of this information allows the program to obtain information on the current status of Fellows, the number and/or percentage of Graduate Fellowship recipients who complete a science or engineering graduate degree, and an estimate of time to degree completion. The report must be certified and submitted by the institution's designated Coordinating Official (CO) annually.

Use of the Information: The completion report data provides NSF with accurate Fellow information regarding completion of the Fellows'
