

from issuers of government-administered, general-use prepaid cards including information on the pre-paid card program, the number of cards outstanding, card funding, ATM transactions, purchase transactions, fees paid by issuers to third parties, interchange fees, and cardholder fees. The issuer survey (FR 3063a) is mandatory. The government survey (FR 3063b), which is being discontinued, was designed to collect data from state governments, the District of Columbia, and U.S. territories (collectively "state governments"), and municipal government offices located within the United States (local government offices) that administer general-use prepaid card payment programs.¹ It was intended that the FR 3063b survey would collect similar information from state governments and local government offices to supplement the information collected from card issuers in the FR 3063a survey on the usage of general-use prepaid cards in federal, state or local government-administered payment programs. However, the FR 3063b was voluntary, and the Board has not issued this survey to state governments or local government offices in the past three years because relevant information on the use of prepaid cards was obtained from the FR 3063a survey.

The Board uses data from the FR 3063a survey to support an annual report to Congress on the prevalence of use of general-use prepaid cards in federal, state, and local government-administered payment programs and on the interchange and cardholder fees charged with respect to such use of such cards.

Legal authorization and confidentiality: The issuer survey is authorized by subsection 920(a)(7) of the Electronic Fund Transfer Act, 15 U.S.C. 1693o-2(a)(7), which was added by section 1075(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act. This subsection requires the Board to submit an annual report to Congress on the prevalence of the use of general-use prepaid cards in federal, state, or local government-administered payment programs and the interchange transaction fees and card-holder fees charged with respect to the use of such general-use prepaid cards (15 U.S.C. 1693o-2(a)(7)(D)). It also provides the

¹ The government survey may be distributed to federal government agencies in addition to state and local governments and U.S. territories, but collections of information from federal government agencies are not subject to the Paperwork Reduction Act and, thus, are not included in this discussion. U.S. territories include American Samoa, Guam, Midway Islands, Northern Mariana Islands, Puerto Rico, and U.S. Virgin Islands.

Board with authority to require issuers to provide information to enable the Board to carry out the provisions of the subsection (15 U.S.C. 1693o-2(a)(3)(B)). The obligation of issuers to respond to the issuer survey is mandatory. The Board generally regards the information collected from each individual issuer on the FR 3063a survey as confidential commercial and financial information, which may be protected by exemption 4 of the Freedom of Information Act (5 U.S.C. 552(b)(4)). The Board, however, may publicly release aggregate or summary information in a way that does not reveal the individual issuer.

Current actions: On November 19, 2020, the Board published a notice in the **Federal Register** (85 FR 73708) requesting public comment for 60 days on the extension, with revision, of the Government-Administered, General-Use Prepaid Card Surveys. The Board proposed to revise and streamline the FR 3063a reporting structure to reduce burden on respondents by deleting various questions, which are no longer necessary to support the Board's annual report. In addition, the Board proposed to discontinue the FR 3063b. The comment period for this notice expired on January 19, 2021. The Board did not receive any comments. The revisions will be implemented as proposed.
